Welcome to Massey College!

This guide will provide you with the necessary information and tips to help you navigate the 2025–26 year as a Massey Junior Fellow. This guide covers basic information about the College and the community. You will learn most about Massey College by engaging in formal and informal conversations with various members of the College, participating in different events and joining various committees. Finally, we are a tight-knit community including our dedicated staff, Senior and Junior Fellows, Quadrangle Society members, Alumni, Visiting Fellows, Scholars and Residents, and special guests, to the Principal. We are here to help you in every way we can. We hope you have a great year at Massey!

The Massey Community

Massey College was founded in 1963 for graduate students at University of Toronto, with the explicit purpose of pursuing the Public Good in fellowship with both academic and broader community members of society. At Massey College, we cultivate learning, leadership, and civil discourse for the public good, on issues of contemporary concern. To this end, the College provides a welcoming intellectual environment for the exchange of ideas and opinions. Its members form a multidisciplinary and diverse community which includes distinguished scholars, professionals, researchers, writers and community leaders. The governance of the College is conducted by the Governing Board, made up of the Principal and elected Senior Fellows. Its connection with the University of Toronto is recognized through ex-officio Governing Board membership of the University of Toronto President, and the Dean of School of Graduate Studies. Other members of the College community join in several Committees which report to the Governing Board. Self-governance of the Junior Fellowship is effected through the annual election of a Don of Hall, various officers and committee co-chairs.

For more information, visit the Massey College website at
www.masseycollege.ca

Principal's Welcome

As a Massey College Junior Fellow, you are joining a unique interdisciplinary and intergenerational community; a community whose function is to nurture learning, leadership, and civil discourse for the Public Good on issues of contemporary concern. Through respectful discourse among peers and Fellows and other members of the College from diverse fields, Massey College Junior Fellows are preparing to take the lead on critical issues that will affect our global future, which include the effects of Artificial Intelligence on Human Society, Canada's Role in World, and our fundamental Planetary Health.

Your curiosity, joyfulness, and commitment to the public good are the key drivers of this intentional community, and I urge you to

take full advantage of your time as a Massey College Junior Fellow. Engage in the many programmes and activities open to you: lectures, clubs, events, and of course meals! Daily lunches, weekly formal dinners, and monthly High Tables are the heart (stomach?) of the College, where both formally and — most importantly— informally we engage and come to know each other in community. At table, you may find yourself next to an astronaut on one side and an artist on the other, with philosophers, scientists, entrepreneurs, and academics joining lively conversations in the beautiful Ondaatje Hall.

This is your home. You chose and were chosen to be here, to contribute your special talents and unique personality to the community. Enjoy it to fullest! My sincere hope is that you and your wider Massey community will grow together as we engage the challenges and opportunities in our troubled but beautiful world.

Welcome to Massey College !

With all best wishes for a great year,
James Orbinski

Don of Hall's Welcome

Dear Junior Fellows,

Welcome home! Whether you're a brand-new Junior Fellow or returning for another year, whether you live at the College or commute from afar, I'm so glad you're here. Massey is a special place, not because of the building or the traditions alone, but because of the people who breathe life into it. And now, that includes you.

My name is Margaret de Leon (but you can call me Margie), and I have the tremendous privilege of serving as your Don of Hall for the 2025-2026 academic year. I am a third-year PhD student in Education, specifically interested in financial aid policy and College affordability. Massey has been an anchor for me during a time of big change in my life, a place where I've found friendship, community, and joy. I didn't expect to feel such a deep sense of belonging here, but I did. And I hope you will too!

As your Don of Hall, I represent the Junior Fellowship to the College's administration, and I work closely with Junior Fellows elected on committees of the Junior Common Room (JCR) to shape what life looks like here at Massey. Just as importantly, I'm here to listen, to support, and to help make sure everyone feels safe, welcome, and like they truly belong.

You don't have to do everything at Massey, and you certainly don't have to have it all figured out. Just come as you are: curious, kind, maybe a bit nervous (we've all been there!). This is a place where small ideas can make big changes, and where your voice can shape the life of the College and beyond. Whether you're leading a new initiative, helping behind the scenes, or showing up with intention, there are countless ways to make your mark here. Massey is the place to grow into the kind of leader, thinker, and community member you want to become. And however that looks for you, we're so lucky to have you here.

And finally, I ask this of each of us: let's take care of one another. Respect our shared spaces, show up with kindness, and look out for those around you. This College thrives when we treat each other with compassion and generosity, and I believe we're more than capable of doing just that.

I can't wait to meet you this year!

Warmly,

Margaret Constance de Leon

Don of Hall, 2025-2026

massey.doh@gmail.com

**Equity and Diversity Secretariat's Welcome**

Dear 2025-2026 Junior Fellows,

On behalf of the Massey College Equity & Inclusivity Secretariat, welcome to the 2025-2026 Junior Fellowship!

My name is Ashley Raghbir (she/her), and I am pleased to serve as the Equity & Inclusivity Secretariat Convener this year. The Secretariat is a single Governance Committee composed of four sub-committees: Accessibility, Anti-Racism, Gender & Sexual Diversity, and Truth & Reconciliation. As the Secretariat, the sub-committee Co-Chairs and I work together to advocate for an equitable, diverse, and inclusive experience at Massey College for all Junior Fellows.

In addition to facilitating both Junior Fellowship-oriented events and more broadly public-facing programs, our aim is to practice real solidarities across differences, collaborate meaningfully with one another, and model open and curious dialogue.

Our aim is to further strengthen the Junior Fellowship community in this commitment to equity, diversity, and inclusivity.

The Accessibility Committee strives to rethink access at Massey as a systemic and structural issue that undergirds the way the College has historically operated, and which continues to shape how mentally and physically disabled scholars live. At present and as with almost all institutions, scholars who need accessible accommodations are often unable to participate in College life—a tremendous loss to the entire College and Fellowship. Although the Accessibility Committee respects the historical architecture of the College, we endeavour to make visible and ameliorate the physical and social barriers at Massey, whether that be rethinking the difficulty of doing laundry with a physical disability, to how to prioritize mental health with the social pressures of College life, this committee delightfully welcomes any Junior Fellows who are interested in reimagining life at Massey that does not simply tolerate disability, but actively rebuilds its physical and communal structures to celebrate all members of the Massey Community.

The Anti-Racism Committee supports the continued and meaningful integration of anti-racist values and policies at Massey College. The Anti-Racism Committee seeks to address systemic and structural racism within the College, the University and our broader communities by facilitating programming that works towards safe(r) spaces, diverse voices, dialogue, and commitment to anti-racism and social justice. The Committee also celebrates and honours diverse communities with key events such as the invitations to scholars, writers, and artists to facilitate and or participate in programming at Massey.

The Gender & Sexual Diversity Committee aims to ensure that all Junior Fellows can live and work in an environment that promotes inclusivity and care for all gender and sexual identities. It seeks to open and maintain respectful conversations on issues related to gender identity and

sexual orientation through events such as film screenings, and safe-space conversations with Committee representatives. The Gender & Sexual Diversity Committee also works to provide relevant information and resources that can help us all negotiate the challenges and opportunities that arise from living, working, and being together.

The Truth & Reconciliation Committee is dedicated to fostering a deeper understanding and respect for Indigenous cultures, knowledges, and histories within the Massey College community. We aim to promote reconciliation by creating spaces for dialogue, education, and reflection on the impacts of past and present colonization and the journey towards healing and justice. Massey has a strong relation with the Mississauga's of the Credit First Nation, who regularly engage with the College and enable our learning through their active presence on Campus, the Ambassador program, the Chapel Royal designation of the Interfaith Massey Chapel, and other opportunities. We hope to start new initiatives commemorating the National Day of Truth and Reconciliation, host panel discussions, and workshops on decolonial practices. We invite all Fellows to join us in these efforts, to build a more inclusive and equitable community honouring the contributions and experiences and future visions of Indigenous peoples at Massey and beyond.

We are truly excited and motivated to work together this year and look forward to your engagement, participation, and feedback!

On behalf of your Equity & Inclusivity Secretariat,

Ashley K. Raghubir (she/her), Convener (ashley.raghubir@mail.utoronto.ca)

Lionel Massey Fund (LMF) Committee's Welcome

Dear Junior Fellows (JFs),

To both new and returning JFs- congratulations in joining the 2025/2026 Junior Fellow cohort! Returning JFs, welcome back! And to our new JFs, we welcome you with open arms, and please make yourself at home. The Massey community encompasses a diverse set of leaders, scholars, musicians, thinkers and artists.

We are the Lionel Massey Fund (LMF) Committee, made of 6 elected JFs. Our main responsibility is to enable each and every JF's participation in diverse social, intellectual and cultural initiatives at Massey.

This year, we hope returning JFs will warmly embrace the new cohort of JFs. As soon as you walk through the gate, we encourage you to study hard, create your own traditions, form lifelong friendships, and perhaps most importantly, enjoy the food. You will soon discover that during mealtimes, the Ondaatje Dining Hall is alive with noise, dense conversations, laughter, and animated voices. We encourage you to join us for meals as often as possible, as bonds are best forged over food.

In the first few weeks of the fall semester, the LMF has planned an orientation filled with bonfires, movie nights, board games, trivia, and other events. Here, you will meet other JFs and enjoy events organised by other JFs.

This multitude of scheduled events continues throughout the year. All JFs can host and participate in events throughout the year as the LMF supports Junior Fellow Initiatives (JFIs) and capital purchases. JFIs can be funded through a proposal of a budget of \$100 per proposal. These are then voted on by the LMF committee for budget approval. These events have included bonfires, board games, snowball fights, movie nights and more! You will also be invited to traditional LMF Committee hosted events that include the Halloween Party (which has a fierce pumpkin carving contest), Fall Coffee House, Winter Tea Hut, Winter Gaudy, and many more.

