Enrollment and Employee Handbook

Hello All,

As discussed during our recent meeting we have two remote tasks. The first is;

Enrollment - would like to resolve by Monday 11-March

We have 21 applicants for 30 spots however 6 of them are from communities other than Derry. The deadline of 29-March is fast approaching. We are looking for options on modifying the enrollment schedule to fill all the slots. Suggestions previously made are;

1. Extend the date to the end of April or May
2. Process the current applicants normally and open a second enrollment period to end of May or June before moving to rolling admissions
3. Leave as is

Employee Handbook - need to approve at our next meeting

Please review the Employee Handbook and reply-all with questions or comments. We can set up a conference call to discuss and finalize in time for our next meeting.

Thanks,
Ken
