To whom it may concern,

I hope this email finds you well. It has come to our attention that your artist Wang Yibo was seen wearing accessories that are offensive towards black culture with his outfits on Street Dance Of China. He was seen wearing a durag that is considered insensitive towards black people and has upset many black fans and non fans. He was also seen with a faux braids hairstyle which created an illusion of braids which is again offensive to black culture. It was also seen that a lot of his team members at Street Dance Of China also wore similar offensive hairstyles and accessories. I acknowledge that no one meant harm when choosing the above mentioned. Hence why, I request you to please educate your staff and artist as to why these hairstyles and accessories can be harmful for others. I am aware that the company cares deeply about their artist and will acknowledge the fact that this can be harmful to the artist's image and will issue an apology statement regarding the same.

I am attaching photographs of the artist wearing an offensive accessory and hairstyle for reference. I sincerely hope that this issue won't go unacknowledged and the company will take the right step.

Thanks and regards.