For now, to get involved, be sure to join the Massey email listserv, come to meals and events, and get involved with a committee or two! This community is shaped by the initiatives of JFs, and we are looking forward to what this cohort will bring!

Questions or suggestions? Please reach out to us at massey.lmf@gmail.com.

Best wishes,

LMF Committee, 2025–2026

Brohath Amrithraj

Evan Chan

Jacob Pittini

Sarah Semchism

Meet the LMF Committee Co-Chairs

Sarah Semchism (Pharmacy) (she/her)

Sarah is a fourth-year Pharmacy student who is currently completing her final clinical rotations. This is Sarah's 2nd year at Massey, and she is excited to continue to be a part of the Massey community and help plan fun events with the LMF this year! Sarah loves rock climbing, the outdoors, a good book, or checking out new cafes around Toronto. At Massey, you'll find her way too often in the Lower Library, or playing a game of pool in the Puffy Couch

Room. She is looking forward to meeting the new JFs and creating more memories at Massey!

Evan Chan (Music) (he/him)

Evan is a third-year PhD student studying music cognition. He is a foodie at heart (@hungrystudent_real), so if you ever need any restaurant recommendations, feel free to ask! He is also a boulder-bro-in-training and performing arts buff. Evan is looking forward to spending time with all the JFs and is beyond excited to see what lies ahead at Massey!

Brohath Amrithraj (Chemical Engineering) (he/him)

Brohath is a fourth-year Ph.D. student studying low-cost batteries for off-grid energy storage applications. He is extremely excited to meet you all and organise stuff throughout the year! He LOVES to play tennis, and also enjoys board games and chess. Unlike the others, he eats to live but they make him try new places

so he is a pseudo-foodie. He is (by that I mean, I am) also the self-proclaimed guardian of the pool table! When you do run into him, ask him what his favourite room at Massey is!

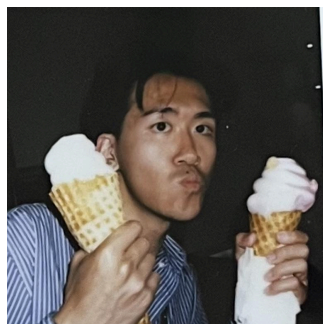

Jacob Pittini (Drama, Theatre and Performance Studies) (he/him)

Jacob is a third-year PhD student at the Centre for Drama, Theatre and Performance Studies specializing in audience studies and participatory theatre. In his free time he loves listening to his vinyl collection, watching movies at Revue cinema, doing trivia and playing games with friends,

and visiting museums around the world. Jacob has many ideas for exciting events and initiatives throughout the year and can't wait to share them with all the returning and new JFs!

Meet the House Captains

Patrick Lee, House I Captain

Hello! My name is Patrick, I am the House I Captain this year! I am transitioning into the PhD Program in the Department of Computer Science specializing in Human-Computer Interaction. When I'm not going down a Wikipedia rabbit hole, you can chat with me about the last movie you saw, where the good vintage pop-up markets are, and what it's like running around Toronto for way too long. I'm looking forward to getting to know all the JFs this year!

Del Coburn, House II Captain

Hi! My name is Del, and I am a new House Captain this year. I am entering the Sociology MA program, where I will be studying the ethics and sociality of Artificial Intelligence. Outside of academics, I am an avid musician (ask me to jam!) and a voracious reader - mostly sci-fi, fantasy, and philosophy. I am very excited to be a part of the Massey community and to meet new and returning Junior Fellows!

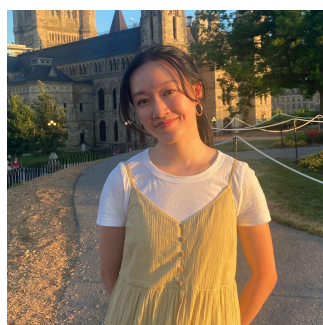

Tselot Tessema, House III Captain

Hello! My name is Tselot, and I am the House III Captain. I am entering my 3rd year of the PhD Program in the Department of Mechanical and Industrial Engineering. In my free time, I love painting, reading, biking, and spending time in nature. Looking forward to meeting all the new JFs and reconnecting with returning JFs.

Brohath Amrithraj, House IV Captain

Hey everyone! My name is Brohath, and it is my pleasure to serve as the Captain of House IV this year (some may say I am biased but I think it is the best house)! I am a Ph.D. student exploring low-cost batteries for off-grid energy storage applications. I enjoy playing board games, tennis, pool, and chess! I am excited to meet, and bring everyone together through fun events and initiatives throughout the year!

Erin Lou, House V Captain

Hi there! My name is Erin, and I am the House V Captain! I am entering my first year of the MD program with the Temerty Faculty of Medicine. In my spare time, I enjoy running, reading a good mystery book, and discovering new ice cream flavours! I cannot wait to meet and get to know all the JFs this year.

Equity Statement

Massey College is committed to promoting equity of opportunity in all aspects of its activities, and through its policies and procedures, the College seeks to advance equity of opportunity for people who share a protected ground according to the Ontario Human Rights Code. Among other code grounds, this includes disability, race, religion or belief, gender identity, sex, or sexual orientation.

The College is committed to meeting its equity duties through the adoption of appropriate policies and procedures in pursuit of the following objectives:

- (1) To promote equity in relation to access of College facilities.*
- (2) To promote equity in the matter of election of Fellows (Junior and Senior) and appointment of members of the Quadrangle Society. To this end, the College will:*
 - a. Take steps to widen participation and encourage applications to all categories of the Fellowship
 - b. Actively seek to remove or minimise disadvantages experienced on protected grounds and ensure that there is no intentional or unintentional bias in the evaluation of applications. However, in relation to decisions on election to its Fellowship, the College has regard only for scholarly ability, academic excellence, and outstanding community service.
- (3) To prevent harassment, victimization, and discrimination. To this end, the College will:*
 - a. Promote awareness and understanding through appropriate communication and training on equity issues amongst the Fellowship and the College staff.
 - b. Make specific provisions for receiving complaints and for following these complaints up through either reconciliation or other informal means or, when appropriate, by disciplinary proceedings.
- (4) To a practical extent while not compromising individual rights to privacy, monitor the election and composition of all levels of the Fellowship and College membership by reference to protected grounds*
- (5) To periodically review all College policies and procedures in respect to the College's commitment to equity.*
- (6) Make the College's equity statement and policies openly accessible through publication on the College's website and handbooks.*

Code of Conduct

- Please see [Code of Student Conduct University of Toronto \(U of T\)](#)
 - **Be kind and courteous**
 - **Leave shared spaces better than you found them**, especially kitchen and bathrooms.
 - **Foster safe spaces:** Feel empowered to disclose or report discrimination, racism, harassment, violence, and sexual violence as defined in the U of T guidelines as appropriate to your Don of Hall, Principal, Campus Security, or Sexual Violence Prevention and Support Centre (SVPSC).
 - If you are uncertain about your behaviour or the behaviour of others, feel able to reach out as appropriate, to your resources at Massey and U of T (including your Don of Hall, the College Registrar, the College Principal, the U of T SGS liaison, the resources listed in [Appendix A](#), and the relevant Massey Committees e.g. LMF, Accessibility, Gender & Sexual Diversity, Equity Diversity and Inclusivity Secretariat.
-

Sexual Violence Policy

Massey College is committed to maintaining safe spaces. The [UofT Sexual Violence Prevention and Support Centre \(SVPSC\)](#)(416-978-2266) training session in orientation week is mandatory and will take place this year during Orientation Week, on Wednesday September 3rd from 10 am - 12 pm in the Junior Common Room at Massey College.

If you witness an incident of sexual violence to another member of the College, report the incident immediately to SVPSC, or Campus Security.

You can disclose or report incidents of violence and harassment to SVPSC, Campus Security, or the local police. You can disclose incidents to the College Registrar, the Principal, to the Don of Hall, or to your LMF co-chairs, who will help you to access appropriate supports and accommodations, or take further steps.

Committing violence and harassment of any kind has serious consequences for your standing at Massey and UofT.

See [U of T Sexual Violence and Sexual Harassment policy](#).

Supports are available for those who have experienced sexual violence regardless of whether you decide to report the incident.

Concerned about getting home safely? [TravelSafer](#) is a free service offered by University of Toronto Campus Safety that is available 24/7 365 days a year. A Building Patroller or Special Constable will escort you to and from any location on campus and abutting TTC stations for added peace of mind. You can request a TravelSafer escort directly through the UofT Safety App on your cell phone. Download the UofT Safety App today on [App Store](#) or [Google Play](#), call Campus Safety Communications at 416-978-SAFE (7233) or visit 21 Sussex Ave, 1st Floor.

Physical Accessibility at Massey

Massey's modernist architecture includes steps, heavy doors, and other physical barriers, and the College's status as a Heritage property complicates structural changes to reduce barriers. The Accessibility Committee and the College Officers are implementing long- and short-term plans to improve accessibility on the grounds. These include the recent introduction of permanent and temporary ramps, and high contrast, reflective tape on steps to improve visibility.

Wheelchair accessibility is available from both gates of the College.

Contact the Porter to arrange assistance:

The Porter's Lodge Contact & Hours

Monday to Friday: 8:00 am - 11:00 pm

Weekends: 10:00 am - 4:00 pm

416-978-2895

porter@masseycollege.ca

Accessing spaces

Quad & Gates

- The Front Gate and Back Door are heavy and may require assistance to operate.
- The Doorbell to the right of the main gate rings the Porter's Lodge.
- The Intercom at the back door contacts the Porter's Lodge.
- There is a flagstone ramp leading into the foyer/JCR.
- Be advised that flagstones in the courtyard are uneven and slippery when wet and/or icy.

JCR, Upper Library, and Cloak Room

- The large doors to the Foyer have an automatic door button to the right of the door.
- The JCR is accessible by ramps in the foyer and the Cloak Room.

