

Gapminder® Data

Free data for a fact-based worldview

Most (not all) content in our [public data folder](#) is provided under Creative Common Attribution Licence 4.0.

Our data calculations and outputs are all free to use under CC BY 4.0 license. But in this folder we also sometimes include the input data used for the calculations from external sources which are not covered by this license. Such tables, files and data sheets are labeled “Source data from” and their contents are not covered by this license. But for all other data in [this folder](#) are free.

Which means: Please use it and redistribute it in any way you want!

You are allowed to:

- **Remix** - You are allowed to change the material and include fragments of it in other works.
- **Spread** - You are allowed to make copies, distribute, publish and transmit the material.
- **Sell** - You are allowed to include the material in commercial products or services that you charge for.

The only requirements are:

- **Attribution** - You must make clear to others the license terms of this work and include this citation:

”Free data from www.gapminder.org”
