Title	Description
<i>Hello</i>	<i>Name's Fukumoto Nicole, the number one police officer in the Tenryou Commission; so if you see any crimes that are being committed.. Let me know and I'll be there!</i>
<i>Chat: Work</i>	<i>*sighs* This is just like any other day..</i>
<i>Chat: Office Hours</i>	<i>Huh.. I wonder how Heizou is doing in his office right now..</i>
<i>Chat: Move On</i>	<i>I think break is over... let's keep moving.</i>
<i>When It Rains</i>	<i>Oh dear.. our clothes are all wet-! We have to find shelter quick-!</i>
<i>After the Rain</i>	<i>The rain.. has stopped? *sigh* I was starting to enjoy it.. oh well, time to continue my patrol.</i>
<i>When It Snows</i>	<i>I remember a snowy day like this once.. the snowflakes dancing in the air as they land on my fingertips.. *sigh* I miss this feeling..</i>
<i>When It's Windy</i>	<i>The wind going strong huh? Well at least some fresh air while patrolling..</i>
<i>When the Wind Is Blowing</i>	<i>Ah... the air feels nice...</i>

<i>Good Morning</i>	<i>Good morning traveler! Seems like the sun is up and we've got some unfinished work to do!</i>
<i>Good Afternoon</i>	<i>Noon already? Ah! Care to have some snacks?</i>
<i>Good Evening</i>	<i>It's getting quite late, think you can reach the police station before I do?</i>
<i>Good Night</i>	<i>Sweet dreams traveler! Don't let those nightmares take a toll on you!</i>
<i>About Us: Crimes Committed</i>	<i>You may have committed crimes in the past, but *sigh* I guess I can reconsider, considering you made the Raiden Shogun abolish the Sakoku Decree, I guess that means I'll let you off the hook this time, hehe.</i>
<i>About Us: Techniques</i>	<i>Your fighting style is one of a kind, though as much as I don't use a sword.. could you perhaps teach me some techniques when it comes to dodging? Haha... this is quite embarrassing...</i>
<i>About the Vision</i>	<i>I've never thought of Visions as something special, though it feels an honor to own one as if I was blessed by the gods.. or cursed.. oh no.. I'm getting worried.</i>
<i>Something to Share</i>	<i>Though my whole childhood was rough I've noticed that... you won't get far if you stick your head to the past, it's like the past is holding you back from doing something you love. Take this message and look forward to your path, don't let the past hold you back from doing or finding something that fills the hole in your heart.</i>
<i>Interesting Things</i>	<i>Fun Fact: Did you know if you're allergic to cat you're not allergic to the cat's fur, *whispers* you're allergic to its saliva...! Perhaps we do learn something new everyday... But don't take my word for it! My sources might be wrong...</i>

<i>About Kaedehara Kazuha</i>	<i>Kazuha and I are quite good friends, while we're not as close as I am with Heizou, he's still the friend you can definitely rely on!</i>
<i>About Shikanoin Heizou: Partners</i>	<i>He's a nice and smart guy to be partnered up with, though his flirtatious marks might get you distracted you will get used to it overtime..</i>
<i>About Shikanoin Heizou: Relationship</i>	<i>Heizou is someone you can put all your trust in, in some cases even when you're feeling sad Heizou's the type of guy to light up your world when he comforts you. He's also quite the smart and handsome individual so I guess now I know why I wanted him and I to be close.</i>
<i>About Kujou Sara</i>	<i>Miss Kujou is one stubborn of a boss as it may seem to most of the Tenryou Members, always complaining about not giving them a break but, I always see them slacking off during work hours. *sigh* So I find Miss Kujou's personality quite reasonable and unreasonable, it's a 50 by 50.</i>
<i>About Kuki Shinobu</i>	<i>Miss Kuki eh? As much as she has a stone-cold personality, when it comes to business she's easiest to get along with as she cooperates really well, so if I were to say something about her... she's like... your human security camera!</i>
<i>About Arataki Itto</i>	<i>The Arataki Gang is quite an amazing group huh? Well if you ask me, probably their boss is the most fun one to be with. I mean sure he committed multiple noise complaints from the citizens of Inazuma but that's probably because they don't look at his fun side.</i>
<i>About Mika Shiyua</i>	<i>That girl... I've spoken to her a couple of times, I guess you could say I'm acquainted with her. I have been seeing her trying to observe but caught up to her before she does anything suspicious. Fortunately all her "suspicious" observations were just a way to learn more about the people</i>