Dining Hall, Lower Library, & Basement

- The elevator to the Dining Hall, Lower Library, and basement is in the Cloak Room. It is very difficult to operate the elevator without assistance.
- Please let the Porter know when you would like to use the elevator.
- Partially accessible, single-user washrooms with grab bars are in the basement, next to the Lower Library.
- Washrooms in the foyer and basement are All Genders.
- There is a step to enter the basement kitchen and there are steps throughout the hallways in Houses I – V.
- There is low light in the Dining Hall at dinner for most of the winter.

Please be in touch with your Accessibility Committee at Massey, and [Accessibility services](#) at U of T for further information or assistance.

Fire and Safety Regulations

- All Guidelines of the University of Toronto Fire Prevention Office apply to the College.
- Call 911 in case of emergency. Call 911 or Campus Safety at (416) 978-2222 in case of safety, or security emergency. See [24/7 Crisis Lines and Support](#).

General safety

- Do not tamper with fire safety equipment, such as extinguishers and alarms. Any violations, which threaten the safety of other Residents, will be regarded as serious offences.
- Keep all common areas (hallways and stairways) clear of any obstructions (bicycles, tables, storage boxes, etc). If obstructions are found in these areas, the Building Supervisor will remove them.
- First aid kits are available in the cloakroom in the hallway between the Common Room and the Upper Library, and the Porter's Lodge.
- Update your next of kin & emergency contact information on ACORN (UofT's Student information system) at:
<https://help.acorn.utoronto.ca/blog/ufaq/what-is-acorn/>

Emergency Exits

- Exits are marked with green exit signs.
- Emergency exits are marked with green exit signs AND red warning signs.
- There are two emergency exits in every house marked with red signs, leading to the street. Only use the alarmed emergency exit doors in the case of emergency. If you wish to use these doors otherwise (i.e. moving) please contact the Porter or the Building Supervisor. See [Who do I ask about...?](#)

Smoking and Vaping is not permitted anywhere at Massey

- U of T is a [smoke Free campus](#). Smoking and vaping of any kind (tobacco, cannabis, etc.) is prohibited on UofT grounds including the entirety of the Massey College grounds including residence rooms, the quadrangle, outside of gates, except as a feature of Indigenous ceremonial activities.

Communications, Events & Funding

The Massey LISTSERV

Using the email account at which you intend to receive postings, send a message to listserv@listserv.utoronto.ca:

- Leave the subject line completely blank.
- In the body of your message, write: SUBSCRIBE MASSEY-L FIRSTNAME LASTNAME. (Where FIRSTNAME is your first name, etc. The command is not case sensitive.)
- The listserv will send you an email to which you must reply: OK

Being on the Massey listserv is important for knowing what is going on at the College – from all-College-activities, to announcements about upcoming College meetings and issues to job postings. You can also send an email to all members of the Massey community with one single email. A few things to keep in mind:

- Be nice.
- This is not a discussion forum, so try to avoid setting up ongoing dialogues
- Make sure your subject line is clear (e.g. messages from the LMF will start with [LMF] in the subject line). The listserv sees a great deal of traffic, and not everything is useful to everybody.
- Be aware that everyone in the community has access to the listserv. This includes the Quadranglers, Senior Fellows and even our Principal. And yes, they do read messages!
- What is appropriate? You can send an email just about anything you feel might be of interest to your fellow Masseyites. Whether you know of a good concert in town, need help with an issue, are looking for assistance on a project or are selling something useful, discretion is key.

Massey Events and Activities

Events, announcements, and important notices are announced by the administration via the Principal's emails to the community.

JF events are advertised by:

- Email
- WhatsApp (join the community using the QR code on the right or here is the [Link to Join](#))
- Listserv
- Posts on the bulletin board in the College's main lobby

If you are organising an impromptu outing or wish to let your fellow Masseyites know about events occurring within or outside of the College, you can request to post them on WhatsApp, and/or email using the listserv. There are also announcements at formal dinner every Monday and Wednesday. We suggest you check WhatsApp community, your email, and the bulletin board often.

All official events of the College are posted on the [masseycollege.ca/events](https://www.masseycollege.ca/events) page. Many require RSVP through that page, including the Welcome BBQ. Junior Fellows must RSVP to High Tables and other events on the Massey website (<https://www.masseycollege.ca>) or through the [Porter's Lodge](#).

How to Fund an Activity at Massey

The community is very much defined by the energy, creativity, and enthusiasm of all its members. There are always great ideas flying about, and almost daily you will hear someone (or yourself!) say things like, “Wouldn’t it be fun to get a bunch of people from Massey together to do ____?” It probably would indeed be fun, and fortunately the committees at Massey offer numerous sources of financial support for your awesome ideas. All Junior Fellows are highly encouraged to take advantage of them.

1. **Junior Fellow Initiatives (JFI)** are funded by the LMF, which sets aside a portion of funds each year for this purpose. Fellows should submit to the LMF a short description of their proposed activity, associated costs, and the amount that they are applying to LMF for (up to \$100). At its next meeting, the LMF will discuss and vote on whether to fund the proposal and the amount of funding most reasonable in each circumstance. In general, a JF initiative should be a purchase, service, or activity open to all (or at least most) of the community that in some way enriches or enlivens life at Massey. Previous successful initiatives include a hiking trip to Balls Falls, Diwali festivities on the Quad and new board games for the JCR. Submit your proposals to the [online JFI request form](#).
2. For more costly initiative’s, we have the **Quarter Century Fund (QCF)**. Proposals are accepted starting mid-fall. Fellows are invited to submit proposals to the QCF for purchases or services that benefit the entire Massey community. Previous successful QCF purchases include pepper grinders for the dining hall, a Zipcar membership, an AGO membership, and sleds.
3. **Committee Funds** are allocated annually by the LMF to many committees and clubs at Massey, listed in [Appendix D: Massey College Junior Common Room \(JCR\) Committees](#). The co-chairs of these committees may use these funds for any purchases or activities done on behalf of their committee for the benefit of the whole fellowship. Junior Fellows are welcome to approach committee chairs with ideas for committee activities. Committee funds have been used for everything from sports-watching snacks to national-themed dinner nights in the dining hall.

What if I want to hold an event at Massey?

Junior Fellows are welcome to hold events at Massey College! If you wish to host an event, please complete the following application form: [Junior Fellow Events at Massey College Form](#).

After you submit your form, notify the Registrar at amackenzie@masseycollege.ca for review and booking.

Junior Fellows have unlimited access (at no cost) to the following spaces for events, pending availability (see [here](#) for information on Massey spaces):

- The Colin Friesen Room
- The Lower Library
- The Round Room
- The Chapel

Please note that events of this nature cannot require staff set-up/ tear down or technical support. The LMF has two speakers, microphones, a mixer and a projector. TVs with HDMI cables are in the Private Dining Room and Round Room. Junior Fellows can use any of these items freely to support their events.

Junior Fellow-led events that are hosted in the Quad, Junior Common Room and the Upper Library must be open to the whole Massey Community and require approval from the Registrar. Some examples of appropriate events that fall under this category are The Junior Fellow Lecture Series, and the Winter Ball.

Notice Requirements:

- Events that are for **the whole Massey community** must be submitted for approval a minimum of three weeks in advance of the proposed date.
- Events **exclusively for Junior Fellows** must be submitted a minimum of two weeks in advance.

Dining at Massey

Check the updated weekly menu here: <https://www.masseycollege.ca/weekly-menu/>

	Weekdays		Saturday <i>Cafeteria Style</i>	Sunday/ Holiday
Breakfast	7:30 - 9:30 am <i>Cafeteria Style</i>		7:30 - 9:30 am	Closed
Lunch	12:15 - 1:30 pm <i>Cafeteria Style</i>		12:15 - 1:30 pm	
Dinner <u>*excluding high table</u>	Mon/Wed/High Table 6:30 - 8:00 pm <i>Formal Seated Dinner</i>	Tues/Thurs/ Fri* 5:30 - 7:00 pm <i>Cafeteria Style</i>	5:15 - 6:30 pm	

Since Massey College's founding in 1962, taking all formal and informal meals together in Ondaatje Hall has been the lifeblood of the Massey Community. This treasured tradition was interrupted by the public health requirements of COVID and a post-Covid

adaptation period, In September 2025 we return to this founding and enduring Massey tradition. All visitors, SFs on site at the College, and resident JFs are expected to eat breakfast, lunch and dinner meals in Ondaatje Hall (a request for an exception can be made directly to the principal).

The great benefit of informal and formal meals together is to invite conversation and fellowship with both known and as-yet ‘not-yet-met’ other members of the College community. Traditionally at Massey, one takes the next available seat, or starts a ‘new’ table. While there is no private dining in Ondaatje Hall, if people are having a planned lunch with guests, they tend to sit towards the tables at the furthest distance from the servery.

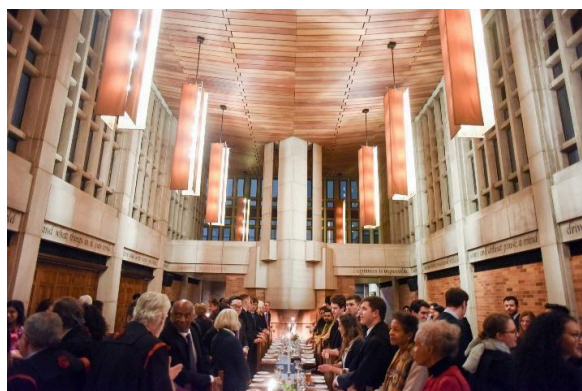

Use of cell phones, headphones or reading are not appropriate during meals.

All Junior Fellows must have their Massey Card scanned at every meal.

Non-Resident JFs are encouraged to dine at the College regularly (Non-resident JFs receive 4 non-transferable free lunch and dinner meals per month) .

