

Characteristics of Leadership Project

DIRECTIONS-- Your Leadership Characteristics Project will have three stages. In order, those stages are...

The 3 Stages:

1. Foundational Leadership Research
2. Essay on Leadership
3. Presentation for your Essay

You will start Stage 1 by using the Internet to do some foundational research and take notes on what leadership is, what traits make a good leader, and what styles of leadership there are. Then next, in Stage 2, you will write a personal essay that answers the question “What is Leadership to Me”? Finally, in Stage 3, you will create a presentation that you will share with the class.
