## Introduction

Collectively, during this tumultuous time, we surely need to dream a better dream, be "frequency holders" (through presence, meditation, and prayer), practice open-minded open-hearted dialogue\* among one another and seek common ground - for a **culture of peace** to emerge. 🙏 What we focus on expands!

With that said, we *also* need to ask, **"Who are we in the matter of the alarming unlawful illegal unconstitutional authoritarian overreach and abuse of power of what is clearly a tyrannical fascist regime in a Constitutional Republic?!"**.

Pursuant to the First Amendment of the U.S. Constitution, some of us will peaceably assemble, as well as petition our government representatives, to protest what we do not want (as in NO KINGS!, no tyranny, no unlawful illegal unconstitutional authoritarian overreach),... and some of us will peaceably assemble, as well as collaborate, to affirm what we do want, i.e., to restore the Constitutional Republic of, by, and for We, the People, and co-create the world we know in our hearts is possible! All these actions are important, and are addressed below.

A **"government of the people, by the people, and for the people"** requires "We, the People" to actively engage in the process of governing; choosing representatives who will serve the public good and uphold the Constitutional rights to which every person is entitled, and peaceably stand up to those representatives who do not. We elect public servants, not kings! Those who have forsaken their oath to the Constitution must be stopped as well as face justice under our constitutional rule of law! As Benjamin Franklin stated, we have "a republic, if (we) can keep it." **With freedom comes responsibility!** 🙏

\* **Bohm Dialogue** <https://www.bohmdialogue.org/> - a freely flowing group conversation in which participants attempt to reach a common understanding, experiencing everyone's point of view fully, equally, and nonjudgmentally.

**"Non-Violent Communication" (NVC)** <https://nonviolentcommunication.com/>, conceived by the late Marshall Rosenberg, reminds us that instead of "right" and "wrong", we have Feelings and Needs, and that conflicts are a result of unmet needs. Understanding this can result in an internal shift to non-duality, enabling us to practice deep listening and empathy for ourselves and others. *"When we hear the other person's feelings and needs, we recognize our **common humanity**."* - Marshall B. Rosenberg, Ph. D. 🙏

## Join No Kings Day in full inflatable glory.

Stand up to fascism - extremism, violence, and the inhumane illegal kidnapping of people without lawful due process - in inflatable unity that exposes the ridiculous delusional narrative of the Trump regime. To fill the streets with joy, laughter, and a chorus of inflatable non-violent defiance - because fascism hates fun, humor, and symbols of hope and unity - you could request an Inflatable Costume here:

### Ode to the Portland Frog

From the mist of the moss  
and the grey Oregon rain,  
There leaps a green hero  
to ease all the pain.  
My love for this frog  
is a powerful thing,  
For the justice and freedom  
his ribbit can bring.  
With a croak full of spirit  
and a firm little bound,  
He stands up to bigots  
who poison the ground.  
He's our small, squat  
defender, so brave  
and so fast,  
A symbol of hope that  
forever will last.