For JFs or any College member inviting a guest to Massey, credit card payment is available for guests at informal lunches/dinners. Please continue to register guests for formal dinners.

During the academic year, if you’re late for breakfast, lunch or dinner, you risk not being fed. Please scan your Massey Card at the dining hall for every meal, or pay by debit or credit on the spot. (Pro-tip: keep a photo of your Massey ID QR code on your phone, in case you remembered your phone but not your wallet! Remember a photo or photocopy of a QR code works the same as the original card.)

No meals are served on Sundays, on statutory holidays, on days when the University is closed, and on occasions when Ondaatje Hall is being used for another event. On the rare occasion that dinner is cancelled for another booking, Massey will arrange a meal for resident Junior Fellows through delivery or reimbursement.

Ondaatje Hall caters regular, vegan, and vegetarian options at every meal and a list of ingredients used by the kitchen is available. Weekly menus are posted on the website, the dining hall, and on the College bulletin board. Contact kitchen staff directly about allergies, and other accommodations. Please be advised that the College may not be able to cater to every dietary request. See [Who do I ask about...?](#) There is no need to RSVP for lunch and guests are welcome.

For Non-Residents coming to a Monday or Wednesday Formal Dinner, please sign up using the Massey Website by 2 pm the business day before (i.e. Friday 2 pm for Monday, Tuesday 2 pm for Wednesday. Reservations are required for dinner guests and

should be made through the porter before 2 pm the business day before for regular dinners and up to 48 hours before for galas and High Table dinners.

Dining FAQ

Q: So...what are High Tables?!

A: High Tables are formal social dinners that happen at the College approximately once or twice a month. They are based on the Oxford and Cambridge College traditions in the United Kingdom, though our High Tables focus on the introduction and recognition of members of our community. Typically, High Tables begin with drinks in the Junior Common Room, then a formal dinner in Ondaatje Hall with wine, music, performance, speeches and dessert. Finally, there is reception in the Junior Common Room with after-dinner snacks and drinks. Some examples are: The seven High Tables during the academic year will highlight for example, a Welcome from the University President (who is a member of our Board); Clarkson Laureates; a celebration of Junior Fellows' Convocation, and invited guests, dignitaries and leaders active in issues of contemporary concern.

Q: What is a gown and why is everyone wearing one to dinner?

A: It is a College tradition that members of the Massey community wear academic gowns to formal dinners. As far as traditions go, it's a fun one we like to keep. There are two main types of gowns at Massey: Junior Fellow gowns which have a red rosette on the back, and Senior Fellow Gowns which have a red stripe as well as the rosette. Make sure you grab the gown without a stripe. Gowns are required for all formal dinners, though not required for informal dinners. It is not necessary for guests to wear a gown. You do not need to wear a gown to breakfast or lunch.

Q: Now that I know what a gown is, where do I pick mine up?

A: (For residents): Please pick up your gown from the porter and a deposit will be applied to your College account (to be credited when the gown is returned at the end of the year). Residents should know that we usually run out of small and extra-small gowns very fast, so run over to the Porter's Lodge quickly when you get the email from the Porter that gowns are available.

(For non-residents): Gowns are not assigned to Non-Resident Fellows, but may be borrowed for the duration of each event/dinner off the rack in the cloak room. Extra gowns will be available for dinners and High Tables in the cloakroom. Please ensure that you return gowns promptly after use. Those with their own academic gowns are welcome to use them.

Q: How formal are formal events? What do I have to wear?

A: There is no strict dress-code for formal events, the goal is that the community feel comfortable together at a formal event. You can wear your cultural attire; business casual with or without a tie; a dress; or jeans and a blazer. Or at occasions such as Monday and Wednesday Formal dinners, a T-shirt and jeans under your Massey gown. You will need to exercise your judgement, and if uncertain, ask others.

Q: As a non-resident, where can I get changed before formal events?

A: There are gender-neutral washrooms by the cloakroom and even larger washrooms beside the Lower Library.

Q: Where do I leave my coat and bag(s) during lunch and supper?

A: For lunch and cafeteria dinners, bringing your bag(s) into the Dining Hall isn't a problem. It's awkward if you bring bags to the table with you, so it is best if you leave it on the fireplace hearth or under the piano. For formal dinners, store your things in a locker, a carrel, or a friend's room. Leave your jacket in the coat room but not any valuables.

Q: Where do I sit at mealtimes?

A: At Massey, the general unwritten rule is that you take the next available seat until the table is full, and then start a new table. This can be next to a Junior Fellow, Senior Fellow, staff member, anyone who looks like they could use a meal buddy. We sit together for meals, which is one of the best parts of eating at Massey. (Of course, this doesn't apply in the case of tables reserved for organised language tables, or if you are having a planned meeting over lunch).

Q: Can I talk on the phone/check my phone during meals?

A: Typically, not a good idea. Definitely not allowed during formal dinners. If you must, please excuse yourself from the Dining Hall, and go to the stairs to take a call.

Q: Can I be late for formal dinner?

A: Formal dinners start promptly at 6.30 p.m. If you anticipate being late, you need to let the Don of Hall know ahead of time so they can reserve a spot for you. If you are late, quickly and quietly ask the Don if you can take a seat, and they may have a task for you to complete after dinner (sing a song, tell a joke, etc.), as a friendly reminder to avoid being late. If you will consistently be late, you can sign up for a cold plate.

Being late is taken seriously because formal dinners typically have a format, and the kitchen staff calculate exactly the number of portions to be served for formal dinners.

Q: As a non-resident, when can I come to meals?

A: Any time you like! Non-residents are always welcome to join at any mealtime. **Non-resident JFs receive four non-transferable free lunch or dinner meals per month.** Or they can pay on the spot with a debit/credit card.

Q: I am going to miss a dinner due to an on-campus event. What should I do?

A: If you are a resident and know that you will be away for any given dinner, sign up for a cold plate. Cold plate sign-up can be done every day at lunch for dinner the same day. You can ask one of the kitchen staff for the cold-plate sign-up folder if it is not on the table by the entrance of the Ondaatje Hall. You can then find your cold plate and brown bag labelled with your name with the porter or after hours, in the communal kitchen. Please follow Massey's cold plate etiquette, which is described on a poster in the communal kitchen.

Q: How do I sign up for a High Table? Can I bring a guest?

A: You can get tickets for a High Table through the event page on the Massey Website. On the site it is also possible to purchase a ticket for a guest. Make sure to get any tickets you need quickly as seats do run out! If you are being introduced at the High Table, you don't need a ticket, just accept your invitation!

Q: As a non-resident Junior Fellow, can I get coffee from the dining hall?

A: Yes, all Fellows are invited to get free coffee from the dining hall if there is none in the Junior Common Room.

Massey Accounts

As indicated in your residence and non-residence agreements, in September 2025 you will be charged a refundable key deposit fee and LMF fee. Resident Junior Fellows will also be charged for gown rentals (See [Appendix B](#) for fees).

Statements of account are prepared monthly and include incidental charges such as guests' meals and bar purchases. Please pay your account in full each month, or you will be charged compounding interest of 1.0% per month on any overdue amount. If you have any questions concerning statements or payments, please Contact the Assistant Bursar, Wing Lee at wlee@masseycollege.ca.

Standard fees schedules and payment methods are outlined in [Appendix B: 2025–26 Rates and Fees](#).

Bursaries

Massey College offers a variety of bursaries to eligible students. In addition to residence fees, food, and 5th year PhD student bursaries (awarded during the summer for the new academic year), emergency and travel bursaries may also be available. Travel bursary applications will be available on a rolling basis throughout the year and will be administered by the Registrar. For more information, please contact Alison Mackenzie (Registrar) at amackenzie@masseycollege.ca.

Massey College Spaces

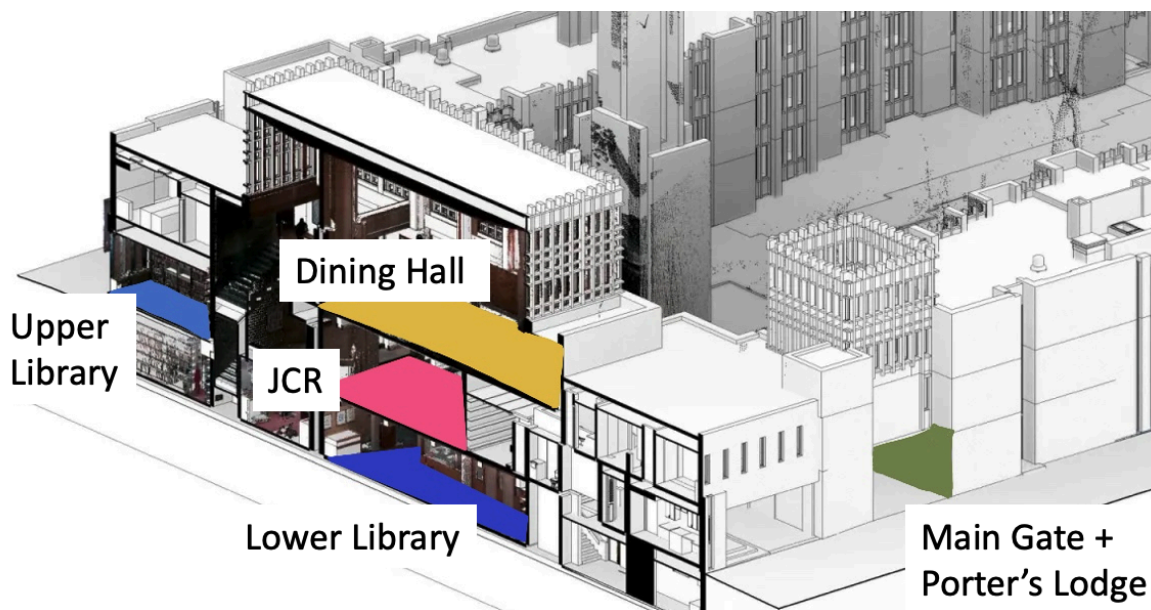

Image adapted from: <https://emgards.com/projects/massey-college/>

The Main Floor

The Porter's Lodge

The first stop for all who enter the College. Say hello to the Porter, sign up for a High Table, or check your mail! (See: [The Porter's Lodge Contact & Hours.](#))

Incoming mail for all College Fellows (including Non-Residents, Senior Residents, and Senior Fellows) is placed in the pigeon-holes in the Porter's Lodge. Large packages can also be ordered to the Lodge but be diligent to pick it up within 1 week. The Porter accepts outgoing mail destined for Canada Post or campus mail. Special deliveries may also be arranged with the Porter.

