

Dear Cuda Band Family,

I welcome each and everyone of you to the 2023 Barracuda Marching Band. With the revised school calendar some adjustments have been made to our regular dates and times. Please make sure to carefully note what your report dates and times are as we layer the activities in August. In addition, we will ***jump start the summer with a mini camp on June 12&13*** familiarizing the new members with the program, the expectations and the skills to take on this new activity called Marching Band!!

The Percussion/Leadership Camp begins July 31 & the **ENTIRE** Marching Band Camp will begin Monday August 7. Please be reminded that **this is a physical activity** that serves as a waiver for part of your Physical Education requirement. **For those who do not spend time participating in a sport or outdoors in the summer heat, it is in your best interest to acclimate yourself to the elements, so you are prepared to succeed in August and throughout the Fall season.**