Shane Ford

“

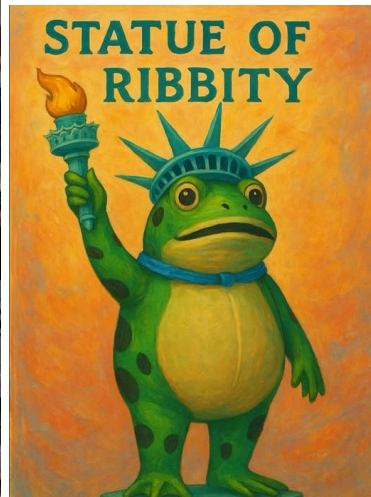

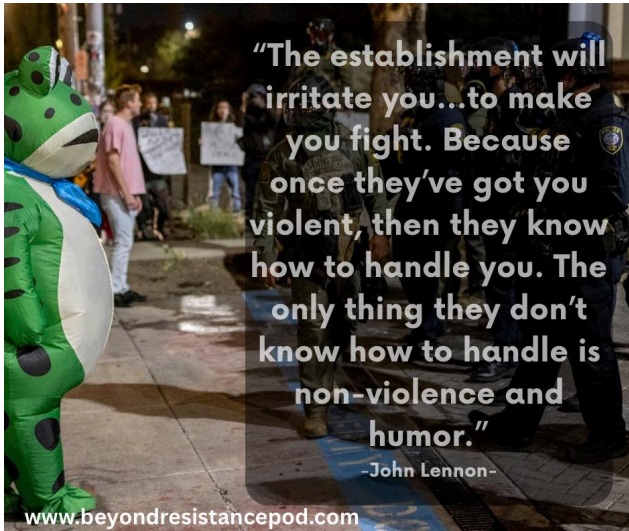

I obviously started a movement of people showing up looking ridiculous, which is the exact point. It's to show how the narrative that is being pushed with how we are violent extremists is completely ridiculous. Nothing about this screams extremist and violent. So it's just a ridiculous narrative that the Trump administration wants to put out so they can continue their fascist dictatorship.

August 2, 2025: Rage Against the Regime

<https://www.rageagainsttheregime.org/>

A National Day of Action continued On July 17th. March in Peace. Act in Power.

<https://goodtroubleliveson.org/>

<https://www.mobilize.us/john-lewis-actions/>

Five years ago John Lewis passed away from pancreatic cancer. He did so much to promote civil rights and justice in the USA. Here is a bit of what Heather Cox Richardson wrote today.

"Before Representative Lewis died, reporter Jonathan Capehart asked him "what he would say to people who feel as though they have already been giving it their all but nothing seems to change." Lewis answered: "You must be able and prepared to give until you cannot give any more. We must use our time and our space on this little planet that we call Earth to make a lasting contribution, to leave it a little better than we found it, and now that need is greater than ever before."

"Do not get lost in a sea of despair," Lewis tweeted almost exactly a year before his death. "Do not become bitter or hostile. Be hopeful, be optimistic. Never, ever be afraid to make some noise and get in good trouble, necessary trouble. We will find a way to make a way out of no way."

Today, as the storm over the release of the Epstein files became a maelstrom, the American people rallied at more than 1,500 sites nationwide to protest the Trump administration in a day of action to honor Representative Lewis. Organizers of the "Good Trouble Lives On" day of action vowed to "take to the streets, courthouses, and community spaces to carry forward his fight for justice, voting rights, and dignity for all."

"My philosophy is very simple," Representative Lewis once told an audience. "When you see something that is not right, not fair, not just, say something! Do something! Get in trouble, good trouble, necessary trouble."

**Call. Write. Email. Protest. Unrelentingly.**

Use/share this spreadsheet as a resource to call/email/write members of Congress, the Cabinet and news organizations.

Reach out to your own reps, as well as those in other states on a specific committee important to a topic you're sharing. Use your voice and make some "good trouble."

Representatives have big inboxes and need to hear from us multiple times. Every email counts. Every call matters. The more they hear from constituents, the more likely they are to act.

**Vote with our dollars**, thereby boycotting corporations and firms that cave in to Trump and rewarding those that don't.

## About Petitions

Some platforms are grassroots-backed and about real advocacy that actively try to pressure decision-makers, such as ACLU, Action Network, MoveOn, EarthJustice, and Common Cause campaigns.

Other platforms are about list-building; gathering supporters' contact info for campaigns, fundraising, and outreach, such as with Civic Shout, Care2, and similar sites.

## Spectrum of Petition Organizations

Grassroots-backed → Hybrid → Mostly List-Building

Category	Petition Organizations / Platforms
■ Grassroots-backed	MoveOn.org, Color of Change, UltraViolet, 350.org, Sunrise Movement, SEIU, AFL-CIO, Public Citizen, Common Cause, NAACP, ACLU, Working Families Party, Faith in Action, NY Communities for Change, Greenpeace, Sierra Club, Friends of the Earth, Earthjustice, Center for Popular Democracy, Indivisible
■ Hybrid	Avaaz, Credo Action, Daily Kos Petitions, Environmental Action, SumOfUs, Amnesty International (US petitions), Oxfam America, People's Action, Human Rights Campaign (HRC)
■ Mostly list-building	Change.org, Civic Shout, Care2 Petitions, Stand.Earth (petition arm), PetitionSite, ActionStation, MoveOn Petitions (self-service tool), Single-issue microsites, Action Network (when used by small groups mainly for email collection)

Note: Many organizations use petitions primarily as a way to recruit supporters. Those in the 'Grassroots-backed' category typically pair petitions with lobbying, legal action, protests, and media campaigns. The 'Hybrid' category mixes advocacy with list-building, while 'Mostly list-building' organizations tend to focus on awareness and supporter acquisition. Action Network is a platform: its impact depends on how groups use it.