The Upper Library

The Upper Library has couches for reading. All the reading material in the Upper Library is available to the members of the College using the honour system. You can sign out books in the ledger by the door.

Ondaatje Dining Hall

Ondaatje Hall, our dining hall, is named after Sir Christopher Ondaatje, a Senior Fellow and benefactor. It is the main dining hall of the College and is used for daily meals by members of the Massey community and their guests, and for High Table dinners.

The Junior Common Room (JCR)

The Junior Common Room (JCR) is open to all members of the College community and their guests. The Coffee Cart is available weekdays, and a bar service is available before High Tables and on selected occasions. Only alcohol purchased at the JCR bar may be consumed in the liquor-licenced areas of the College. These areas are the Junior Common Room, Upper Library, Private Dining Room, Ondaatje Hall, and the Quad. When special groups are using the JCR, the bar remains open to serve members of the College.

Note: Ondaatje Hall, the Upper Library, the Private Dining Room, the Common Room and the College's excellent catering facilities are available to members of the Massey community for special meals and events at special rates. These rooms and the Round Room can be booked for meetings, receptions, lectures, religious services and seminars through the Director of Catering.

The Basement

The Robertson Davies Library (a.k.a. Lower Library)

The Lower Library is named after the founding Principal. Its main holdings are books and manuscripts illustrative of book art and history, complemented by several nineteenth century presses, and a rare books collection. A photocopier is also available through your Massey account number (which you'll get at the beginning of the year), and which is your password. Detailed instructions are on a sheet above the copier. For costs refer to Fees. The photocopier also functions as a **scanner** free of charge. Another scanner is available in the [JF Computer Room](#). To use the scanner, log in using your Massey account number.

The Massey Inter-Faith Chapel

The Massey College Interfaith Chapel has been part of the College since its founding in 1963. It welcomes all faiths and their denominations, including Christian, Jewish, Islamic, Hindu, Buddhist and Indigenous faiths and beliefs. Very significantly, the Massey Interfaith Chapel was also designated a Royal Chapel by Queen Elizabeth II in 2017 on National Indigenous Peoples' Day. As such, it is seen by the Monarchy of England and Canadian Indigenous Chiefs as a sacred space where both are equal before God, or Manitou. The Massey Interfaith Chapel is available to all who respect it as a sacred space for prayer, meditation and special services such as baptisms and weddings.

The Colin Friesen Room (a.k.a. The Music Room)

The Music Room contains a grand piano, digital piano, a drum kit, some percussion instruments, and a communal guitar. Please be advised that other instruments stored in the room (violins, cello, bass, flute, accordions etc.) are owned by Junior Fellows and are not for communal use. Do not put food and drinks on the instruments.

Non-Res JF Lockers & Study Carrels

The 36 non-res JF lockers are located underground between House II and III. JFs provide their own locks. Stay tuned for an announcement about locker assignments in the Fall, or contact the Non-resident Co-chairs.

The study carrels are located below House II. Non-Res JFs can apply for a carrel at the beginning of the school year. Carrels include desk, light, cabinets and drawers with locks. There is a scarcity of available carrels, so those who receive an assigned carrel will be expected to use them. The carrels will be allocated to maximise use, with priority going to JFs with a prior history of carrel use, those without other on-campus workspace and students finishing their PhD. Four carrels will not be assigned and will be “floaters” for non-resident JFs, usable on a first-come basis. Four others will be assigned to Visiting Scholars to the College. A map of available carrels will be posted across from the fridge in the carrels.

The JF Computer Room

The JF Computer Room includes one Mac and two PC **computers**, and a **printer**, along with the **communal Sewing Machine, Laminator, and Machine**. The room is shared and available to all Junior Fellows and is accessed by door code. Ask the Computing Committee Co-chair or a returning JF for the code, as we don’t post it anywhere for security reasons. The computer room is also a quiet room that can be reserved for up to one hour by Non-Res JFs to take virtual meetings while at Massey.

The Puffy Couch Room (PCR)

The Puffy Couch Room hosts a large screen TV, sound system, pool table, board games, video game consoles, ping-pong, and Foosball table. This space is for use by the Junior Fellowship. Please maintain the space for the next person to enjoy and discard any leftover snacks or popcorn from movie nights in the appropriate receptacles. Several Committees host events in the PCR, so be on the lookout for movie screenings and video game marathons.

A (very) brief Architectural History of Massey College

The College was designed by world-renowned Canadian architect Ron Thom. The College is just across the street from Robarts Library – the main library of the University of Toronto. It is located about as centrally as anything can be, in Toronto, and within easy walking distance of the most popular places downtown. The College is designated a historical building by the Toronto Historical Board – which means it is pretty and interesting and changing even minor details is incredibly difficult.

The south wing contains the Principal’s Lodging and Office, the Robertson Davies Library (which JFs call the “Lower Library”), the Upper Library, Ondaatje Hall, the Private Dining Room (PDR) and the Junior Common Room (JCR).

Residence rooms are in five houses that make up the other three sides of a quadrangle. Each Resident Junior Fellow is provided with a bedroom and adjacent private study, and shares a bathroom with one or two other residents

Junior Fellowship Logistics

Porter's Lodge

porter@masseycollege.ca

Meet James Ly (Administrative Assistant and Day Porter)

For those who are new members to Massey College, “Welcome!!!” and others who are returning, “Welcome back!!!”. It is going to be a fantastic year on Massey grounds come this fall. I will be going into my 5th year as the Head Porter & Admin Assistant here. I graduated from Ryerson Polytechnic University (now TMU), with a degree in Design – Fashion Apparel Production. I’ve taught English in Yokohama, Osaka and Tokyo, over 4 years and have been fortunate enough to have travelled extensively in North America, Europe and Asia. I had a successful jewelry line with a friend of mine – “Robert Von Ly”, where we sold to boutique stores in Yorkville (Toronto), Ottawa, London, etc. Featured on ET Canada, in various fashion magazines, and even had celebs from Nelly Furtado (Singer), Trish Status (WWE), Amanda Brugel (Handmaids Tale), etc. wear our pieces. After being involved/ working in the Fashion sector for about 3 decades, I moved on to Furniture/ Interior design, Healthcare (during the pandemic), and now in the Education sector.” The best advice I can give for anyone at Massey is to get involved. The more you put into everything that Massey College offers, the more you will get out of it.

A few reminders from the Porters Lodge:

- Everyone must sign in at the Porter's Lodge when entering the college. The only exceptions are staff, resident JFs, and people who work in an office at the College.
- Mail should be checked on a regular basis. We have mail slots in the Porter's Lodge and mail is placed alphabetically by first letter of the one's last name. If mail is not picked up within a reasonable amount of time, mail may be sent back (RTS = Return to Sender).
- All "Name Tags" from events/ High Table dinners are to be returned at the end of the evening. This includes Resident Junior Fellows as well.
- Replacement Massey Cards (if lost or stolen) will cost \$10.
- To avoid problems with ants and other insects or rodents, please keep your room as tidy and "food free" as possible. Crumbs and leftover food sitting out will attract some unwanted guests to your room.
- Everyone is welcome to drink coffee/tea from the servery of Ondaatje Hall until 8 pm every weekday.

Locked out after-hours

During porter hours, see the Porter. On evenings and weekends, contact your House Captain or the Don of Hall, or call the Campus Security non-emergency number (416-978-2323).

Lockers

If you don't want to keep your things or something heavy with you, a locked locker is the most secure option (in the basement between House II and III).

See [Non-Res JF Lockers](#). Do not leave valuables in the cloakroom.

Guests & Overnight Guests

All JFs can bring guests to Massey. You are responsible for your guests and their behaviour. Guests must follow all norms and expectations of the College. The Code of Conduct applies to all guests.

For overnight quests, the **overnight guests' policy** is in [Appendix B: 2025–26 Rates and Fees](#). For security reasons, all guests must be registered with the Porter. Guests may stay for a maximum of 3 weeks.

Laundry

The laundry room is in the basement, to the left of the communal kitchen. There are two High Efficiency washing machines and two dryers. All residents share these machines. Each wash cycle costs \$2 and each dry cycle costs \$1, Loonies (Canadian \$1 coins) & quarters only. Bring your own detergent/softener. Leave your contact info on the dry-erase board. Give the person ahead of you 10 minutes to move their laundry.

Wi-Fi

Massey provides a strengthened "UofT" network wireless signal throughout the building. Visit the [Information Commons Help Desk](#) website for Wi-Fi assistance

Residence Amenities and Furnishings

Residents are expected to keep their rooms in an orderly manner and be mindful of other JFs when using the shared bathroom. The housekeeping staff provide cleaning services to bathrooms and common areas once per day, bed linens, and garbage removal. Recycling bins are available in all corridors. Housekeepers do not enter JF rooms, so residents must place their garbage outside for pick up if needed.

Alternatively, garbage can be brought to the recycling area in the basement near House V. Please distribute your garbage and recycling across bins appropriately. Change of linens are also available for pick up in the basement. Please direct any concerns or questions about our household services to the Porter. For guests, residents are allowed to request a mattress, linens and towels from the Porter, with 48 hours of notice prior to guest arrival.

