By Daco:

Don't get me wrong, I don't like the do-nothing Republicans. They're infesting the federal and state governments like a plague, a very bad plague, and we don't have any vaccination. We have to stop the Republicans from taking control of any more governments, so I am proud to announce that I am running to be a member of the Atlantic assembly. Currently, the Atlantic assembly is 4-3, Republican majority. This is no good. I am going to run in the assembly, I am going to tell the no-good Republicans, "Your time in the assembly majority is over", it's gonna be great folks. We won't have any more of having to negotiate with these Republicrooks for your sake, we won't let them get away with this. Share this post with your friends if you are SICK and TIRED of the Republicans in office. This isn't just for the assembly either. I see you Republicans in office, and just know, we're coming. Atlantic will be blue. We will start at the assembly, then Governor, then we will get rid of the Republican senators.