## **Take Back Our Streets!**

It is evident that the current federal government does not respect the Constitutional rule of law, namely the Posse Comitatus Act of 1878, state sovereignty pursuant to the 10th Amendment, the right to due process pursuant to the 14th Amendment, and habeas corpus pursuant to Article I, Section 9 of the U.S. Constitution - to which government officials, including the executive power, made an oath. Pursuant to the First Amendment, it is indeed imperative that the people peaceably assemble.

"This country has a longstanding and foundational tradition of resistance to government overreach, especially in the form of military intrusion into civil affairs... This is a nation of Constitutional law, not martial law." - Judge Immergut, a Trump appointee from 2019

"When presidents deploy soldiers against their own citizens, they don't just violate constitutional principles -- they erode the fundamental trust between the government and the governed, replacing civic trust with fear and coercion. In standing up to Trump's strongman tactics, these judges remind us all that no president -- not even the one who appointed you -- is above the Constitution and the rule of law." <https://www.facebook.com/photo?fbid=1232235558934114&set=a.599146178909725>

California officials and legal experts called Trump's deployment of the National Guard without state consent "unprecedented," "inflammatory," "an alarming abuse of power," and a dangerous precedent that undermines the authority of every state executive in the nation.

Is a coup in operation in LA, violating state sovereignty pursuant to the 10th Amendment of the U.S. Constitution and establishing a dangerous precedent that undermines the authority of every state executive in the nation?! *"We are not going away. CHAIRMAN OF THE JOINT CHIEFS OF STAFF GENERAL MARK MILLEY  
RETIREMENT SPEECH AT JOINT BASE MYER-HENDERSON HALL - SEPTEMBER 29, 2023

American service members are obliged to refuse orders they believe unlawful. Articles 90 and 92 of the Uniform Code of Military Justice require service members to obey only lawful orders. To compel obedience, it must have a valid military purpose, be clear and specific, and not conflict with statutory or constitutional rights. The Manual for Courts-Martial states that an order can be presumed unlawful if it is patently illegal, such as directing unconstitutional acts against American citizens.

**IF GIVEN AN ILLEGAL ORDER:**

**"The Tenth Amendment to the U.S. Constitution** reads:

'The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people.- <https://www.archives.gov/founding-docs/bill-of-rights-transcript>

By deploying troops without state consent, the President is overriding state sovereignty, undermining federal law and defying the foundational documents of the Republic.

If a governor objects to federalization, the burden is on the President to demonstrate, legally and constitutionally, why that state's authority should be suspended over its affairs of public safety. The federal government must prove its case. Absent a collapse in law and order, the Insurrection Act cannot be used to mask political motives or suppress lawful protest.

The President's use of the military in contravention of the Tenth Amendment is a direct assault on the structural integrity of the Union, a raw power grab, leading to the slow unraveling of the Republic. If authoritarian practices are unchallenged and become normalized, autocracy will transit to fascism, unless the federal courts, and ultimately, the U.S. Supreme Court intervenes quickly. ...Let us not mistake constitutional governance for regime behavior." ## Shut Down the ICE Detention Machine

It seems that the federal government and ICE do not respect the Constitutional rule of law, namely the right to lawful due process and the fundamental right of habeas corpus, - to which government officials, including the executive power, made an oath.

Further, evidently Republicans believe in "states' rights" until a Democratic state wants to exercise its right to treat people with dignity and empathy, aka "sanctuary cities and states" <https://cis.org/Map-Sanctuary-Cities-Counties-and-States>.