	around her, still as a police officer I still have to have my guard up.
<i>About Yoimiya</i>	She's like one of my best friends! During my weekends or every time after work, we always hang out! Honestly she's such a fun person to be with. Hey! Why don't we all hang out together one day! Who knows we might have fun together!
<i>About Gorou</i>	General Gorou is a uh.. a one of a kind protector, this one time when me and Heizou went our separate ways to do our own things I heard General Gorou commanded his guards to keep an eye on us during the whole day while we were in Watatsumi Island. As much as we are from the Tenryou Commission don't you think that's a bit too much? I can't even try to change myself without the feeling of being watched..! *shivers*
<i>About Sangonomiya Kokomi</i>	Miss Sangonomiya is one gorgeous lady, at a young age she already knows how to perform strategies for the battlefield. When she has the chance, she would often invite me to share some strategies with each other and the time we spend together is really enjoyable.
<i>About Yae Miko</i>	Miss Guuji is someone I see a lot when I go to the Yae Publishing House for new mystery novels for me and Heizou. Often times she would either do the following: she would either recommend me some books about romance and mystery or she would come up to me just to tease me on what books am I going to read next, *sighs* no miss Guuji I'm not reading those books.. otherwise Heihei would tease me as well.
<i>More About Fukumoto Nicole: I</i>	As much as the Nobushi and Treasure Hoarders run away from my presence I still find them smuggling dangerous items into the other nations as a deadly weapon, still if it weren't for me I don't think anyone would be alive until now, hehe.

<i>More About Fukumoto Nicole: II</i>	<i>I remember when my first patrol was not an easy one, though it had required a lot of stamina, I feel like your travels require much more stamina than a bunch of measly patrols, which to say the least I'm impressed and hold much respect for you. Think you could lend a few tips?</i>
<i>More About Fukumoto Nicole: III</i>	<i>As much as I do patrols most of the time, Miss Kujou would ask me to keep an eye on Heizou instead, as his partner and temporary advisor you know I can't say no to an offer.</i>
<i>More About Fukumoto Nicole: IV</i>	<i>Do you ever get that feeling that you want to quit even though you've gotten this far? Sometimes that thought comes to my head in my patrols, that feeling when you're finally free like a bird but you can't leave because you might make everyone disappointed.. I'm not saying I'll leave-! Besides if I did then I won't be able to keep an eye on my favorite detective-!</i>
<i>More About Fukumoto Nicole: V</i>	<i>Sometimes the best tactic is to be ahead or wait for the perfect time, in some cases some of my colleagues don't even wait for the perfect time and they just head-butt in whenever they have the chance, it's a shame really.. because all the time the criminal would always get away.</i>
<i>Fukumoto Nicole's Hobbies</i>	<i>Would you like to go on a patrol with me? Hm? That's not a hobby? Ah... I guess I got too used to my job then, still would you like to go on a patrol with me? We can even listen and sing to some songs you want!</i>
<i>Fukumoto Nicole's Troubles</i>	<i>How do you move on from something that's already in the past? Hm? Distract yourself from it? Huh, I could try that.. Though distractions like what? Reading some novels? I guess that could work...</i>
<i>Favorite Food</i>	<i>Any food that's so crispy that when you bite it, you hear that crack sound.. oh.. like fried chicken! You're lying if you</i>

	<i>say that it doesn't taste good!</i>
<i>Least Favorite Food</i>	<i>Ugh, I absolutely despise food from the Police Station but there's a second option, dried food. Seriously, the texture doesn't even feel good, how in Teyvat do you consume such a dry texture then let it sink into your throat?</i>
<i>Receiving a Gift: I</i>	<i>Oh wow! I absolutely love it! The texture and the taste is so good! An absolute delish if you own a restaurant!</i>
<i>Receiving a Gift: II</i>	<i>Are you that good of a cook? The texture is perfect and the taste is decent but this dish feels like a snack rather than a dish though.</i>
<i>Receiving a Gift: III</i>	<i>*Gags* Oh goodness. The texture.. and what happened to the taste? Do you perhaps need some help with your dishes?</i>
<i>Birthday</i>	<i>It is the day of your birth today! So.. Happy Birthday! I put half of my duties to the side for today just to spend this day together as friends! What would you like to have for today? Oh! And don't worry, all you want will be free of charge because today is your special day..! So don't even worry, I still have a lot on me right now!</i>
<i>Feeling about Ascension: Intro</i>	<i>Oh? Am I having more stamina now?</i>
<i>Feeling about Ascension: Building Up</i>	<i>Huh? Would you look at that.. I'm improving! How convenient!</i>
<i>Feeling about Ascension: Climax</i>	<i>Oh goodness, this power feels too much. Are you sure you want me to use it?</i>
<i>Feeling about Ascension: Conclusion</i>	<i>I feel honored for giving me such a power traveler. I hope I wisely use this power for the good as I continue to show this world what justice really means.</i>

