

BMUN—Amendment Form

This form must be used by all delegates to submit to the Dais an amendment to a draft resolution clause. Please save a copy of this document to modify it.

If all the draft resolution sponsors agree to the amendment, the amendment is deemed friendly: the draft resolution is then automatically amended, and the Dais will inform the assembly of the change during voting procedure. If one or more of the draft resolution sponsors do not approve the amendment, the amendment is deemed unfriendly and will need the appropriate number of sponsors and signatories to be voted on by the assembly.

Preambulatory clauses cannot be amended. Purely grammatical modifications do not require an amendment; in this case, please directly inform the Dais.

Proposed Amendment:

[Insert your amendment here, and explain the modifications to make to the text.]