Who actually is responsible for and has the final authority over ICE? CONGRESS! Congress passes the laws that create and control Federal agencies. Congress is the one who can rein in and stop this overreach! To call Republican senators and house representatives, (even if you are not in their district, or even party, because government representatives represent We, the People, not just "their people"), go here for phone lists:

**Immigrant/Deportation Rights**

Pursuant to Amendment XIV of the U.S. Constitution <https://www.archives.gov/milestone-documents/14th-amendment>, no State shall “deprive any person of life, liberty, or property, without due process of law; nor deny to any person within its jurisdiction the equal protection of the laws.” Pursuant to Article I, Section 9, “The Privilege of the Writ of Habeas Corpus shall not be suspended, unless when in Cases of Rebellion or Invasion the public Safety may require it.”  
<https://www.archives.gov/founding-docs/constitution-transcript>

### **Do this if ICE knocks on your door.**

All individuals in the U.S. have constitutional rights. That’s the law, regardless of whether or not they are being followed.

To preserve your rights:

1. If ICE comes to your home, you do not have to open the door.  
If ICE does not produce a judicial warrant, which is a warrant signed by a judge, you definitely do not need to open the door. Ice Warrants are usually administrative warrants, which do not give them the authority to enter your home without your consent. So if ICE comes to your door, ask them to slide the warrant under the door. You need to review the warrant to make sure that it’s a judicial warrant signed by a judge and not an administrative warrant signed by an ICE officer.
2. If you wish to speak to ICE, you still do not need to open the door. You can speak to them through the door.
3. If they force entry, you still do not have to answer any questions. You can invoke your right to remain silent until you speak to your attorney. You can tell them you do not wish to answer any questions without your attorney present, because you do have the right to remain silent. You do not have to show them any identity documents that would give any information about where you come from.

**How to protect yourself and your neighbors during this time when our government is acting illegally**

# IF ICE SHOWS UP, KNOW YOUR RIGHTS!

If immigration (ICE) comes to your door or stops you in the streets, you have rights!

## 1. DO NOT OPEN THE DOOR

ICE does not have the right to enter your home without a valid warrant signed by a judge.

ICE will not always identify themselves as ICE. If there is a knock at your door and they say "Police" it could very well be ICE. ICE will often say they are police to gain access to homes. If at any point they try to enter, or do enter, continue to say

**"I DO NOT CONSENT".**

If they insist they have a warrant ask them to slip it under the door.

Don't run and most importantly do not lie about your name, age, immigration status, etc. Anything you say or do can be used against you.

If ICE questions you, under the 5th Amendment, you have the right to remain silent and to not incriminate yourself.

## 2. REMAIN CALM

If you are detained, ask for an immigration attorney immediately. Although immigration does not provide attorneys, once you ask for an attorney they should no longer question you.

## 3. DO NOT SIGN ANYTHING

Ask to have documents translated. If you do not speak English ask for an interpreter.

Have an attorney look over any documents that ICE gives you.

## 4. RECORD

If you witness someone being detained by ICE, you have the right to record as long as you do not interfere with the arrest.

Pictures, videos, and any information you can gather, can help verify an immigration raid and also help someone's immigration case.

## 5. MAKE A FAMILY PLAN

If you have children, identify a caretaker.

Make sure your family is prepared if ICE arrives at your home. Have all your personal documents and finances secure.

Make sure you have at least one number memorized in case of an emergency.

## Regarding SNAP

AI Overview: There have been proposed and current efforts to get rid of or significantly reduce SNAP, primarily from the Project 2025 plan and a federal government shutdown in November 2025. Proposed changes include stricter work requirements, ending categorical eligibility, and altering benefit calculations.

The November 2025 government shutdown has caused a temporary suspension or delay of benefits, but this is a result of the shutdown, not a permanent change to the program.

### Proposed changes in Project 2025

- **Work requirements:** Increase the work requirements for able-bodied adults without dependents.
- **Categorical eligibility:** Eliminate "categorical eligibility," which would prevent states from expanding eligibility based on gross income and assets.
- **Benefit formula:** Roll back updates to the [Thrifty Food Plan](#) (TFP), which determines benefit levels.
- **Overall scope:** Some provisions suggest moving SNAP funding to the Department of Health and Human Services (HHS) to move all means-tested programs into one department.

