

🦋Hello There!!🦋

My name is Dana, and I'm looking for some fandom roleplays! Before I get into the pairings and such, let's go over some rules! I **only** roleplay on **Discord** by the way!

[Please read all rules!]

1. All characters **MUST** be 18+. No exceptions.
2. Im looking mainly for OC x Canon **doubling**, where we both play an OC and a Canon character. There are a few fandoms in which I'm craving canon x canon, but those will be listed below! (I will only double for oc x canon so we can both have the indulgence we crave!)
3. I am mostly looking for *romance centered* roleplays, with action mixed in where the plot calls for it!
4. I'm not really a *fade to black* kind of roleplayer when it comes to NSFW scenes, but I will send you a list of my kinks and limits if you decide you'd like to roleplay!
5. I ask for good grammar and 2+ paragraphs. Quality over quantity, especially for pacing purposes, but I personally do not like replies that are only 1-3 lines.

[FANDOMS] (AUs acceptable!)

[*Baldur's Gate*]

I have so much muse for this game right now. I have two OCs, one of which is a Dark Urge character! We can discuss which character would fit the plot we decide best, unless otherwise specified (*Tav* or *Dark Urge*)

[*oc x canon pairings*]

my oc x Astarion

Gale x my oc x Astarion (i would write gale & my oc!)

my dark urge oc x Enver Gortash (pre-absolute)

my oc x Dammon

Karlach x your oc

Gale x your oc

(I am willing to write as other companions! I just don't feel confident enough in my portrayal of them, but I'd be willing to give it a try!)

[*canon x canon pairings*]

Astarion x Halsin

Lae'zel x Shadowheart

Sebastian x Astarion

[SAW]

I'm a huge fan of the Saw series and have been rewatching the franchise lately! I've never roleplayed in this fandom before but I'm itching to write this! I can try my hand at other canon characters such as Hoffman, perhaps, but I'm not sure how accurate I'll be!

[*oc x canon pairings*]
my oc x Adam Stanheight

Amanda Young x your oc

[*Dead by Daylight*]

I've been playing the game steadily for about a year now, and reading up on the lore and familiarizing myself with the characters. This game has been a hyperfixation of mine since I started playing and would love to have a roleplay set within the realm, with trials thrown in here and there! My OC will always be a survivor unless otherwise stated!
[side note: I headcanon Renato Lyra as autistic based on his lore and would love to have my partner recognize that as well!]

[*oc x canon pairings*]

my oc x Albert Wesker