About Fukumoto Nicole:

<i>Title</i>	<i>Description</i>
<i>Shikanoin Heizou - About Fukumoto Nicole: Work</i>	<i>She's mysterious, with her past at least. She has always intrigued me because she randomly appeared in Teyvat with no history of being in Inazuma or anything, never even saw her as a kid and the way she works thing is completely new, though all of that aside the graceful doushin is always up on her feet, just make sure to gain her trust then pay it back~</i>
<i>Shikanoin Heizou - About Fukumoto Nicole: Friendship</i>	<i>She's a nice girl, always the dependable type and seems to never fail a task... but she's the only person who understands me better than anyone else... *chuckles* I may not be a believer with fate and coincidences but maybe just this once. Perhaps fate did bring us together, even if her sudden appearance was... sudden, *chuckles*</i>
<i>Kujou Sara - About Fukumoto Nicole</i>	<i>The only person who seems to get the job done, no matter what task I give her.. she always</i>

	<i>finishes it before the deadline.</i>
<i>Kuki Shinobu - About Fukumoto Nicole</i>	<i>A good woman indeed and is very good with keeping the Arataki Gang in place. I should give her a gift, to mention my thanks to her.</i>
<i>Arataki Itto - About Fukumoto Nicole</i>	<i>She's actually the first Tenryou officer to actually be a fun one! Hah! Not like that tengu chicken! Not knowing how to be fun and stuff. *laughs*</i>
<i>Mika Shiyua - About Fukumoto Nicole</i>	<i>I've spoken with her many times but whenever I try to do some observing she somehow manages to find me every time. How could I blame her though she is the best Officer at the Tenryou Commission. There's just something about her that I just can't put my finger on... Could she be like you?</i>
<i>Yoimiya - About Fukumoto Nicole</i>	<i>She and I go way back! We're like peanut butter and jelly, she really knows how to match my energy! Honestly... I can't wait for us to hang out again, even though we just hung out yesterday...</i>
<i>Gorou - About Fukumoto Nicole</i>	<i>Yes, I've seen her visit Watatsumi Island with Heizou a bunch of times... though I formally apologize for the way I kept my guard up around her but I must protect her excellency, especially if it's from the Tenryou Commission.</i>
<i>Sangonomiya Kokomi - About Fukumoto Nicole</i>	<i>I have invited her to talk about strategies and it's really fun, though Gorou has been a bit overprotective and I should talk to him about that, especially when it comes to Nicole.</i>
<i>Yae Miko - About Fukumoto Nicole</i>	<i>Ah~ that girl, she always visits the Yae</i>

	<i>Publishing House to get some books.. though some of the books of her taste do appear.. questionable and funny. *chuckles*</i>
<i>Raiden Shogun - About Fukumoto Nicole</i>	<i>Ah, that girl... yes, I've heard about her accomplishments at a young age along with that detective, though... there's something about her aura that does not speak Teyvat to me.</i>
<i>Kamisato Ayato - About Fukumoto Nicole</i>	<i>A fine woman indeed, her ambition for justice really intrigues me, even though she was a woman of arts, she still manages to surprise me in every way.</i>
<i>Kamisato Ayaka - About Fukumoto Nicole</i>	<i>A surprising one indeed, a girl with justice and kindness combined. Sometimes I wish for the people who work with the law were like that.</i>
<i>Thoma - About Fukumoto Nicole</i>	<i>That girl from the Tenryou Commission? Ah yes! She does visit the Komore Teahouse often, she always gives us an extra tip. Ah that kind girl...</i>

Character Story:

<i>Character Stories</i>	
<i>Character Details</i>	<i>Fukumoto Nicole is an extraordinary young police officer.</i> <i>Familiar isn't it? Even working at the Tenryou</i>