### Current impact of the November 2025 government shutdown

- **Benefit suspension/delays:** Due to a federal government shutdown, the [USDA](#) has temporarily suspended the funding and issuance of November 2025 SNAP benefits.
- **Partial payments:** The administration has indicated it will likely only be able to make partial payments and that it is unclear when even reduced benefits will be distributed, [says The New York Times](#).
- **Retroactive payments:** Benefits that are missed due to the shutdown are expected to be issued retroactively once funding is restored, says a US House Representative's office.
- **Continued processing:** Despite the suspension of benefit payments, state agencies are still accepting and processing new applications and reported changes.

### Other potential changes

- **One Big Beautiful Bill Act:** A Republican-backed bill enacted in 2025 includes cuts to SNAP, such as ending funding for the SNAP-ED program, changing how states are funded for administrative costs, and permanently freezing the cost of the TFP, [reports the Center on Budget and Policy Priorities](#).
- **Shift in funding responsibility:** This bill also shifts a portion of the financial burden of SNAP benefits onto states, which could lead to some states eventually leaving the program.

Trump spent \$3.4 MILLION of taxpayer money to fly to Mar-a-Lago and throw a lavish Great Gatsby-themed Halloween party, while 700,000 federal workers go without pay and 42M Americans are denied SNAP benefits.

## A Critical Crisis Looms. Let's Stop It Now.

### Protect the Affordable Care Act Subsidies: A Call to Action for All Americans

Today our country faces a major healthcare emergency. Increasing insurance premiums, rising costs from providers and hospitals, higher deductibles, and exorbitant drug prices weigh heavily on millions of Americans, likely including you.

The Affordable Care Act began in 2014. Subsidies to lower premiums were put in place by the American Rescue Plan and extended by the Inflation Reduction Act. On December 31 these subsidies will expire. If they are not extended, millions will lose coverage because of dramatically higher premiums.

The fact is, regardless of your situation, whether you're rich or poor, employed or searching for work, millions of Americans without healthcare access will affect you and all Americans.

**Are you or is someone you know an American who might lose the subsidy for their ACA insurance plan?**

### The ACA subsidies expire on December 31, 2025, creating a ripple effect:

- Approximately 5 million people will no longer qualify for ACA plans.
- Premium hikes average 114% for another 17 million people. Many will be forced to drop coverage, including people with chronic or critical conditions.
- As healthy people give up ACA coverage, those who remain will be sicker and more expensive to insure, leading to additional rounds of premium hikes and people dropping coverage.
- Hospitals are required to provide emergency care to uninsured people; these costs are passed on to insured patients, further raising premiums. Unreimbursed care is already forcing rural hospitals to close.

### Urgent Call To Action

In the second week of December, Congress will decide whether to save the ACA subsidies. Contact your Senators and Representatives by phone, email, or letter, and urge them to vote 'YES' to extend the ACA subsidies.

Find your Senators and Representatives through [www.senate.gov](http://www.senate.gov) and [www.house.gov](http://www.house.gov), or call the Capitol switchboard at 202-224-3121.

### **Preserve the Judicial Branch's Constitutional balance of power**

Section 70302 of the "One Big, Beautiful Bill" limits the federal courts' power to enforce their rulings by holding an administration in contempt. A finding of contempt can result in steep fines or even jail time, and it's a key tool that judges use to make their rulings stick.

The Senate's draft of the bill goes even further by simply blocking judges from issuing injunctions against illegal Trump policies in the first place. Their goal is to remove any obstacles to Trump's ability to govern as an all-powerful dictator. And we know what that looks like: Elected officials arrested for asking questions, legal residents abducted by masked agents for their political views, U.S. Marines deployed against American citizens. The death of American democracy.

Our Constitution is made up of checks and balances for a reason, to check undue power and authority and ensure that no one, including public officials, representatives, and the executive power, is above the law. Courts were designed as a check on executive power, not an extension of it, and have the obligation to uphold their oath to the U.S. Constitution and hold accountable those acting unlawfully.

We must protect the brave judges who are doing so much right now to push back against Trump's tyranny.

Call your Congressperson and both Senators about *everything!* The Capitol Switchboard is 202 224 3121. Include preserving the federal courts' power to enforce their rulings by holding an administration in contempt.

### **Stand up to Trump's fascist regime, autocracy, tyranny, and overreach**

In its 2024 Donald J. Trump v. United States decision, the Supreme Court majority held that a former president has “absolute immunity from criminal prosecution for actions within his conclusive and preclusive constitutional authority,” as well as “presumptive immunity from prosecution for all his official acts.”

