

WOLLEMI CAREERS NEWS

Keeping you updated with careers-related information from a multitude of organisations.

HOW THIS WORKS...

Wollemi Careers News will provide students with a regular summary of information that comes from various external organisations.

Given the vast quantity of materials that are sent to the college each week, this publication will:

- filter and organise information
- lay it out in a way that is easy to navigate for students
- provide weblinks that make extra information accessible

A new publication will be created each term, and updated every couple of weeks.

- With each update, students will be notified via email
- The email will include items of note (so students know if there is content relevant to them even before opening)

When students come across something of interest, they are encouraged to discuss it with their parents, mentors and Mr Garzaniti.

[**>> Take me straight to the latest updates <<**](#)

Term 2 2025

	Students interested in becoming a pilot	Aviation Experience Day (Bankstown Aerodrome)  Join us for an Aviation Experience Day Spend the day with us at Bankstown Aerodrome as we show students what it's like to be a student pilot for a day. Students will navigate from point A to point B, fly a 737 jet, sit in our brand-new aircraft and experience what a future in aviation would look like for them. WHAT TO EXPECT Fly a 737 Simulator UNDERSTAND AIRLINE FLYING Students will get a taste of what it is like to pilot a twin-engine commercial jet in our fully immersive 737 Simulator. Sitting in the captain's seat, students will be guided by an experienced and knowledgeable airline pilot. Benefits for students: • Learn about the basics of flying a jet • Feel what it's like to be in control of an aircraft • Discover what it's like to be a commercial pilot  Navigate as a pilot UNDERSTAND TECHNICAL SKILLS Students will step into the shoes of a pilot to navigate and plan a flight. They will learn  Learn about aircrafts UNDERSTAND PHYSICS IN FLYING Students will learn about the features of a light aircraft, particularly the latest 2021 Piper Archer TX. Benefits for students: • Learn about the different parts of a plane • Get a sense of what it's like to be in control of an aeroplane • Perform basic tasks that pilots complete on a daily basis, including a pre-flight inspection • Draw parallels with the school curriculum particularly science and physics.  Inspired by a pilot UNDERSTAND PILOT JOURNEY Students will have the opportunity to listen to the experiences of a commercial pilot. 	 AED Flyer.pdf
