

Ride With Me

Simon Elijah

Chords repeat for all parts of verses

Capo II

(Verse 1)

C F
When will my long day be done
C. G
Wanna get outside and enjoy the sun
C. F
One more zoom call, just one more boring class
C. G C C7 C
Then I can take a bike ride with you, a memory that will last

Go outside, lube my chain, put some spandex on
Click the helmet, grab the gloves, bike around the lawn
I yell up to where you're working, up on the second floor,
You're busy now, but pretty soon, we'll be out the door

(Chorus)

F G. C
Won't you please take a ride with me
F C G
I'll feel sane, and I'll feel free
Am. C
I've been glued to my laptop screen
F C G. C
So won't you please take a ride with me

(Verse 2)

Cross the road, hug the shoulderline
1 by 1, as we're pedaling in time
Through the fields of hay, fields of soy, every kind of grain
Up a hill, coast on down, then back up again

Pass water towers, neighborhoods, rivers streams and ponds
Shady forests, quiet lanes, pastures full of rocks
We get flat tires, brake malfunctions, we get aches, we get sore
But nothing stops our team of two from riding a little more

F G. C
Won't you please take a ride with me
 F. C. G
I'll feel sane, and I'll feel free
 Am. C
I've been glued to my laptop screen
 F C G. C
So won't you please take a ride with me

(Bridge)

Am.
As we pedal through our afternoon, we make
F
plans for bigger rides
 Am G
We could crank all the way to Canada, Maybe bike the great divide
 C. C7
Along the Blue Ridge parkway, 100 miles, maybe
F
two
Even through the journey's hard, I'd do it all with
G D
you

(Key change chorus) x2