Specifically, in Trump v. United States, 603 U.S. 593 (2024), the Supreme Court held that a former president is entitled to absolute immunity from criminal prosecution for acts that fall within his “core constitutional powers.” However, the Court was explicit that this immunity is not unlimited. Immunity exists to protect the presidency as an institution, not to exempt presidents from law. The president must still obey the Constitution. If the president acts outside constitutional authority, there's no immunity.

Trump is not only *not* abiding by Constitutional law, but is acting unlawfully, abusing his power to give himself the powers of a KING, and abusing his immunity. In addition to Congress pursuing impeachment, the **No Kings Act** would REVERSE the Supreme Court's immunity decision and punish Trump to the fullest extent of the LAW.

**The Purpose of the No Kings Act:** To affirm that the president is subject to the same laws as every other citizen — both while in and after leaving office.

The Act aims to:

Clarify that no current or former president has absolute immunity from criminal investigation or prosecution.

Reinforce that the Constitution does not shield unlawful or self-interested conduct.

Ensure Congressional oversight and judicial review could still check presidential abuses.

**Impeach Trump - under Article 11, Section 4 of the U.S. Constitution**

The Supreme Court ruling on presidential immunity said that the president has broad immunity for official acts within the scope of being the president. Disobeying the law is not a presidential act, in fact it's the opposite, as the president is sworn to uphold the law. Moreover, while it has never been tested, it is generally understood that the one person that the president cannot pardon is himself. Further, presidential immunity does not prevent Congress from pursuing impeachment for presidential misconduct.

Many of the causes for impeachment are cited in the links below. Congress can impeach and remove Trump from office for any one of these acts. Congress should impeach and remove Trump for all of them.

UNITED STATES HOUSE OF REPRESENTATIVES  
COMMITTEE ON THE JUDICIARY  
WASHINGTON, D.C.

## ARTICLES OF IMPEACHMENT

Against

**DONALD J. TRUMP**

President of the United States

### PREAMBLE

Pursuant to the authority granted by Article I, Section 2, clause 5 of the Constitution, the House Articles of Impeachment et cetera grave abuses presidential power, violations of constitutional mandates, and conduct incompatible with the duties of the Office of the President and conduct unbecoming.

### ARTICLE I—WILLFUL ABUSE OF EMERGENCY AUTHORITY

Donald J. Trump did willfully refuse compliance with federal court orders by directing the continuation of deportations of asylum seekers despite mandating their suspension. This willful disregard for judicial authority undermines the separation of powers and violates constitutional guarantees of due process. Such conduct constitutes an abuse of the powers of his office.

### ARTICLE II—CONTEMPT AND DEFIANCE OF JUDICIAL ORDERS

The President did willfully refuse compliance with federal court orders halting continuation of judicial asylum seekers. Despite the court's clear orders, the President instructed executive officials to refuse testimony, critical and unlawful, thus precluding the Executive's duty to comply with the law. This constitutes a deliberate attack on the rule of law.

### ARTICLE III—SYSTEMATIC OBSTRUCTION OF LAWFUL INVESTIGATIONS

The President did improperly exercise federal authority by directing executive officials to refuse testimony, engage in efforts to impede and delay lawful investigations into misconduct, obstruction of Congress and obstruction of justice.

### ARTICLE IV—MISUSE OF FEDERAL FORCE FOR POLITICAL PURPOSES

The President did improperly exercise federal authority by federalizing the Washington, D.C. Metropolitan Police Department without legitimate necessity, deploying National Guard troops of the District of Columbia as an instrument of political intimidation, utilizing these forces not for public safety but to create a climate favorable to his personal political objectives. This constitutes a dangerous and unauthorized abuse of federal power, incompatible with constitutional principles of civilian liberty, democratic governance, and nonpartisanship.

### CONCLUSION AND RESOLUTION

By the above described Acts, Donald J. Trump, President of the United States hereby impeaches Donald Trump, President of the United States, hereby impeaches Donald Trump, President of the United States.