	Commission, she is well respected because of her high status and hard working persona. She knows how to fix a situation, like a therapist, many people think that should've been her job but it was suggested otherwise. She's dedicated to her job, of course she would. Why wouldn't she? She has worked her whole life for a job like this. Cases left and right but with her colleagues and a great detective partner, she's already got her stuff. Still a woman like her is quite hard to find, dedication and kindness in her veins. A woman like her is easy to take for granted. Her work is not that easy, which is why almost the majority of police officers who patrol in either Yashiori Island or Kannazuka, don't hesitate to give their responsibilities to her. This is when even Kujou Sara herself had to give them a scolding, wouldn't blame her though a police officer shouldn't give their responsibilities to another police officer at all. Perhaps it's Nicole's kindness that always seems to put her in situations like these, oh well... she's trying. "Maybe... I should start saying no..."
Character Story 1	Her first days in the Tenryou Commission were

	not easy, already doing the work of a trainee assistant which was not what she worked for all her life. Still even if today she's the number one police officer, she was quite a troublemaker back then. For instance if her superior was too tired to continue any of their case files, she doesn't hesitate to do it for them. Now keep in mind that since she was a trainee assistant, she wasn't allowed to solve any cases. That didn't stop her though because after her superior submitted the report, they all could recognize Nicole's handwriting but what's even more surprising is that she solved the case. Perhaps it was beginner's luck but she still went into solitary confinement because of that. That wasn't going to be her last though.
<i>Character Story 2</i>	She took the effort to make the ranks but still couldn't forget her colleagues' faces who worked more than a year for a promotion. Again they all thought it was beginner's luck but with Nicole's skills and dedication, maybe it wasn't beginner's luck. Still that wasn't enough to stop her colleagues from giving her looks of surprise and disbelief.

	<i>I mean why wouldn't they? Nicole joined their organization a few months ago or more. How did this young girl already get such (but not too) high positions?</i> <i>"Seriously? This girl makes no mistake!"</i> <i>"I know how is she already a doushin?"</i> <i>She doesn't know either but she is glad to be working on the same level as most of her colleagues.</i>
<i>Character Story 3</i>	<i>This is... the first time they've met. She doesn't remember when he first joined their organization but she's glad to be making more connections.</i> <i>"Greetings the name's Shikanoin Heizou, so we're going to be assigned partners for this case?"</i> <i>The burgundy-haired male greeted Nicole, trying to look as laid back as possible for the girl but it was obvious that he was just as nervous as she was.</i> <i>"I suppose so, maybe we might even solve this case faster now that I'm paired with the infamous Shikanoin Heizou."</i> <i>Despite her teasing remarks, Nicole introduced herself in a respectful manner. To not make</i>

	the detective have a first bad impression on her but he was quick to catch on. "No need for the introductions and pleasantries, I have already heard of your accomplishments Nicole." Huh, already called her by her first name? She guesses this detective might see this case as nothing more but easy. "I'm quite flattered detective but let's put all of this aside for now. We still have a case to solve."
Character Story 4	Her sudden appearance in Inazuma was a bit surprising for everyone but suddenly some people started remembering her from before, only as that one lady who passed by and nothing more. It was still quite baffling as perhaps citizens from Inazuma have used to see her before but don't remember as it was a long time ago. ...Like she was added into their memories somehow. She does say that she used to be a quiet and shy child back then, always making sure that people don't look her way as she passes by. Maybe that's the case, maybe that's why people don't remember her well because of that

	reason. Oh well, her sudden appearance didn't stop criminals from being afraid of her though. Her voice is like honey laced on silk, her footsteps intimidating yet gentle. Perhaps it's because of her personality and job clashing together and maybe a bit of her pretty looks too. There's no officer like Nicole at all. "Is she really a police officer? She's so pretty to be one!" "I know right... there's no doushin like Nicole, she's kind, dedicated and pretty too!" Nicole is truly one of a kind.
Character Story 5	Weaknesses are a common thing that everyone has. Even the perfect ones have them, people just don't see them because people don't see their weakness, those "perfect" people try to hide it. "Nicole! Can you take over my shift? Thanks, you're a sweetheart!" "Nicole! I don't get this paperwork! Can you help me?"

