

Meeting Notes

2025/04/09 1:00 - 1:30 PM

Kate, Jeff, Kirk, David and team, Liz, Brian, Joji

1. Introduction (Joji)
 - a. School Facility Authority and its role
 - b. Role of RT Tanaka, and HIOG
2. Project Summary (Joji)
 - a. Location
 - b. Scope
 - c. Timeline
 - d. Current status
3. Site Plan (David)
4. Q&A
 - a. How many are driving to the new school and how far?
 - i. This depends on the school district zoning change by DOE. (Liz)
 - ii. I attended Wailuku ES. My neighbor lives close to Puu Kukui Elementary, but drives kids there because there is no safe walkway. (Kate)
 - iii. Presented the F&P traffic study with pedestrian access.
 - iv. It is good to have pedestrian access at the midpoint of Olohe street. (Kate)
 - v. It is also good to have another pedestrian access at the midpoint of Puapualenalena Street. (Kate)
 - b. I attended a small school growing up. It is nice to have a large K8 school for kids to grow together. (Kate)
 - c. The biggest concern is water and wastewater. (Kate)
 - i. Potable water is from a private supply. (Kirk)
 - ii. Waste water: Requested capacity at Kahului WWTP, and planning to connect to the new Waikapu WWTP at the time of completion, which is expected in 2030. (Kirk)
 - d. I like the concept. There is a place to grow food, a place for the community to get together. (Kate)
 - e. Make it easy to walk to school, and easy to drive and drop off. (Kate)
 - f. Do we need to update Zoning Ordinance Title 19, Chapter 19.96 (Waikapu Country District)? - No need to update (Jeff)
 - g. I will review the design with the team. (Kate) -> Site plan PDF was shared.