The Untied States of America?, Dennis Kucinich of The Kucinich Report  
<https://kucinichreport.substack.com/p/the-untied-states-of-america>

On 6/12/2025, Representative Jamie Raskin (D-MD), a constitutional scholar, stood in front of the Capitol and reminded Americans: "We have no kings here, we have no queens here, we have no emperors, we have no dictators, we

have no despots, and we have no serfs and no slaves and no subjects, and none of us is a subject to Donald Trump. None of us is a subject to Mike Johnson. We are all citizens, those of us who aspire and attain to public office are nothing but the servants of the people. And the minute that somebody in public office thinks that they're a king, they're a queen, they're an emperor, they're a dictator, that is time for the people to evict, eject, reject, impeach, try, convict, and start all over again, because the most important words of our Constitution are the three first words of the Constitution: 'We, the people.'"

## Commentary

It is evident that Democrats fear a fascist dictatorship, void of Constitutional checks and balances, the Constitutional rule of law, civil rights protections, social and environmental justice, and true representation of We, the People.

Likewise, it is evident that Republicans fear a socialist dictatorship, void of the protection of our civil rights and freedoms and of consent-based self-governance promised in the Declaration of Independence.

Regardless, surely we could all agree that instead of a government of, by, and for We, the People, our government, through such rulings as Citizens United (which in effect legalized corporations as people and money as speech), is a corporatocracy/oligarchy of, by, and for the corporations and billionaires, rendering We, the People, ultimately powerless... unless we rise up and take actions to restore our constitutional Republic.

As Benjamin Franklin stated, we have "a republic, if (we) can keep it." A Republic is a state in which the supreme power rests in the body of citizens entitled to vote and is exercised by representatives chosen directly or indirectly by them. It is governance of, by, and for We, the People, based on our consent and the protection of our unalienable rights! It is NOT a monarchy or oligarchy of, by, and for the ruling class and the billionaires. Our legal system, at least in principle, is rooted in the U.S. Constitution to protect individual rights and ensure equal and just treatment under the law.

With all we are witnessing with the current administration, which resembles an authoritarian fascist regime, and with the unconscionable rulings of the Supreme Court (such as Citizens United), **our task** is to:

- **peaceably rise up to restore the constitutional Republic of, by, and for We, the People;**
- **participate in demonstrations, vote with our dollars, implement strategic, regional general strikes in targeted sectors, like transportation, show up to Congress with a clear list of demands - to force a reckoning;**
- **petition our state representatives to:**
  - **demand allegiance to the 1787 Constitution of the United States,**
  - **insist upon resetting the balance of co-equality of each of the three branches of government, in this case to curtail the impulses of an emerging imperial presidency,**
  - **overturn such unconscionable Supreme Court rulings as Citizens United**  
<https://www.moveetoamend.org/motion>
  - **submit a Bill requiring all members of all three (3) Branches of Government and appointed Secretaries of Departments to pass an exam demonstrating that they have read and**

**understand the 1787 U.S. Constitution as well as the 1776 Declaration of Independence before taking their Oaths of Office!**

- **hold government officials accountable for not abiding by their Oath of Office!**

(So far, the American Civil Liberties Union (ACLU) is doing a good job in holding the Trump regime accountable for violating their Oath of Office:

<https://www.aclu.org/news/civil-liberties/we-are-defending-freedom-in-the-courts-and-still-winning>)

- **revendicate the promise of the Declaration of Independence, namely consent-based self-governance;**
- **reclaim the right of We, the People, the rightful sovereign, to issue the money for the common good (see <https://publicbankinginstitute.org/> and <https://commongood.earth/>); and**
- **collaborate to co-create the world we know in our hearts is possible. (Inspirational ideas are here: <http://www.consciousevolutionboston.org/The-World-We-Know-In-Our-Hearts-Is-Possible.html>)**

Interestingly, there is also a **3-dose remedy** to this corporatocracy/oligarchy and authoritarian regime – in the 1776 Declaration of Independence <https://www.archives.gov/founding-docs/declaration-transcript>:

When in the Course of human events, it becomes necessary for one people

(1) to dissolve the political bands which have connected them with another, and

(2) to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should

(3) declare the causes which impel them to the separation.