Each room contains a bed, desk, table, dresser, closet, bookshelves, chairs, and window blinds. Residents are responsible for keeping common areas and shared bathrooms clean and tidy. All Residents are responsible for room and suite security. A key fob to the College gates and a room key fob is issued to each Resident. Non-Residents may apply to the Porter for a gate fob. A refundable fob deposit applies. The College is not liable for any damage, loss or theft of personal property.

Value Village is an affordable source of additional furniture and accessories. JFs typically add desk lamps and standing lamps to their room. Small couches or tables usually fit, but we strongly advise that you see your room first before bringing in any extra furniture items or a larger bed (at your own expense – you will be responsible for your linens in this case).

Room Lottery and Room Sublet Policy

Room Lottery – All available rooms for the September through April academic year, will be entered in the room lottery in the following summer. If you move out during the school year, with approval, you can give your room to another Junior Fellow on a **temporary** basis, but that room will be entered in the lottery with the other vacated rooms in the summer. Application for any room exchange must be submitted, at least three weeks in advance, to the Registrar. By tradition, the Don of Hall and members of the LMF have the first choice of vacant rooms each year before the lottery takes place.

Room Subletting – A residence room at Massey College can only be sublet on a short term (8-weeks or less) with the advanced written permission of the Registrar and only to a member of the Massey community (i.e. another eligible Junior Fellow). If you wish to sublet your residence room at Massey College, you must first make the request to the Registrar. The person who sublets the room must be approved by the registrar and will be required to sign a contract with Massey College stipulating the terms of the sublet agreement.

Returning Junior Fellowship Process

Returning Junior Fellows are required to apply for renewal with their updated CV, a Student Status letter indicating their enrolment in full time studies for the upcoming academic year. These documents are used by Massey College administration to ensure that you are eligible to apply for renewal.

Returning Junior Fellows must also submit a cover letter. This is the only document that will be reviewed by the committee. Invitations to return will be sent out immediately after the recommendations to the Principal are reviewed.

Your Cover Letter will be up to one page in length and will include the following:

Basic Information

- Name, Program/ Division, Resident or Non-Resident Status & Date.

Contributions to College Life

- In what ways have you contributed to the pursuit of the Public Good at Massey College over the past year (consider describing your role and contributions in committees, working groups, or in leadership positions within the College, in professional events, mentorship, volunteering, social activities, clubs, or informal support of peers, etc.)?

Embodying the Mandate

- How have you demonstrated the values of leadership, learning and civil discourse, for the public good during your time at Massey this year?

Reflection and Intentions

- What has your experience as a Junior Fellow meant to you this year? How has it shaped your academic or personal growth? What are your plans for future contributions to the cultivation of the public good at Massey College?

Getting to Know University of Toronto

For more information about the University of Toronto, check the Grad Guide (available in your department) or ask your Buddy or another member of Massey. We've all had to get our T-Cards and are happy to help!

Although Massey College has several great study spaces including the Robertson Davies Library, the Upper Library, the Junior Common Room and Non-Resident Study Carrels, there are more than **30 libraries at the University of Toronto**. This is in addition to dozens of coffee shops and student spaces within walking distance of the College. Here are just a few recommended spots.

John W. Graham Library is at 3 Devonshire Place. Right across from Massey College in the Munk School of Global Affairs, the John W. Graham Library offers dark wooden desks and tables, couches and separately enclosed reading rooms with ample lighting. It's quiet for most of the academic year with late operating hours.

Caven Library at Knox College, 59 Saint George Street. The Caven Library has a reading room with scenic views of campus. It is a quiet place for studying.

Hart House Library at 7 Hart House Circle. Located on the second floor, the Hart House Library has comfortable seating and scenic views of the front campus.

Lillian H. Smith Toronto Public Library at 239 College Street. Apart from holding substantial science fiction and children's books collections, the Lillian H Smith Toronto Public Library is a four-storey building with study spaces including desks, chairs, couches, computers and free wireless internet. The Library is a great space to escape the local U of T crowd and is close by numerous eateries and coffee shops.

Robarts Library also has study carrels that are distributed in the Fall. More information [here](#).

Appendix A: Health, Wellbeing, Safety, and Accessibility Resources

This appendix compiles some of the physical and mental health and safety resources available to you on- and off-campus.

Unsure of where to go for your mental health needs?

Ask [Navi](#), your tool for navigating mental health resources at UofT.

You can also ask your Don of Hall, Principal, Bursar, or Residence Coordinator, or contact any member of the LMF for support in navigating these resources.

UofT Associations, Student Organisations & Equity Offices

Organisation	Goals/Purpose
Black Students' Association	Education and empowerment of Black-Canadian and international community. Fosters black cultures through community interaction and outreach.
First Nations House	Provides culturally relevant services to Indigenous students in support of academic success, personal growth and leadership development.
Student Life (General)	Evidence-based, student-centred professional practice and strategies to support, engage and challenge students. Mentorship and leadership workshops, multifaith centre.
Graduate Students' Union	Advocates for and engages Graduate students across all disciplines. Offers health and dental insurance and various grants and bursaries.
U of T Hillel	Provides opportunities for students to explore Judaism and Jewish identities.
Christian Students' Association	Fellowship, Bible study, prayer, and social gatherings.
Muslim Student's Association	Represents the needs of Muslims on and off campus, including prayer space, mentorship and academic advice.
Sexual & Gender Diversity Office	Innovative education, programming, resources and advocacy on sexual and gender diversity for students.
Anti-Racism and Cultural Diversity Office	Drop-in Services, workshops and education resources.
For a complete list of on-campus organisations, please see: https://sop.utoronto.ca/	

Appendix B: 2025–26 Rates and Fees

	Junior Fellows' fees - Residents		Junior Fellows' fees - Non-residents	
Installment payment option:	Payable at acceptance Payable September Payable January Total payable	1,000 11,782 6,500 19,282	Total fee	981
Monthly payment option:	Payable at acceptance Sept. - March (7 months total) Total payable	1,000 18,634 19,634	Junior Fellows' Other Fees	
Prepayment option:	Payable at acceptance Payable not later than July Total payable	1,000 17,937 18,937	Gown rental LMF levy Key deposits	75.00 45.00 100.00

	Junior Fellows	Others
Colour print per page	TBD	TBD
Black and white print per page	TBD	TBD

Note (1) A 2.0% processing fee will be applied for Visa and Mastercard credit card payments toward term fees.

Note (2) Current journalists and alumni who graduated within 5 years will enjoy the JF meal rate.

Note (3) Guests of Junior Fellow are charged at the regular rate except where pricing is stated.

Note (4) Resident Junior Fellows are permitted to have a guest in their room for up to three weeks during the academic term. Please provide notice to the Porter to prepare for your guest's arrival. Any guest meals must either be purchased or charged to your account.

Note (5) No charge for Carrels or Lockers for current Junior Fellows; Run by Non-Resident committee.

Payment Methods

There are five ways to pay your Massey bills.

1. Cheques should be made payable to “Massey College” and sent to the attention of the Bursar’s Office. A charge of \$25 will be levied for cheques returned by the student’s bank for any reason.
2. Debit Card payment can be made in person at the Bursar’s Office (House V Room 1) during office hours.
3. Online e-transfer payments may be made through your own Canadian bank site to the Bursar’s Assistant, Wing Lee: wlee@masseycollege.ca. Please note that there is a maximum limit on how much the College can receive on e-transfer amounts. If the limit is exceeded, the College may have to accept the payment over a few days. This does not affect your payment, just the College’s processing time of the payment.
The College is registered for auto-deposit and therefore no security questions are required. If the account from which you are sending funds does not match your name, kindly send confirmation of payment to Wing Lee.
4. Online Banking can be used if you bank with CIBC, TD, BMO, RBC, or Scotia Bank. Please search and add Massey College as a payee at any of these banks. Follow by adding the account number that is given on your account statement that you will receive every month via email. Simply, it is the same way as you would pay your monthly bills.
5. Credit card payments (Visa or Mastercard only) can be made in person at the Bursar’s Office during the regular office hours. To save on expensive credit card transaction fees, it is preferred that cheques, debit, online banking or e-transfer payment methods be used. Please note if paying off academic term fees, there will be a 2% charge for using a credit card.

Appendix C: Members and their roles at the College

The **Principal** is the chief executive officer of **the Board of Governors** and College who, together with those Senior Fellows, ex-officio U of T Members (U of T President and Dean of Graduate Studies) Don of Hall, former Don of Hall, Alumni and Quadrangle Society members elected to the Governing Board, governs the College.

The **Visitor** is the College ombudsperson and also fulfils important constitutional and ceremonial functions.

Senior Fellows are elected from prominent representatives of both academic and community interests at the University of Toronto and from the wider community.

The **Quadrangle Society** includes distinguished community leaders from outside of academia. It bridges the broader community beyond the University and the College. Members are drawn from the Arts, Government, Politics, the Private Sector, and the non-Governmental Sector.

Alumni are former Junior Fellows, Journalism Fellows, Visiting Scholars and Senior Residents and serve on major committees. They have an association (Massey College Alumni Association) led by a Council, and continue to participate in College life and support it financially.

Senior Residents and **Visiting Scholars** are distinguished scholars and community professionals from across Canada and around the world. Invited by the Principal, they either have designated offices at the College or

otherwise contribute to College life throughout the year, and can represent any occupation or academic discipline. The **York/Toronto Metropolitan University/OCAD, Western Visiting Fellows** are a faculty member on sabbatical from their respective university, who is chosen to spend the year at Massey College contributing to College Life.

William Southam Journalism Fellows are outstanding Canadian and international journalists, in mid-career, selected for a sabbatical year at the College to engage in in-depth research in an area of interest, study at the University of Toronto and share their work with the Massey Fellowship.

The **Writer-in-Residence** (January-April) is a renowned Canadian writer chosen by the College and the University's Department of English to spend a term at Massey and the University. They teach weekly creative writing classes.

