Question/Concern

Response

Why does the link not work when I add it to an external app like Google Slides, Google Classroom or Google Docs?

The materials are not OER (Open Educational Resource), therefore the material can not be accessed outside of the portal unless it is a PDF. If you embed a link somewhere (non PDF), make sure you have your McGraw Hill teacher portal open in another tab.

that shows the student home page for Wonders?	
Wonders documents are not loading: shows it is available as a PDF, but I can only get the first page.	<p>Below are the steps to adjust Chrome's setting to download the PDF without viewing it in the browser first.</p> <p>Step 1: Open the Chrome menu, and then click Settings. Step 2: Search for Site Settings Step 3: Scroll down and click on PDF Documents Step 4: If turned off, enable the switch next to Download PDF Files Instead of Automatically Opening Them in Chrome</p>
How do I reset my Wonders planner?	<p>To change the start date of your class, hover over Plan on the title bar and select Calendar. Open the drop-down menu for the first teaching day on the calendar and select Move Lesson Block. Select the date on which you want the school year to begin and the rest of the calendar will flow automatically. You also have the ability to condense or expand each teaching block to match your preferred pacing.</p>
How do I remove a student from my class?	<ol style="list-style-type: none"> 1. Select the Wonders Teacher Edition. 2. Hover over Manage and Assign on the title bar and select Class Details for the appropriate class. 3. Locate the student's name on the class roster and select Remove.
How do I share my Wonders class with another teacher?	<ol style="list-style-type: none"> 1. Select the Wonders Teacher Edition. 2. Hover over Manage and Assign on the title bar and select Class Details for the appropriate class. 3. Select Share in the middle of the page. 4. Enter the teacher's email address, add an expiration date, and then check the boxes to set what level of access you want to assign the teacher. 5. Select OK when you are finished. <p>VIDEO</p>
If I shared my class with other teachers, can they create assignments?	<p>Teachers can share the class with specific teachers. The default class sharing option is to share the class planner, but they can grant edit access to the planner and/or be allowed to interact with students, which enables them to view the class roster and make class assignments. Note: For assessments, teachers that have share access to a class can only see the scoresheet and not the actual assessment.</p>
How do I assign online assessments?	<p>Video</p>