	<i>"Nicole! I scraped my knee again!"</i> <i>Nicole's weakness was understanding her own emotions, she doesn't know why she feels this certain emotion when it's from a certain scenario.</i> <i>Secrets that she can easily keep to which she's required to lie about due to trust issues are her partly weakness.</i> <i>She doesn't like lying, she hates it. Sometimes she wishes to tell everyone the things that she has seen.</i> <i>For everyone to understand why she's like what she is now.</i> <i>But like the rest, fear is in everyone's veins.</i>
<i>Gifted Hair Clip</i>	<i>Nicole never always had that hair clip.</i> <i>She always considered hair clips to be quite bothersome since no hair clip seemed to fit her style.</i> <i>Still she was always afraid of the hair clip suddenly falling off during her patrols and losing it in the process.</i> <i>However, that all changed when a certain detective decided to celebrate their first meeting, quite a weird way to celebrate a first meeting but the police officer just let the</i>

detective do his thing.

"Here, a gift for when our friendship first bloomed like a flower."

Heizou gave her the gift, keeping his expression as relaxed as possible, hiding his excitement. When Nicole opened the box it was a Tenryou hair clip.

"Didn't know the Tenryou Commission can make custom hair clips."

Nicole joked and Heizou laughed, booping her nose as he took it out of the box and put it on her.

"Well... I had it custom made just for you, I wanted us to have a reminder of our first meeting together. You're easy to get along with."

Nicole smiled, tucking her hair behind her ear, chuckling nervously.

"Well I try... it's not always you meet easy-to-talk-to people."

Chuckles left Heizou's mouth as he patted Nicole's head, enjoying the girl's presence beside him.

Even if their meeting was unexpected, at least

	<i>the hair clip on Nicole's head will be a constant reminder of their friendship that began to bloom.</i>
--	--

Vision

Nicole never really minded receiving a vision but now that she has one, she's quite grateful for it. Even if it is a blessing or a curse, she's not sure herself.

When Nicole was just a trainee assistant, she never was the type to follow the rules.

One of those rules was to stay in post until further instructions but as guessed she never really did.

How? – Nicole managed to sneak off with one of the doushin for a patrol in Kannazuka. She wasn't caught yet but for her reasons, she did it for the good reasons.

While going on her unauthorized patrol, she noticed a bunch of criminals sneaking in some dynamite, she was quick to act while having her well thought out strategy.

Waiting for the right time she striked and called for the doushin who she just snuck off with. Unfortunately that meant she was caught and had to be put into solitary confinement.

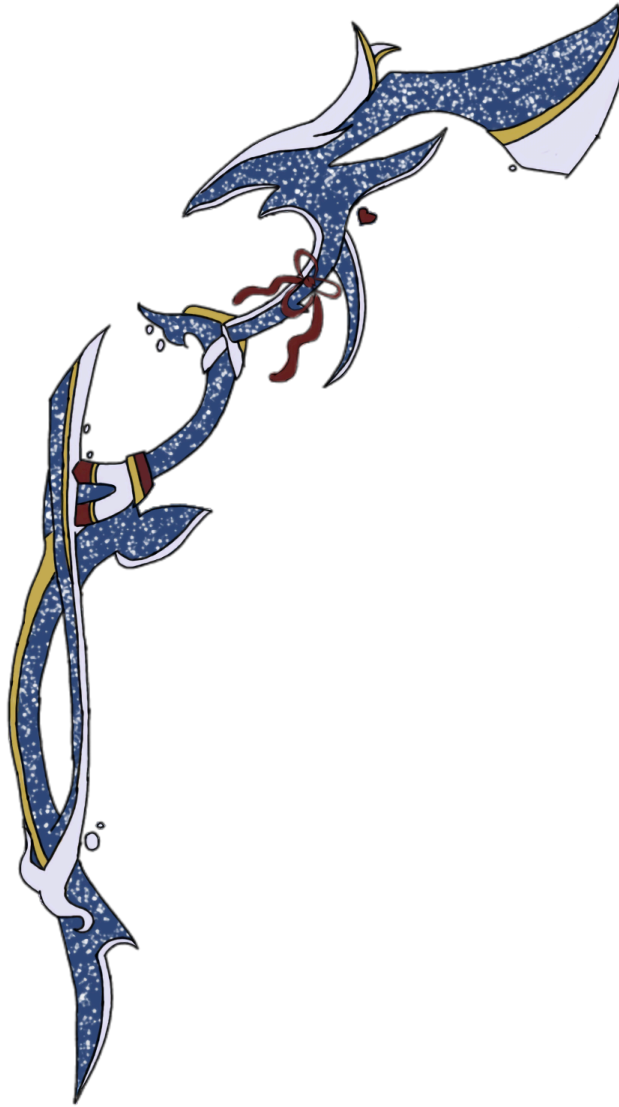

But because of her brave act of catching dangerous criminals, her time in solitary confinement has been reduced to two days. Perhaps she'd make a great doushin after all.

