
Hey Julia,

I know you think that I have forgotten what is so special about today. But no, how will I ever forget the day when I felt violins all around me, the twinkle in your eyes made me feel butterflies inside me.

I am the luckiest man alive who got a partner so supportive and caring. You proved to be the best friend, wife, and mother to my kids.

I know I have disappointed you a lot of times but today on our 7th anniversary I want to promise that whatsoever happens I will never leave you, I will stay by your sides in all the ups and downs, in happiness and in sorrows.

I see a future with you which is as bright as your smile, is as deep as your eyes. I want to stand in front of the sea on our 60th and scream that I love you and will always do.

You made a messy life of mine a stable one. With you by my side, I feel a lot stronger, and I certainly feel that you are my biggest strength. Wishing both of us a very happy future ahead.

Love&More love

Ronny
