

The **official list** of **scammers**  in the **webkinz** community &
across platforms 

credentials: as the former co admin of the largest webkinz [Facebook](#) group & still bestfriends with the current owner, I am aware of **all reported scammers** that we have banned over the years/ current ones. I have a pinned post in [Everything Webkinz Related](#) (the most active webkinz group on Facebook) from 2021 to keep up with the scammers but I thought a doc might be more convenient across platforms. I also  the largest webkinz subreddit [r/webkinz](#) with my team so I am aware of the scammers banned there too as well as [r/WebkinzBuySellTrade](#). if anyone wants to **report a scammer** from discord/ reddit/ Facebook/ mercari/ebay/ poshmark, etc. please message me or anyone on the team so we can keep this as up to date as possible to keep the community safe from them  *  contact me on:

reddit: u/mriakashkareva

Facebook: lolmria21

reddit users: please be aware to check out your potential seller/trader on how long they have been on reddit (very easy to make new anonymous accounts), their karma (upvotes vs downvotes on their content in communities), & if they are on the [seller review megathread](#).
