

Elections 2023

Theodora-Virginia (Rania) Dalli

Lawyer, Educator

Master of Public Law, Msc in Studies in Education

Greece, Municipality of Kifissia

I was born in Thebes, Greece, in 1968. I graduated from the Law School of the University of Athens. I hold two Master's degrees in Public Law and in Education Studies. I am practicing and teaching law. As elected Community Councilor of Kifissia (Attica Region), I have been appointed by our Council unanimously to supervise the Significant Municipal Cemetery of Kifissia. I speak English, French, Italian and Russian.

I am honored to ask your vote for the Steering Committee of our Association, in order to join forces with the President, in the aim of further promoting Cemeteries in Europe as a fundamental part of the cultural heritage of humanity.

Using my professional and political experience and taking advantage of the knowledge of many foreign languages, I could encourage more Significant Cemeteries to join our Association, arguing that this participation could promote local tourism and enhance research about local history, culture and architecture.
