Privacy Policy of Magicall

Thank you for using Magicall.
This SERVICE of Magicall App is provided at no cost. These terms of service (the "Terms") govern your use of Magicall application(the "App", so please carefully read them before using the App.
By using the App you agree to be bound by these Terms. Protecting your privacy is really important to us. Therefore, we are providing this Privacy Policy to explain our practices regarding the collection, use and disclosure of information that we process in the course of our business, including information we receive through our Services and other online or offline offerings. This Privacy Policy does not apply to any third-party websites, services or applications, even if they are accessible through our Services.

Use of Information

The Privacy Policy is intended to describe our practices regarding the information we may use when you use our App, the manners in which we may use such information, and the options and rights available to you. Our primary goals in collecting information are to provide and improve our Services, to administer your use of the Services, and to enable you to enjoy and easily navigate our Services. We do NOT collect personal information such as your name, email address or billing information, or other information that can be reasonably linked to such information. However, we may use personal information to continuously develop, deliver, and improve our products and supply higher quality services in following reasons:
1.To operate and update the Software & Services and provide you with existing or new functionality and features;
2.To maintain and improve the quality and operation of the Software & Services;
3.To notify you of Software & Services updates;
4.To provide you with support and handle your complaints and/or feedback;
5.To take any action in case of a dispute involving you in connection with the Software & Services;
6.To enforce the terms and conditions applicable to the Software & Services and to prevent unlawful activities and misuse thereof;
7.To comply and satisfy any applicable law regulation, legal process or enforceable governmental request.

What Information We May Use

When you download or update the application, we may collect and process some of your data, such as (i) the advertising ID of your device(s), (ii) technical data of your device(s) (which may include but is not limited to information such as the model

name or number, brand, operating system, screen size, screen resolution, default language, time zone of your device(s), third party applications installed on your device(s)) and (iii) mobile operator-related data (which may include but is not limited to information such as the name of the operator and the SIM card country code). If you decide to give your consent, your data can be used for the promotion of app activities. The app may disclose personal information only if required by law or if we have the firm conviction that such action is necessary to:
(i) comply with local laws and regulations;
(ii) protect and defend the rights or property of the app.

Required Permissions
1. Camera Permission
This permission allows Flashlight to turn ON/OFF your device's camera flashlight.
2. Read Contacts
Flashlight does not recognize or save users' contacts information for any reason. The purpose is to help users search local contacts with search bar and show contacts in screen flash. We will never upload any users' contacts information.
3. Read Phone Status & Identity
The only purpose of this permission is to identify different users. Phone status and identity are not read for any other purposes.
4. Call Phone
This Permission allows users to answer the call or hang up the phone in call flash.
5. Full Network Access & Receive Data from Internet
Flashlight is permitted to access the device's network for functions.
6. View Wi-Fi Connections
This permission is used in Flashlight settings to view Wi-Fi connections.
7. View Network Connections
This permission is used in Flashlight settings to view network connections.
8. Write Settings
This Permission allows users to set call flash for contacts
9. Control Flashlight
This permission allows Flashlight to turn ON/OFF your device's camera flashlight.
10. Change System Display Settings
This permission is used to light screen when you turn on the flashlight which is occupied.
11. Change System Settings
This Permission allows users to set call flash for contacts.

Data Security
We take data security seriously. We implement and maintain appropriate technical and organizational measures including resilient security systems and protocols to protect the personal data we store.

Children's Policy

We do not knowingly collect personal information from children under 18 years old, unless permitted to do so by applicable law. Children are not permitted to use our Services unless they provide us with consent from their parent or guardian. If we become aware that we have unknowingly collected personal information from a child, we will make commercially reasonable efforts to delete such information in our database.

Changes

Any changes we may make to this Privacy Policy in the future will be posted on this page and, where appropriate, notified to you by email. Please check back regularly to keep informed of updates or changes to this Privacy Policy.
