Student Culture & Climate Team

Oakland High's Student Culture and Climate Team is committed to strengthening and supporting our affinity groups on campus, spreading awareness about the importance of mental health, and using restorative justice to create a strong foundation for our community. We believe since students are affected the most by what happens in our communities they should have a say in what policies and programs are implemented at Oakland High. This team will confront and correct the issues in our school community by working with students and listening to student voices.

SCCT Committees: Every Committee does Big Projects/Events, but it is up to students on what fundraisers, events, and projects that they do. Click here for more information.

- emPOWER:
    - emPOWER is an organization that was founded to support Black youth by providing them with a platform and resources to amplify their voices, cultivate leadership and organizational skills, and initiate positive change within their communities.The Change Conversations program is an open and honest dialogue exchange that informs and educates high school students about social justice topics that impact marginalized communities, and will foster solutions to issues raised during the conversation.
    - This is an 8-week after-school program that would be open to all Oakland High School students. The program would be 1 day a week for 1 hour and 30 minutes.
