

Hello, Thank you for looking at my copy.

I'm struggling with creativity, so I thought I'd use chatgpt to help me. I have chopped and changed bits though

Please can you give me any tips or feedback. Should I work on being more creative than using AI?

Info about copy - two brothers started a martial arts gym, one sadly past not too long ago, the other brother still carries on and has his heart set on growing the gym, they offer : MMA, Thai and K1 Kick-boxing, sambo and Brazilian ju jitsu and more....

They also offer their first session for free.

should I play on the fact he has had a pro fight?

Should I add something with the history?