And when she awoke in her bed, still in solitary confinement what was on her hand that she held was a Vision. A recognition from the gods.

Fukumoto Nicole's specialty. With some lettuce on the side and well cooked fried chickens, the taste is absolutely divine... never tasting something like this before. Eating it while it's hot is certainly the best way to eat it, the little Nicole sticker on the dish is adorable, she seems to

know how to make her dishes be all aesthetic and cute. Nicole should've been a cook since – as always her dishes taste divine and good.

<i>Greetings</i>	<i>There you are, did you get caught up in approving favors?</i>
<i>Parting</i>	<i>It's getting late and you're starting to look... droopy. Let's head back.</i>
<i>About Self: Cases</i>	<i>I used to solve cases in my home planet, I was even considered a detective alongside my partner. So if there's a case you can't solve then you know who to call.</i>
<i>About Self: Relationships</i>	<i>Forming relationships was no easy task for me, often times I forget about the person I used to be friends with, other times we are merely acquainted... though I have a best friend and the two of us are inseparable... *sigh* I miss him.</i>
<i>Chat: Home</i>	<i>What's the definition of "home" to you? You may have heard of the phrase "home is where family is" but personally I don't think that's the case. What I</i>

	consider home is the place where you're quite comfortable with, your... safe space along with the person you feel comfortable with. For me, home is my job. I have everything I need there.
<i>Chat: Trust</i>	You never know when people out there decide to use you to their advantage, which is why you need to be quite on guard with the people you're talking to, including me.
<i>Hobbies</i>	I've never had any hobbies, I even considered patrolling as a hobby because that's one thing I enjoy most – Oh? You're going to help me find one other than that? Thank you, I honestly don't know what to say...
<i>Annoyances</i>	One thing I don't get is how you manage to head butt first into a scene and then successfully get the desired outcome, I've literally been calculating for the desired outcome but here you are, head butting into the scene.
<i>Something to Share</i>	I have nothing in mind to share, though the stars look really pretty tonight. It's not everyday you get to stars like these in space.
<i>Knowledge</i>	If you ask me, wet soggy bread has to be one of the most disgusting textures to swallow. How in the world do you swallow that without throwing up the next second?
<i>About You (Stelle)</i>	You are an extraordinary being.. the capability of holding a stellaron inside you.. this journey will be worth so much, especially if it's with you.
<i>About You (Caelus)</i>	You are an extraordinary being.. someone who

	<i>wants to make the world a better place and someone who's willing to help others, if only you'd stop pestering me during my journaling.</i>
<i>About Dan Heng</i>	<i>I have nothing to say about him, he's just so... mysterious.</i>
<i>About Dan Heng • Imbibitor Lunae</i>	<i>So... Dan Heng used to be a dragon? I don't know, I got distracted. Forgive me.</i>
<i>About March 7th</i>	<i>That energetic girl... she never fails to amuse me, everytime she takes a picture, she takes another one until it's a never ending cycle, she doesn't hesitate to ask me to pose for her pictures like I'm a model... she did call me a model though, I'm quite flattered.</i>
<i>About Welt</i>	<i>I'm glad he's alive and well, I have missed him due to his kindness and compassion towards me and others. It was such a shame that we had to part so soon.</i>
<i>About Himeko</i>	<i>Himeko's alive huh...? Uh ahem! It was nothing, I just wasn't expecting the familiar face.</i>
<i>About Pom-Pom</i>	<i>The conductor's quite adorable one, I even pinched their cheeks one time. They didn't like it at first but slowly over time they've been comfortable enough to let me do so.</i>
<i>About Mika</i>	<i>To be honest... I never expected to see her again and see her be on the side of the Stellaron Hunters. Still I hope she and I can put our differences aside and be acquainted.</i>
<i>Eidolon Activation</i>	<i>The past will continue to torment me but the future</i>