The College, in association with the School of Graduate Studies, participates in the **Scholar-at-Risk program** in offering humanitarian assistance to Junior and Senior academics and outstanding students caught in violence or ideological repression in their own countries.

The **Social Changemaker in Residence** is a professional figure in the world of Equity and Inclusivity who helps Junior Fellows in developing the skills necessary to lead and foster equitable, diverse and inclusive environments.

The **College Officers** work with the Principal in the governance and management of the College and include the CAO and Bursar, the Librarian, the Registrar, and other Senior Staff.

Junior Fellow Roles and Committees:

Junior Fellows are full-time students registered with the School of Graduate Studies of the University of Toronto, or pursuing graduate academic studies, or professional degrees such as dentistry, law and medicine. They must apply to the College for election by the Governing Board. Up to sixty Junior Fellows are resident and approximately eighty are non-resident each year.

The **Don of Hall** acts as a representative of the Junior Fellowship and serves on the Board of Governors as an intermediary between Junior Fellows and College officials. The Don is elected each spring by Junior Fellows, and serves for one academic year.

The **Residence Coordinator** is a Junior Fellow who works with the Registrar and

other College staff as needed, to build student-life initiatives, support the work of the Don of Hall, address overnight emergencies, and help to ensure the safety and security of the residents.

The **House Committee**, chaired by the Don of Hall, addresses issues of concern to the Junior Fellowship. Almost all aspects of life at the College are discussed at House Committee meetings, which are open to any Junior Fellow who wishes to attend. Agendas specifying the place and time of meeting along with the issues to be discussed are posted in advance and emailed over the listserv. Meetings will also be announced at preceding dinners. At least two of the Committee's eight members must be Non-Residents. Four of the members are elected in April, and three are elected in the fall. One of the members is appointed by the LMF and one by the Secretariat.

There is a **House Captain** for each House. Captains are designated Junior Fellows who lead and provide support to Junior Fellows in their given House.

Appendix D: Massey College Junior Common Room (JCR) Committees

Review the list of activity committees below before the Fall JCR meeting and decide if there are any positions for which you would like to run for election, or committees that you'd like to join as a member. Fellows are strongly encouraged to contribute their efforts and talents to community life. JCR College committees have been formed to cover a wide range of interests and to maintain input from the Junior Fellows into Massey activities and administration. Some committees require elected representatives, while others run on goodwill alone. Elections are held in mid-September and in mid-March.

The **Lionel Massey Fund (LMF)** promotes social, cultural, and intellectual life within the College, and organises a wide variety of activities. The LMF provides financial support for other committees and supplements the costs of explicitly Junior Fellow Massey events, such as the Winter Ball. Junior Fellows contribute to the Fund by paying a fee (See Appendix A) at the beginning of the academic year. This budget is presented and voted upon at the Junior Fellow elections at the beginning of each term, and a second budget report is presented at the spring elections. The LMF committee is led by Co-Chairs who are elected in the spring.

The **Equity and Inclusivity Secretariat** seeks to advance equity and inclusivity in all matters concerning the fellowship working to ensure to that everyone feels welcome and comfortable in all aspects of College Life. It is made up of the Co-Chairs of the Accessibility Committee, the Diversity Committee, Truth & Reconciliation, and the Gender & Sexual Diversity Committee. The **Accessibility Committee** aims to raise awareness of, and address barriers to, physical accessibility at Massey. Past

achievements include: performing an accessibility audit of the College grounds, adding reflective tape to the main stairwells, and switching to high-contrast paper towels in the washrooms. In addition to our individual committee work, the Accessibility Committee forms one-third of the Equity and Inclusivity Secretariat. We happily welcome any Junior Fellows who are interested in improving physical accessibility at the College to join the Accessibility Committee! The **Truth & Reconciliation Committee** is dedicated to fostering a deeper understanding and respect for Indigenous cultures, knowledges, and histories within the Massey College community. We aim to promote reconciliation by creating spaces for dialogue, education, and reflection on the impacts of past and present colonization and the journey towards healing and justice. The **Gender and Sexual Diversity Committee** exists to promote an inclusive community by providing and facilitating education and action on issues related to gender and sexual orientation. Activities in the past have included panel discussions and documentary showings. The

Anti-Racism Committee works toward achieving inclusivity and equity as core values of the College to be respected in all of its activities. It promotes the discussion of issues concerning diversity at Massey College and seeks to challenge structural barriers to making the College a more inclusive space. Further, it organises events throughout the year, including the Accessibility 101 Workshop during Orientation Week. The Diversity Committee is also looking into organising seminars throughout the year, to respond to any Fellows' concerns with respect to diversity and inclusion.

Massey Grand Rounds: Massey Grand Rounds (MGR) is a committee dedicated to the health and biomedical sciences. Each academic year, the committee hosts several events, including the annual MGR symposium and private meals with distinguished guests. These events facilitate an intimate discussion of science, medicine, career development, and much more, providing an opportunity for Junior Fellows to receive insightful mentorship from our distinguished guests.

Junior Fellow Lecture Series (JFLS): The Junior Fellow Lecture Series is one of the College's signature interdisciplinary events. Roughly once a month during term, Junior Fellows from different academic backgrounds are asked to create and deliver a short talk from the perspective of their own studies while all speaking on a common topic. Topics from the past year included "What's in a Name?", "The Beginning", "War, What is it Good For?", and the ever-popular "Sex, Drugs, and Rock &

Roll." By challenging Fellows to think creatively about their own discipline's relationship to the topic, we poke fun at the boundaries between spheres of the academy and try to generate unconventional dialogue between different fields of study. We are especially interested in hearing from new Junior Fellows in their first year at the College, so get the attention of the co-chairs during Orientation Week and let us know if you're interested in speaking.

Massey Talks: The Massey Talks Committee promotes thought provoking discussion across the different parts of the College fellowship. Over numerous events throughout the year, we will bring together Junior Fellows, Senior Fellows, and Quadranglers to present, discuss, and explore several different topics in an attempt to share perspectives and knowledge across the fellowship. Previous topics have included climate change, community service, and social entrepreneurship. The whole college community is encouraged to attend and for some events, the invite may be extended to the broader community.

Audeamus: Audeamus is the annual literary journal of Massey College, a publication that brings together the poetry, visual art, and short stories (fiction, nonfiction, and those that trouble the border between the two) of the Massey community. All affiliates of the College, including but not limited to fellows Junior and Senior, alumni, Quadranglers, and writers-in-residence, are invited to submit their work. If editorial work is more your cup of tea, there will also be opportunities for Junior Fellows to get involved as members of the annual submissions-review board.

Feel free to contact the Audeamus co-chair for more information in person or at audeamus.massey@gmail.com.

Library Committee: One Junior Fellow is elected in the fall of each year to work with the College Librarian and to be a liaison between the library and the Junior Fellowship. This individual is a voting member of the larger Robertson Davies Library Committee, which includes representatives from the College administration and the collaborative program in Book History and Print Culture.

Massey Choir: After extended hiatus due to the pandemic, the Massey Choir is seeking new members again. All Massey community members are welcome to join. No training is required, and no experience is necessary. The choir meets weekly and performs at official events such as High Tables and the Winter Gaudy.

Massey College Tutoring and Mentorship Program: The Massey College Tutoring and Mentorship program, in collaboration with the Toronto District School Board, is a community outreach program that provides students from nearby urban secondary schools with an opportunity to receive weekly one-on-one after-school tutoring and mentoring at Massey College. Founded in 2001, the program intersects Massey College's founding commitments to nourish learning and serve the public good. The program is committed to working with students from underserved communities. Both Non-Resident and Resident Junior Fellows are invited to participate. Please note that prospective tutors/mentors are required to submit a vulnerable sector police reference

check. Interested fellows are encouraged to apply for a reference check before September to account for police processing times. More information will be announced via the Massey College Listserv, and at an information session for all interested Fellows in the fall. The Tutoring and Mentorship Co-Chairs are elected at the spring elections.

Community Service Committee: The Community Service Committee (CSC) seeks to inspire a culture of volunteerism and community engagement at Massey College. Our goal is to make a meaningful difference in the lives of people, both locally in our Toronto communities, and more globally in Canada and abroad. We are regularly involved at our local soup kitchen ('Out of the Cold'), and participate in blood donation clinics, clothing and food drives. Additionally, we organise the Robbie Burns Charity Talent Auction, a lively and entertaining event, where the talents and wares of Masseyites are used to raise funds for different charity organisations. We also engage with our international community through the annual 'Gown Run,' to support the Scholars at Risk Program. One co-chair is elected in the spring and the other in the fall. We also welcome additional members to our planning committee.

Community Liaison Committee: JFs co-exist in the Massey-sphere with our other factions: alumni, Quadranglers and senior fellows. These factions are sometimes at odds, but we all want to be a part of this intellectual community. The CLC works to find ways to unite us all amidst our differences.

Environment & Sustainability

Committee: The Environmental Committee oversees environmental concerns within the College including recycling and food waste, and hosts outdoor excursions and educational events.

Health Committee: Formerly known as the Food, Health and Sports Committee, the Health committee addresses food-related issues, events, and activities in the College, ranging from the style of peanut butter served at breakfast to special dinner menus throughout the year. It meets with the Bursar and the Director of Catering regularly to discuss the food we eat, can eat, and would like to eat. The health committee also promotes health awareness and accessibility to health services amongst the Junior Fellows. Events include nature hikes, stress coping sessions, and mental health awareness. It also coordinates and promotes sporting activities both within the College and the broader community. Participation and spectatorship are encouraged!

Non-Resident Committee:

Non-Residents are an important part of Massey College, and the Non-Resident Committee exists to ensure they have every opportunity to participate in and contribute fully to the life of the College. The Non-Resident Committee is responsible for assigning lockers and carrels at the beginning of the year, as well as encouraging attendance at Non-Resident Dine in Hall dinners and arranging social events accompanying the dinners; many of these events are coordinated in conjunction with other committees and programs, such as the

JFLS. Please contact us with any suggestions you have for improving non-res life!

