

Accessing Greece Resources At Home

Start at www.greececsd.org , the Greece website.
Hover over “Student.”

Click on “Popular Pages.”

Click “Sign in With Google.”

Your student's username is their Greece email address, which your teacher will provide to you. It ends with @GreeceCSDStudent.org (please note that this is not a functional email address at this time. It is only used as a username at the K-5 level).

Example Student Email:

ac123456@greececsdstudent.org

(first initial, last initial, 6 digit
code@greececsdstudent.org)

Your 1st and 2nd grade student has an individual password that he/she uses every day to log onto his/her school Chromebook. *If he/she really cannot recall the password, email his/her teacher or Ms. Carmack directly (anne.carmack@greececsd.org) to ask for a password reset.)*

Once students are signed on, you will see a screen that looks like this:
