

FANTOMUKAERU IS A *DISGUSTING* PERSON

For starters, FantomuKaeru, or "Monogray" is a well known artist in The Walten Files community, and has been doing collabs and projects with people along the years.

He was known as *Pohji_74*, *FantomuKaeru* back then, and was also famous for doing the same things he does now, this doc is to talk about the disgusting behavior he's shown, and what he's probably done to other people, i do hope this doc encourages others to come out about anything they may have done to them.

(apologies for the non clear timeline and general messiness, we are all bilingual and have different date formats from different countries, along with these screenshots all being taken at different times as we've been building this up for a while, we tried our best to make a clear timeline so you guys can understand everything)

TW: mentions of rape/assault/sexual abuse, racism /racist jokes, suicide

CONTEXT:

before we talk about the friendship, i think it would be proper to explain why my freind acts and does the things and the way they do. my freind was raped countless times throughout their entire life, they suffered multiple instances of sexual abuse and not only that was exposed to a sexual content at a very young age, now my freind vents through art, specifically suggestive art, now for awhile fantomu and my freind were close for almost a year (give or take) their friendship started to decline after a couple of "red flags" as fantomu describes them, the red flags being suggestive gifs and art being sent in *private* dms, said gifs and images didnt contain any explicitly sexual content.

examples of the gifs sent.

(These gifs were made with a satirical purpose only)

we would like to point out that in response to said gifs, fantomu gave my friend the idea of them not caring about it, my friend was under the assumption that they didn't have a problem with it.

THE DISRESPECT OF BOUNDARIES

This comes after their (My friend and Fantomu) friendship ended.

The first confrontation happened around **February 20th 2026**, fantomu was making fun of my friend and also slandering him, after my friend found out, my friend not only texted fantomu hoping to fix the situation and get him to stop spreading lies and slander to mutual friends and shit talking behind their back ONCE but TWICE.

once was already about them making another close friend uncomfortable with the stalking accounts and liking their posts after a CLEAR disliking towards them, but also about the slandering.

(Yes, fantomu after ending his friendship with some people, used to stalk not only my friend, but also other people, as a way of mocking them.

Even tho at the time these people were not on their right space, fantomu knew about these stuff, he never stopped stalking these people to mock them)

After this, my friend and his friends followed their lives, it wasn't until around **June 1st 2026** a person showed that fantomu still kept shit talking and slandering my friend, after he found out, he tried talking AGAIN with fantomu, but this time they expected at least an apology, because this kept happening for a prolonged time.

(THESE SCREENSHOTS WERE TOOK BY SAID PERSON WHO SHOWED THE SCREENSHOTS
THEY WERE TOOK **MAY 6 and 30**)

(**MAY 6th**) this shows fantomu continuously looking back at chris's accounts, after we explicitly asked them to stop stalking our accounts, on **FEB 20th**

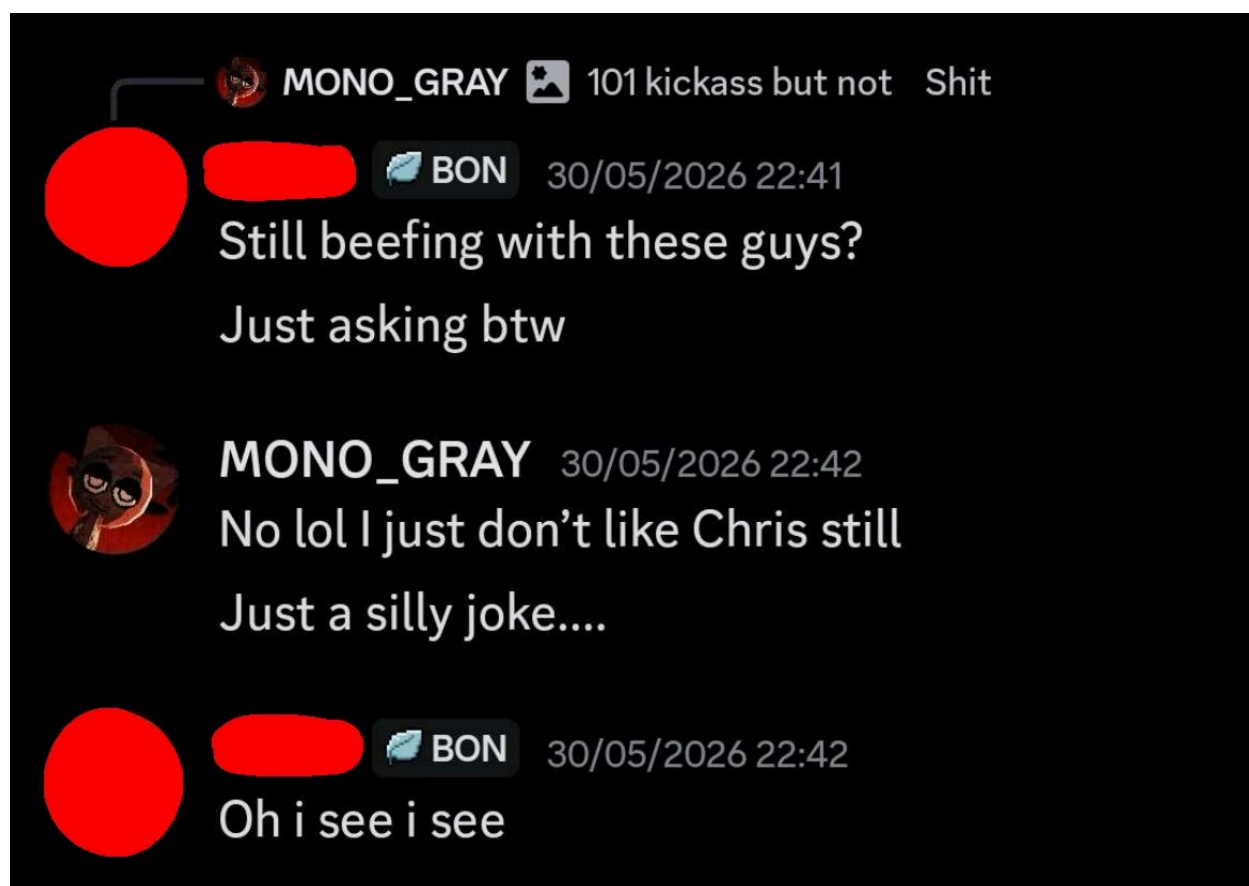

MONO_GRAY 30/05/2026 22:40

My crew...

101 kickass but not Shit

now these were nearing the end of the month (**MAY 30**), this shows again, fantomu's borderline obsession with my friend MONTHS after they made it clear to just leave them alone, constantly comparing their projects (which is a frequent occurrence you'll see)

(For context 101Kickass is an mod created by my friend)

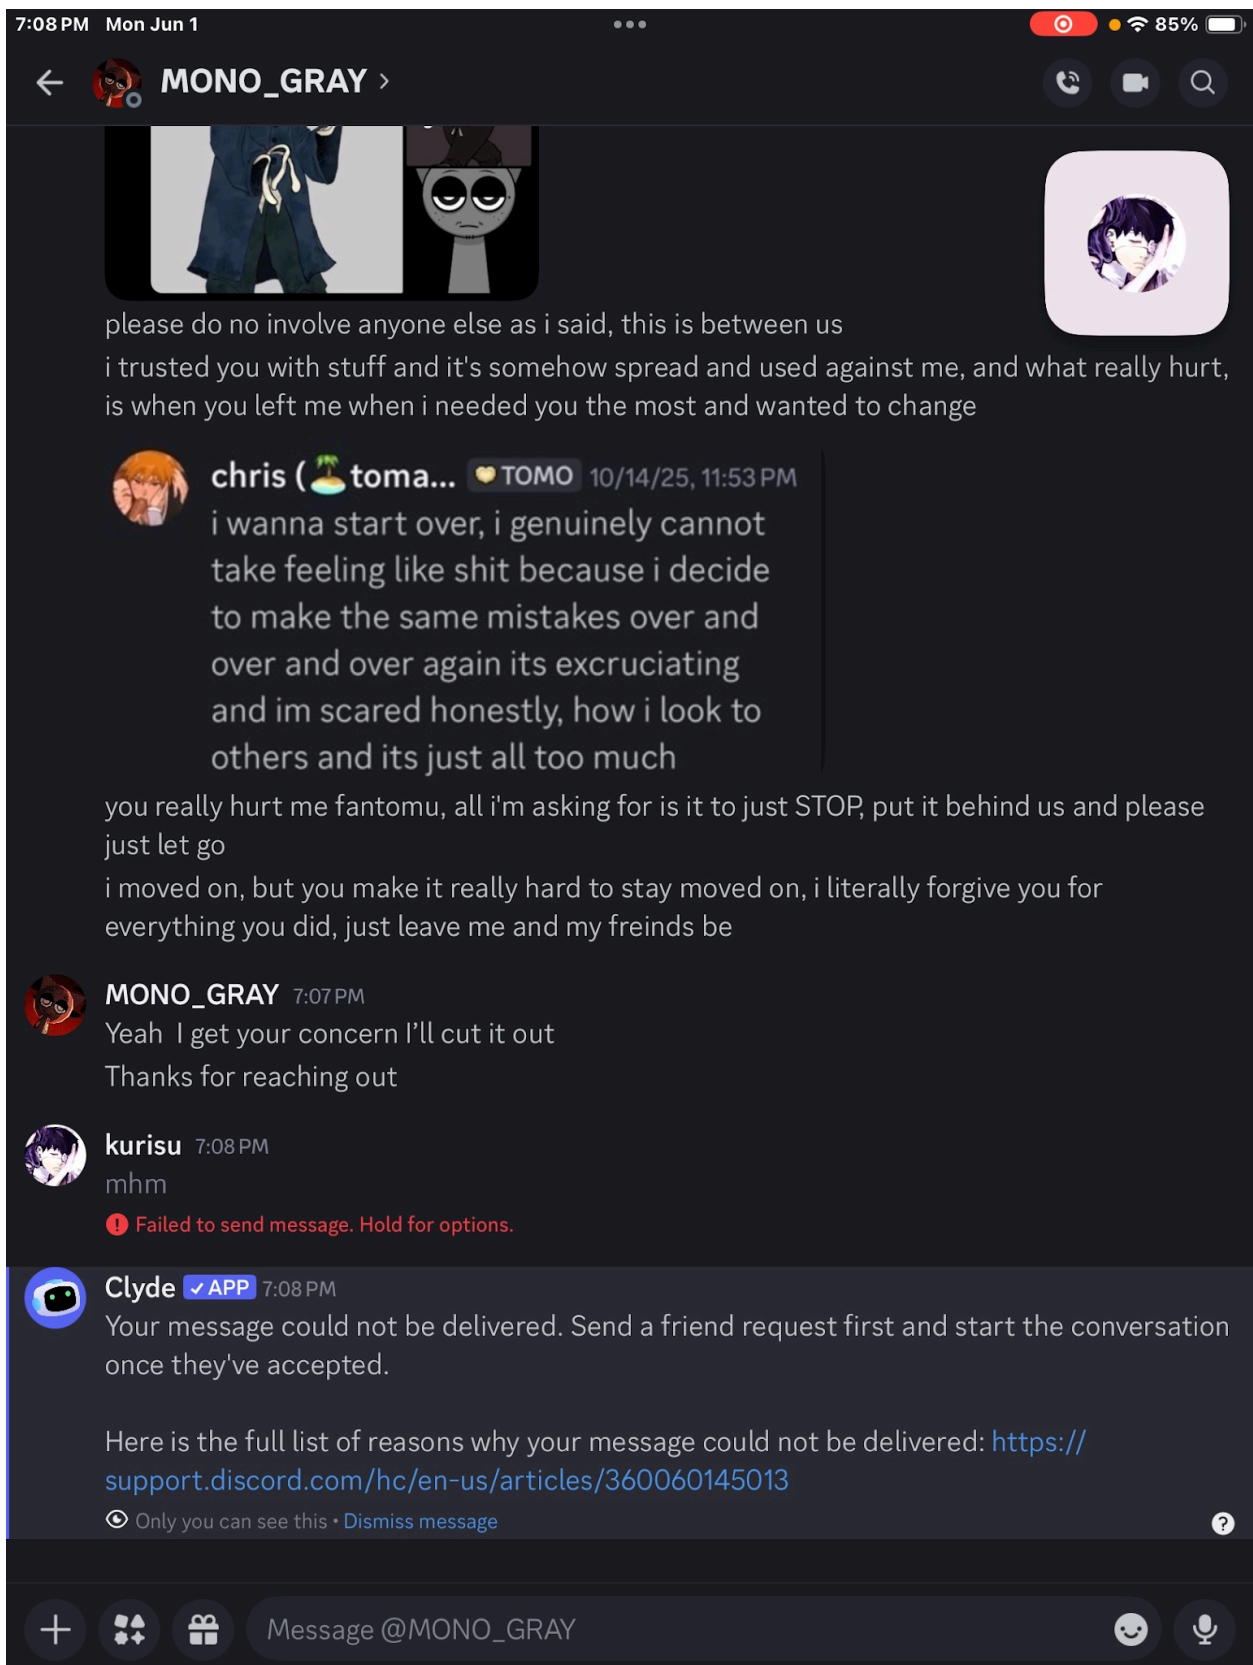

After this, my friend came to fantomu's DMS talking about everything he felt. they at least expected an apology. Fantomu never apologized for anything said in these screenshots below)

kurisu 6:57 PM

1. **the shit talk**, fantomu ima be so real with you, i havent said a word about you, i havent spoke shit, havent slandered, havent done anything- in fact i defended you many times after our friendship from the countless people you've upset with the petty shit talk, you need to grow up fantomu, its time you let go, i made some really shitty and quite frankly understandable mistakes when i was **14-15**, im 16 fantomu, idk why you are still slandered me? and my freinds! you need to stop, you really do because its making my girlfreind upset and uncomfortable, its making cacau upset and uncomfortable, these two people i hold closest to me. please do not drag them into something i did.
2. **why i act the way i act, why i do what i do**, im gonna be upfront with you and not censor myself at all. fantomu you call me weird without a second thought, and you make fun of me, and i even find out my work was spread among a server full of ADULTS, which really hurt me. why i act "weird"? i was raped my entire life, i havent had a single year in my life where i havent faced SA or SH, sex and unhealthy relationships are all ive known my entire life, i've literally been forced it down my throat, ive been raped by freinds, family, people i thought would never. why am i saying this? because, drawing is my coping mechanism, it has been since i was a TODDLER, now drawing suggestive stuff helps me, and the fact my PRIVATE coping mechanisms were somehow spread, really really fucking hurts, hurts to the point ive resorted to hurting myself. you see why this is such a big issue now? it really hurts fantomu, your "jokes" hurt, your petty "beef" hurts, please stop it.
3. **the hypocrisy**, among the many other shit you spewed about me and to me, one thing stood out, the nword! when i called out peter on joking about it, you borderline defended him and not only that, tried to antagonize me for SAYING the nword, knowing FULL well i am a black teen (gonna continue)-

after this lengthy paragraph explaining almost everything, this is what my friend was met with:

no apology, no respect, just a "i'll cut it out" followed by a block.

And after that, he *KEPT* doing the exact same thing.

1. THE GENERAL WEIRD BEHAVIOR

along with blatantly disrespecting my friends trauma, they not only joked, but fantomu also was bringing this to work environments, he would also lie about my freind being "toxic".

these were taken in a work server again, MONTHS after the first ask to leave my friend and his friends alone, and pietro (Mspie*) kept going along with it, even shit talking another person who's gonna be anonymous, as they do not wanna be associated with anything said in here. But in all, instead of asking to stop, Mspie went along with this, and again this is a *WORK* space.

(In no way possible we are trying to drag Mspie* in this, but it's weird how he went along with this in a work environment, full of people who didn't know who my friend was, some people knew, some didn't.)

Chris' FNF mod the balls freind group gang thing

(IMPORTANT NOTE:

These screenshots were took months after my friends 1st confrontation, which basically shows that fantomu still kept making jokes and for what it seems, LYING about my friend, saying that "Chris is toxic"
(When that's not true at all.)

They were all joking around about everything. and yes, fantomu knew my friend's outlet (drawing) and still joked about it.

chris FNF It contains gulp....n-n-nudity.....
OH NOOO

^^

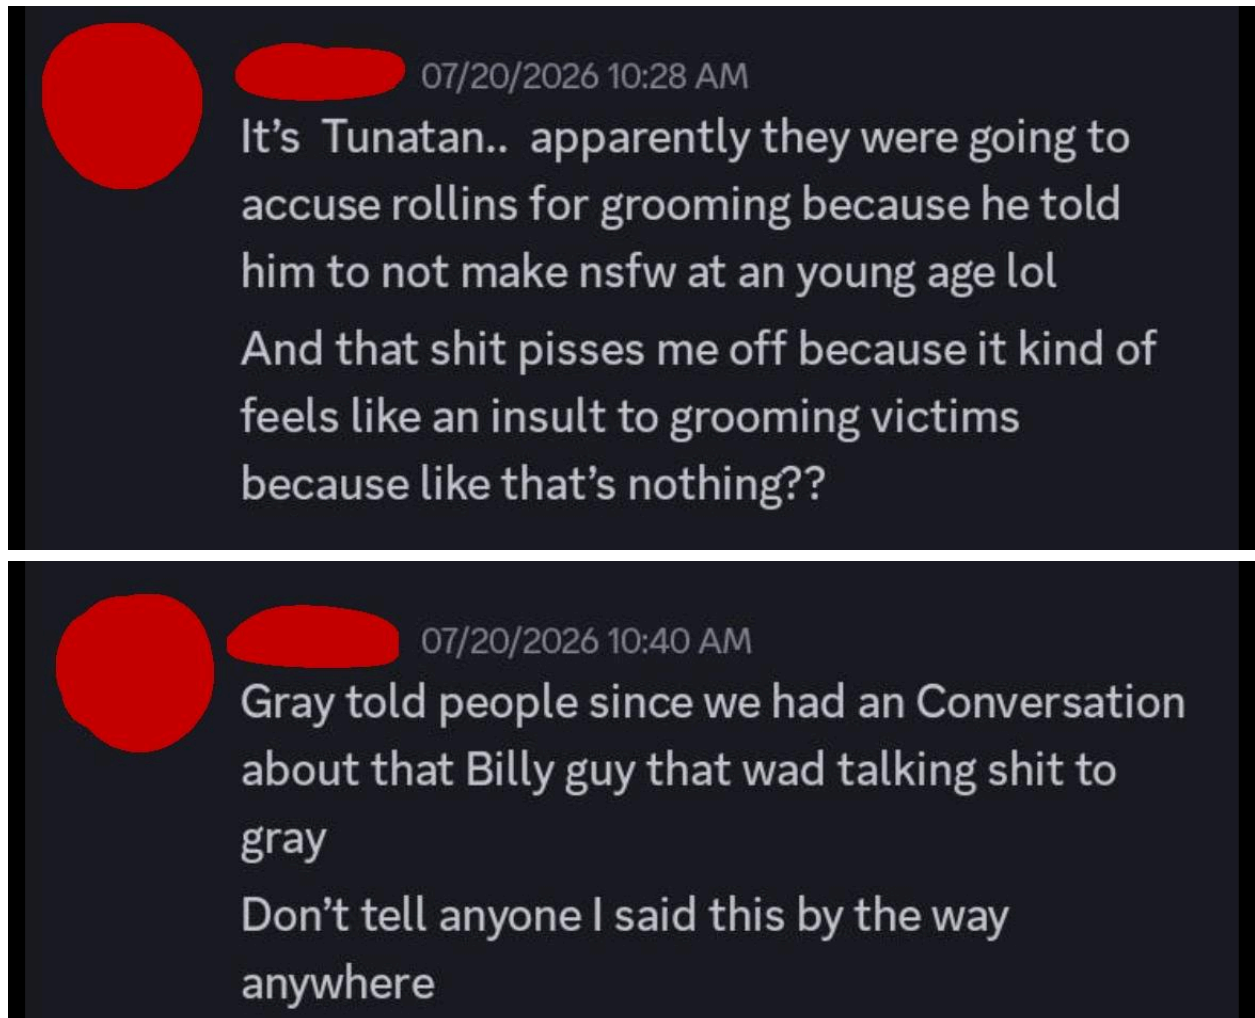

Monogray BON 8/21/25, 1:44 AM
Ahhh now i remember

chris FNF 8/21/25, 1:45 AM
and its technically "vent art" if u will

we also just found out recently that "Grey" / Fantomu spread lies about my freind calling rollins a groomer for some reason, when this was never said ever.

2. THE HYPOCRISY AND RACISM

fantomu is a hypocrite and a clear racist as well, for context in 2025, my friend as a black person, rightfully called out a joke a walten files crew member (petertriesricecakes) had said containing the n word, my friend was deeply uncomfortable with this joke and when brought up to fantomu, fantomu tried to defend peter by saying my friend says a word they are allowed to say "all the time"??, along with how them voicing their uncomfortability as a black person was "unnecessary" and that it was only a "year ago" (as if that even matters, and again, my friend is black and can absolutely do say the n word)

peter tries pre app... 🍌 6/14/24, 11:43 PM

BREAKING: "bon" confirmed to say the
n word in twf 5

MONO_GRAY 3/13/25, 10:37 PM

Honestky I dunno how to feel with how
you treated it the announcement felt
unnecessary

MONO_GRAY 3/13/25, 10:39 PM

Butttt why tho Honestly Peter only
like mentioned it but you say the literal
word all the time
Plus that message was like a year ago

(Clarifications:

Peter said that joke around 2024, my friend was just scrolling around old messages in the server and then called it out publicly in the server
in 2025)

as well as fantomu themselves even joking about the n-word

chris FNF 9/25/25, 2:46 AM

are u gonna get all the fat niggas?

Monogray BON 9/25/25, 2:47 AM