**Some of the current causes are listed here:**

The latest:

- California officials and legal experts called Trump's deployment of the National Guard without state consent "unprecedented," "inflammatory," "an alarming abuse of power," and a dangerous precedent that undermines the authority of every state executive in the nation. It seems that the federal government and ICE do not respect the Constitutional rule of law, - such as state sovereignty pursuant to the Tenth Amendment, as well as the right to due process pursuant to the 14th Amendment, and habeas corpus pursuant to Article I, Section 9 of the U.S. Constitution, - to which government officials, including the executive power, made an oath.
- The Trump administration pursued an unconstitutional act of war with Iran - in violation of Article I of the U.S. Constitution which grants Congress exclusive authority to declare war; in violation of Congress's role in warmaking under the War Powers Resolution; in violation of international sovereignty and the principles of the UN Charter. Both U.S. law and the UN Charter permit military force only in self-defense against an *imminent* threat. The June 2025 strikes arguably failed the imminent threat test under Article 51 of the UN Charter and U.S. domestic law. Preemptive or preventive strikes—without clear evidence of an upcoming attack—are illegal.

## **New Paradigm Ideas**

As stated by R. Buckminster Fuller, *"You never change things by fighting the existing reality. To change something, build a new model that makes the existing model obsolete."*

*"When a complex system is far from equilibrium, small islands of coherence in a sea of chaos have the capacity to shift the system to a higher order."* - Nobel Laureate Ilya Prigogine

\*\*\*

The wisdom of nature teaches us that quantum transformations are nature's tradition; problems are evolutionary drivers; crises precede transformation; through synergy and greater cooperation, nature creates new whole systems out of separate parts, cooperating synergistic whole systems. - from Barbara Marx Hubbard's very compelling video, [Our Story](https://www.cultureunplugged.com/play/8380/Our-Story) <https://www.cultureunplugged.com/play/8380/Our-Story>

*"Acute crises and dysfunction always precede or coincide with any evolutionary advancement or gain in consciousness."* - Eckhart Tolle

\*\*\*

Consider that for the past 2000 years, we were to learn the Golden Rule, "Do unto others as you would have them do unto you." We must now learn, "We ARE thy neighbor, we ARE Earth Mother, All is One".

Here is a beautiful video worth checking out: Sacha Stone address to the Alliance of Indigenous Nations (AIN) Summit – Resurrection of The Eternal Mother <https://www.youtube.com/watch?v=89V380SNxWA>. The final statement: "There must be a return of the talking stick to the Grandmothers. We must all now revert to the universal law 101, which runs through the ancestral veins of all of (us). The warrior class of men are not equipped to make determinations right now...we are too caught up in...bad dreaming. Take the knee to (our) Grandmothers. Take the knee. We must resurrect the eternal Mother!"

This is in keeping with the role of women in the Iroquois Confederacy, which has a strong matrilineal system whereby the Iroquois women have considerable influence in governance, culture, and social structure. While men hold formal political power as sachems (chiefs), each clan has a Clan Mother, who retains the authority to nominate, hold in office, and even remove chiefs who represent their clans in the Grand Council. Chiefs are expected to act in the best interests of their people and are accountable to the Clan Mothers who select them. The Clan Mothers in the Iroquois system of governance have the power and authority to hold accountable and remove chiefs who are not fulfilling their duties effectively, by offering the chief warnings and counsel, removing his authority if necessary, and selecting a replacement. This is a crucial element of the Iroquois governance structure, ensuring accountability and prioritizing the community's well-being.

*"No problem can be solved from the same level of consciousness that created it."* – Albert Einstein

**IMAGINE** 🙏❤️ - John Winston Lennon

Imagine there's no heaven  
It's easy if you try  
No hell below us  
Above us, only sky  
Imagine all the people  
Livin' for today

Imagine there's no countries  
It isn't hard to do  
Nothing to kill or die for  
And no religion, too  
Imagine all the people  
Livin' life in peace

You may say I'm a dreamer  
But I'm not the only one  
I hope someday you'll join us  
And the world will be as one

Imagine no possessions  
I wonder if you can  
No need for greed or hunger  
A brotherhood of man  
Imagine all the people  
Sharing all the world

You may say I'm a dreamer  
But I'm not the only one  
I hope someday you'll join us  
And the world will live as one