	<i>is bright because I got you and everyone by my side.</i>
<i>Character Ascension</i>	<i>Seems like I'm learning...</i>
<i>Max Level Reached</i>	<i>Mistakes are made even when you don't intend to, that's why it's important to learn about them.</i>
<i>Trace Activation</i>	<i>Thought I was some helpless girl?</i>
<i>Added to Team With Trailblazer</i>	<i>Focus up ahead! I got your back!</i>
<i>Added to Team With Dan Heng</i>	<i>Dan Heng, make sure to ease up your cold and distant persona.</i>
<i>Added to Team With Dan Heng • Imbibitor Lunae</i>	<i>Just because you got that sick form doesn't mean your cold and distant persona should be exceptional.</i>
<i>Added to Team With March 7th</i>	<i>March be careful around the area! Okay?</i>
<i>Added to Team With Welt</i>	<i>Mr. Yang! Ready to battle just like old times?</i>
<i>Added to Team With Himeko</i>	<i>Miss Himeko! Please be careful!</i>
<i>Added to Team With Mika</i>	<i>Oho... Mika... here to lend me a hand~?</i>

<i>Trailblazer - Memory: Fukumoto Nicole</i>	<i>Something about that girl... always seems to bring a smile to my face...</i>
<i>Dan Heng - About Nicole</i>	<i>That girl reminds me of March, except she knows how to surprise me at times. Her footsteps are so quiet instead of March's so every time she sneaks up behind me, I get quite... startled.</i>
<i>Dan Heng • Imbibitor Lunae - About Nicole</i>	<i>The same thing.</i>
<i>March 7th - About Nicole</i>	<i>Nicole and I instantly clicked! She likes my pictures and even likes to pose for them! She's like a model in most of them! She definitely knows how to hit a pose! You should learn from her!</i>
<i>Welt - About Nicole</i>	<i>I've met her in the past, she was a strong girl. She still is now, if you could see her from where I used to be from... her strength was admirable, I'm glad that her fighting spirit is still in good shape.</i>
<i>Himeko - About Nicole</i>	<i>That girl seemed to recognize me when she first saw me, was I a familiar friend to her? Perhaps, either way Nicole is a sweetheart, she doesn't hesitate to help me and the conductor when we are in need of help.</i>

<i>Mika - About Nicole</i>	<i>Oh why did this have to happen! The moment we meet again we're on opposite sides! I don't want to fight her... But I know it's going to end up inevitable. I guess I'll just have to see if maybe the stars will align in my favor and we get along despite our factions.</i>

Character Story:

Character Stories	
Character Details	A mature young girl who suddenly appeared in the Xianzhou Luofu, now welcome aboard The Astral Express. You as a trailblazer are helping her guide her way around the cosmos before she returns home. While her process of transport to the Xianzhou remains a mystery, she is willing to help you and the people who are in need.
Character Story: Part I	"Where did you come from?" you asked, quite curious of her home planet but she doesn't disclose any information, she only gives you hints about her home planet but not the full picture. Her home planet sounds lovely, having a job that she quite enjoys and having friends that love her greatly, family information is not disclosed as she is not quite comfortable speaking about it. Perhaps one day she'll be comfortable enough to let her guard down.
Character Story: Part II	Nicole's abilities are certainly intriguing, one she has full control over her quantum powers as she can literally make a quantum version of the Astral Express itself!

	Still you couldn't help but wonder what that keychain? Badge? Charm? Either way you didn't know that thing is on her hip, it's blue color reminding you of water with its golden casing around it, still it looks pretty. Probably her lucky charm or something.
<i>Character Story: Part III</i>	She's slowly starting to warm up, you guess it's because of the amount of working together all of you have been doing to get her to be comfortable. While it took a while for Nicole, she was slowly starting to reveal the information about her home planet. She described her home planet to be "full of greenery" and "has a lot of sceneries", maybe one day we can ask the conductor to visit her world. If the time ever comes.
<i>Character Story: Part IV</i>	For Nicole's life, she has never expected to end up in another world once again. With her fair share of experiences and past, it's obvious that this isn't her first time stumbling in another world that wasn't her home. Her past will continue to haunt her but her future is worth fighting for. For Nicole it is important to learn her mistakes and create a future where everyone and everything is no longer in pain.

For her home planet and the relationships she's formed. For Teyvat.
