

People around the world express their values and beliefs in many ways.

We have been learning about many ways that people show their beliefs and values.

Prepare a presentation about how people show their beliefs and values. You will use photographs from our field trip to help you.

Suggestions:

1. Look for similar artefacts in each place of worship.
2. Do a detailed study of one place of worship.
3. Collect photographs of different things that interest you.

You will present your work next Tuesday.