Why get them when you are the fat knicker

chris FNF 9/25/25, 2:47 AM

this is mean u js called me fat and a nigger in the same sentence

Fantomukaeru 1/16/25, 11:54 PM

What if I said the n word

chris (tomad...) TOMO 2/17/25, 5:27 AM

yes guh

MONO_GRAY 2/17/25, 5:28 AM

Put ni at the start

IMPORTANT NOTE:

you could say "he's not racist, he doesn't hate black people" racism is the indifference to discrimination and black struggle and the screenshots below show a disregard for a black person's wishes and downplays their pain (again my friend is black, they said recently looking back that all of these back then were uncomfortable, and they shouldn't have enabled this behavior.)

Fantomu has clearly shown signs of being a liar, a racist, a backstabber, a shit friend and an overall horrible person. My friend tried sorting things out with fantomu privately to just end things 2 TIMES, yet he kept stalking, slendering and making fun of my friend and their work countless times, along with embarrassing himself on multiple occasions by being egotistical, constantly comparing their projects, **which ALL pushed and pushed my friend to almost take their life.**

You can argue that this document could've been solved in private, well, as you saw my friend did try to solve this TWICE, and fantomu clearly shown that he doesnt want to change and doesn't care, he knows the stuff he has done, and while my friend isn't a saint, fantomu just refuses to change and apologize.

And fantomu if you're reading this, knowing you, you can deflect and defend yourself and put out all the dirt you have on them, but in the end they put their foot forward and took accountability, apologized and changed, while you haven't even took the first step. you never apologized for anything you did, you never apologized for driving my freind to **SH**, you never apologized for almost driving my freind to **suicide**, you never apologized for being a **racist** piece of shit, you don't deserve the support you have in the slightest, and i hope the jokes were a good laugh, you hurt my friend deeply.

IF YOU KNOW ANY OF THE PEOPLE IN THIS DOC, PLEASE DO NOT HARRASS THEM, LEAVE THEM OUT OF THIS.
