

Concurrent Enrollment Guide:

Solano Community College

Concurrent enrollment means a high school student takes community college courses while remaining a full-time high school student. If your student is interested in concurrent enrollment, please review the [concurrent enrollment process](#).

Since there are many community colleges throughout California, this resource is meant to help students decide on which community college courses to take. High school students are not limited to the community courses listed below, this is simply a collection of popular courses our students have already taken. Please reach out to your high school counselor for help with concurrent enrollment.

Solano Community College		
Course Catalog Link Concurrent Enrollment Form		
High School Graduation Requirement	Solano Community College Course Name	High School Transcript
US History	HIST 018 History of the United States from 1865	10 HS credits AG approved CC GPA boost
World History	HIST 003 Modern World History	10 HS credits AG approved CC GPA boost
Government	PLSC 001 Introduction to American Government and Politics	10 HS credits AG approved CC GPA boost
Economics	ECON 001 Principles of Economics (Macroeconomics)	10 HS credits AG approved CC GPA boost

HIST 002 World History to 1500	10 HS credits AG approved CC GPA boost
HIST 017 History of the United States to 1877	10 HS credits AG approved CC GPA boost
LR 010 Information Skills for College and Beyond	2.5 HS credits
MUSC 027 Elementary Piano Part I	5 HS credits
MUSC 035A Beginning Voice I	5 HS credits
NUTR 010 Nutrition	10 HS credits AG approved CC GPA boost
PHIL 001 Introduction to Critical Thinking and Reasoning	10 HS credits AG approved CC GPA boost
PSYC 001 Introduction to Psychology	10 HS credits AG approved CC GPA boost
SOC 001 Introduction to Sociology	10 HS credits AG approved CC GPA boost

Community College Credit Conversion Chart:

Community College Credits	High School Credits
1 credit	2.5 credits
1.5 – 2.5 credits	5 credits
3 credits or more	10 credits

** If a student is awarded less than 1 credit at the community college, then we will issue the same amount of credit in high school. For example, if a student completes 0.5 credits at a community college, then we will award 0.5 credits on the high school transcript.*

AG approved – means that the community college course meets A-G requirements. Students will need to earn a grade of C or better in order to fulfill an A-G requirement.

- Science courses will need to include a lab component in order to meet the laboratory science A-G requirement.

- Non-transferrable math community college courses in elementary algebra, geometry, intermediate algebra or trigonometry, with a grade of C or better, can satisfy one year of the mathematics A-G requirement.
- For more information on how community college courses can fulfill A-G requirements, please refer to this [guide](#).

CC GPA boost – means that the community college course is academically rigorous (community college courses that are 3 units *AND* both UC and CSU transferable), and will be granted an extra point in the weighted GPA calculation on the high school transcript. Please keep in mind that while middle school students can take community college courses, this will not affect their high school GPA. The high school GPA is calculated with the classes taken during grades 9 through 12.