Admissions Committee: The Selection Committees meet in the spring to review applications and recommend new Junior Fellows to Massey College. There are four division-based Selection Committees: humanities, pure sciences, health sciences and social sciences. Representatives are elected in the spring and must be about to graduate into alumni status.

Special Events: The Special Events Committee is responsible for overseeing events and outings open to all Fellows. Examples include organizing trips to concerts and other performances with tickets gifted to the College.

Computing Committee: Some tech savvy JFs who have volunteered to help with general computer problems like connecting to the WiFi, joining the listserv, and managing the JFs' printer.

PCR Committee: An amalgamation of the former Committee for the Appreciation of Televised Sports and Committee for the Appreciation of Netflix and Television, this committee aims to unite Puffy Couch Room (PCR) dwellers. PCR dwellers enjoy televised movies, television, sports and gaming!

Massey Wear: The Clothing Committee selects Massey embroidered clothes and accessories for sale to the College community. Items offered in previous years have included scarves, hoodies, boxer shorts, travel coffee mugs, bow ties and cufflinks.

Many of the best events and programs at Massey are inspired by Junior Fellow interests within and beyond the aforementioned committees. Want to share an interest or an event you are hosting with other JFs? Post it on the bulletin board, send it to the listserv, make an announcement at dinner, and post it on the WhatsApp community. Does your event need funding? See [How to Fund an Activity at Massey](#).

Some existing programs and activities that aren't performed by Committees include:

Language Tables: While Language Tables aren't currently official committees, any Fellows who wish to practice a language may reserve a table during dinner or lunch in the Hall. In the past, tables have been formed for Mandarin, French, German, Hebrew, Japanese, Russian and Spanish. Language tables meet on a regular basis or for special events (Chinese New Year, for example). Special arrangements can sometimes be made through the Health Committee for particular menus or wine. If you are interested in forming a table, post a sign-up sheet on the bulletin board, send an email to the listserv or speak to the Don or one of the LMF co-chairs.

Massey is Lunch: Making connections between the various Massey community members—Junior, Journalism, & Senior Fellows, and Quadranglers—is an important part of the College experience. The idea behind this lunch series is to make it easy to bring the groups together, over casual meals at Massey. For up to three meals a week, volunteering Junior Fellows will host Senior Fellows throughout the academic year. Keep an eye out for announcements from the Junior Fellows on the WhatsApp Community and/or the bulletin board. All the guests typically gather in the Junior Common Room by 12 PM and head upstairs to the dining hall.

Appendix F: 2025 Spring Committees

Spring positions are elected in the Spring and serve over the coming (Summer and) Fall terms, whereas Fall positions are elected in the Fall and serve over the coming Winter term.

ELECTED ROLE	SPRING POSITION	FALL POSITION
Don of Hall	Margaret de Leon	/
Alumni Liaison	Georgia Hadjis	/
Library Committee	Marissa Herzig	Robbie Steele

GOVERNANCE COMMITTEES

Appendix G: 2025-26 Junior Fellows Listing

2025-2026 Junior Fellows, grouped by House, alphabetized by first name.

House I

Ai Liu	PhD in Architecture, Landscape, and Design	1
Alec Krawciw	Robotics Engineering	1
Antoney Bell	History	1
Benjamin Keizer	Biomedical Engineering	1
Carlos Sanchez Pimienta	Social and Behavioural Health Sciences	1
Catherine Stratton	Epidemiology	1
Chantel Campbell	Biomedical Engineering	1
Chen Zhong	Political Science	1
Fernando Yanez	Computer Science	1
Jane Zhao	Health Policy	1
Keagan Rankin	Civil Engineering	1
LeAnn Onyegbula	Law, Global Affairs and Public Policy	1
Margaret de Leon	Education	DoH, 1
Mingyur Paldon	Social Justice Education	1
Minori Narita	Mechanical and Industrial Engineering	1
Mohaddeseh Abdolhosseini	Applied Science and Engineering, Civil Engineering Department	1
Mohammed Alsadeg Saber Ahmed	Chemical Engineering	1
Mustafa Kanchwala	Electrical and Computer Engineering	1
Omnia Elebyary	Dentistry	1
Patrick Lee	Computer Science	HC, 1
Raylene Mitchell	Mechanical Engineering	1
Saadi Hamed	Education	1
Sajal Mohsin	Health Informatics	1
Sarah Semchism	Pharmacy	LMF, 1
Sina Sayyad	Medicine	1
Sonali Ravi	Law	1
Stoyan Hristov	Industrial Engineering	1
Surah Jalil	Political Science	1

Tushar Sood	Medicine	1
Zoe Crookshank	Aerospace Science & Engineering	1
Zohra Zahir	Geomicrobiology	1

House II

Abhishek Moturu	Computer Science	2
Aidan Mitchell Boudreau	Law	2
Armaan Fallahi	Medicine and Neuroscience	2
Benjamin Rabishaw	Environmental Science: Climate Change Impacts and Adaptation	2
Chaitanya Ahuja	Civil Engineering	2
Del Coburn	Sociology	HC, 2
Delaram Farzanfar	Psychology	2
Eric An	Medicine	2
Erina Moon	Information	2
Evan Chan	Music	LMF, 2
Ikran Jama	Law	2
Labiba Naeem	Comparative Literature	2
LaShawn Murray	Industrial Engineering	2
Lynda Wo	Dentistry	2
Maggie Chang	Environment and Sustainability	2
Marianne Lahaie Luna	Human Geography	2
Marjan Naghshbandi	Mechanical and Industrial Engineering	2
Micaela Forte	Social and Behavioural Health Sciences	2
Olanrewaju Adetunji	Chemical Engineering and Applied Chemistry	2
Pietro Bonaccorsi	Management	2
Pragati Sharma	English	2
Rachel Tyli	Laboratory Medicine and Pathobiology	2
Renee Sirbu	History and Philosophy of Science and Technology	2
Riley Yesno	Political Science	2
Rowan Munson	Information	2
Senthujan Senkaiahliyan	Health Systems Research	2
Shaurya Gupta	Biomedical Engineering	2
Wanekia (Kia) Dunn	Faculty of Law	2
Wazhma Rahmani	Global Affairs	2
Zheming Cai	Architecture, Landscape, and Design	2

House III

Aden Ahmed	Counselling Psychology	3
Artjom Gavryshev	Global Affairs	3
Arvind Krishendeholl	Political Science	3
Asha Mudie	Architechure	3
Bay Bahri	Health Informatics	3
Benjamin Pulver	Art History	3
Cameron Sparling	English	3
Cecil Chikezie	Biomedical Engineering	3
Cindy Chen	Aerospace Engineering	3
Dominique Vervoort	Health Systems Research	3
Emma Moss	Music Theory/ Orchestral Conducting	3
Hafsah Siddiqui	Urban-political Geography	3
Jacob Pittini	Drama, Theatre and Performance Studies	LMF, 3
Kay Wu	Medicine	3
Lauren Barnes	Art History	3
Lya Chinas Serrano	Chemical Engineering and Applied Chemistry	3
Marcin Janczak	French Literature	3
Megan McKinnon	Law	3
Nancy Tahmo	Public Health Sciences	3
Navona Calarco	Medical Biophysics	3
Nermin Hamdan	Civil and Mineral Engineering	3
Rodginie Dorcent	Counselling Psychology and Global Mental Health	3
Sara Esayas	Law	3
Sara Maqsood	Law	3
Shawn Meikle	Industrial Relations	3
Syeda Hasan	Faculty of Law	3
Tselot Tessema	Human Factors Engineering	HC, 3
Utkarsh Mali	Physics	3
William Layng	English	3
Yizhou Zhang	Drama, Theatre and Performance Studies	3

House IV

Alexander Wainwright	Physics	4
Alison DCruz	Higher Education	4
Amy Mauger	Religion	4
Anne-Marie Fowler	Study of Religion	4
Ashley Raghubir	Art History	4
AT Craig	Political Science	4
Basile Favel	Medicine	4
Batu Kaya	Neuroscience	4
Braedon Petz	Law	4
Brohath Amrithraj	Chemical Engineering	LMF, HC, 4
David Gren	Health Administration	4
Emma Avery	Medicine	4
Felix Menze	Medical Biophysics	4
Ferdinand Reke Avikpe	Biomedical Engineering	4
Guoliang (Bond) Zhang	Criminology	4
Kaushar Mahetaji	Information	4
Lauren Lindfors-Bruno	Law	4
Marissa Herzig	English Literature	4
Megh Rathod	Biomedical Engineering	4
Mohammad-Amin Azad-Armaki	Chemical Engineering,	4
Nayani Jensen	History and Philosophy of Science, and Technology	4
Noah Khan	Social Justice Education	4
Bhavnoor Pannu	Health Policy	4
Olubiyi Ariba	Political Science	4
Peter Zhang	Law	4
Rachel Cripps	Philosophy	4
Silvia Castilla Montagut	Earth Sciences	4
Titilola Aiyegbusi	English Literature (African Canadian Studies)	4
Wenyi Qian	Art History	4
Zichuan Gan	Comparative Literature	4

House V

Anudari Zorigtbaatar	General Surgery (residency) - Clinical Epidemiology (graduate degree)	5
Aparna Raghu Menon	Social and Behavioural Health Sciences	5
Chloe Gordon-Chow	Curatorial Studies	5
Deanna Zantingh	Ecological Theology	5
Dylan McKibban	Classics	5
Emmanuel Taiwo	Environmental Science	5
Erin Lou	Medicine	HC, 5
Evan Tanovich	Law	5
Isabelle Zhu	English Literature	5
Jessica Bo	Computer Science	5
