Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

This Action Plan provides the basis and strategy for the use of federal funds granted to the City of Medford by the U.S. Department of Housing and Urban Development (HUD) under the Community Development Block Grant (CDBG) program. This plan presents proposed objectives and outcomes for the third year of the five-year Consolidated Plan (2015-2020). The City will apply for an estimated \$1,562,650.00. The program year extends from July 1, 2018-June 30, 2019.

The primary objective of the CDBG program is to develop viable communities and to meet the needs of the City's low and moderate-income residents through a range of activities that provide:

- A suitable living environment,
- Decent, safe and sanitary housing, and
- Economic opportunities.

The City of Medford, under the leadership of Mayor Stephanie M. Burke, administers Community Development Block Grant funds through the Office of Community Development. The City has identified several needs through input from agencies and residents, data collection and analysis. As part of the process to establish priorities and strategies the public is invited to provide input and identify needs. Public service agencies submit proposals to be considered for funding. The Office of Community Development works with the Mayor to develop a draft budget and plan for input including proposed projects and funding. The Medford City Council authorizes submission of the application at a public hearing.

2. Summarize the objectives and outcomes identified in the Plan

Chart 1 identifies the objectives proposed to achieve the primary goals identified through the consolidated planning process. The goal of providing decent housing includes the following objectives: increase the supply of affordable housing units for low and moderate-income households, assist at-risk of homelessness individuals with finding services to prevent homelessness, improve the quality of housing and increase homeownership opportunities.

Housing activities will continue to foster partnerships to create new affordable rental and home ownership units, improve the stock of housing, increase participation in First Time Home Buyer Trainings and Programs and assist individuals with housing issues.

The strategy to achieve the goal of creating a suitable living environment is reflected in expenditures and activities directed toward making physical improvements to the City systems and public facilities. Objectives are to upgrade facilities that provide services to low and moderate-income persons, upgrade or replace inadequate infrastructure, remove architectural barriers, eliminate slums and blight conditions, preserve historic resources and encourage energy efficiency. The Forty-Fourth program year activities include removal of architectural barriers to public facilities, eliminate slum and blighted

conditions, water, sewer, roadway and sidewalk improvements in low and moderate-income areas, purchasing fire equipment for Engine 5 in South Medford, and upgrades to public housing developments.

Economic Development goals are aimed at fostering job growth and retention. Partnerships are essential to effective economic development strategies and to eliminate the deteriorating effects of disinvestment. Using District Local Technical Assistance Funds and a grant from Mass Housing and CDBG planning funds, the City has been working with the Metropolitan Area Planning Council to implement a Housing and Economic Development Strategy for Mystic Avenue. This along with the Mayor's commitment to economic development and small businesses is setting a framework for business development related strategies which will be implemented moving forward. A Storefront Program will be implemented. The City will continue to encourage new development in the City through use of staff resources in advising and guiding potential developers through the permitting process.

Funding of public services to low and moderate-income residents are aimed at combatting social illnesses and improving quality of life. Services include after-school care, social, recreation and transportation services for seniors, English language instruction, food pantry and meals, referral, counseling and legal services for low and moderate-income persons, providing vocational and social opportunities for the developmentally disabled and Alzheimer's daycare and related services. A maximum of fifteen (15%) percent of CDBG funds can be allocated for public services.

Other activities include participation in First Time Home Buyer Workshops, North Suburban Consortium and assisting residents with referrals to agencies that can help resolve housing issues.

July 1, 2018 - June 30, 2019 Goals and Objectives

Public Services	
Objectives	
1	Combat social illnesses, public safety and substance abuse, which weaken the stability of the City's households and neighborhoods.
2	Improve the quality of life for Medford's school children, through the provision of after school child care programs.
3	Improve the quality of life for Medford's seniors, through the provision of social and recreational activities, transportation to congregate meals, medical appointments and nutritional shopping.
4	Support English language education for non-English speaking residents.
5	Improve the resources available to the City's population at risk of homelessness, residents in crisis, local consumers, and the physically and emotionally disabled population.
6	Encourage the creation of affordable housing and assist those with emergency and transitional housing needs. Programs include legal-aid, food pantry and meals, and referral and counseling services.
7	Provide vocational, social, recreational and education opportunities for developmentally disabled Medford residents and their families.

Decent Housing	
Objective #1-Rental- Increase Affordable Housing Units Available to Low and Moderate-Income Households	
Strategies	Oversee affordable housing lotteries and ensure timely delivery of affordable units.
	Develop strong partnerships with local or regional for profit and non-profit organizations capable of developing low and moderate-income housing.
	Assist non-profit housing developers in identifying appropriate development sites and in accessing funding toward development.
	Encourage the creation of affordable rental units in private large-scale developments.
Objective #2- Owner- Encourage Affordable Homeownership Program Options	
Strategies	Increase participation and outreach for First Time Homebuyer trainings and programs.
	Negotiate the creation of affordable homeownership units as a requirement for certain residential projects.
	Identify opportunities and sites for development of affordable homeownership housing.
Objective #3- Homeless- Assist Homeless Persons and those At-Risk of Homelessness.	
Strategies	Participate in CoC activities and planning to end homelessness.
	Encourage the creation of emergency, transitional and permanent supportive housing services for homeless individuals and families.
	Provide residents in need with referrals to housing providers, human service agencies and emergency fuel and food assistance programs.
Objective #4- Improve the quality of housing for Low and Moderate-Income Residents.	
Strategies	Work with partner agencies to improve housing conditions in subsidized housing and housing operated by non-profit agencies.

A Suitable Living Environment

Make Physical Improvements to City Systems and Public Facilities	
Objectives	
1	Upgrade and replace inadequate and aging infrastructure, water, sewer, sidewalk and street systems in low and moderate-income areas.
2	Removal of architectural barriers to and within public facilities. The Public Library will be prioritized.
3	Continuation of improvements and upgrades to public facilities serving low and moderate-income persons.
4	Elimination of slum and blight conditions.
5	Upgrades to public housing developments.

Economic Development	
Objectives	
1	Create a Housing and Economic Revitalization Strategy for Mystic Avenue.
2	Develop and implement a storefront improvement program aimed at job creation and retention.
3	Promote new development including affordable housing.

3. Evaluation of past performance

- Affordable Housing

The City works with several partners utilizing CDBG funds and zoning incentives to increase the supply of affordable housing. Medford Community Housing received \$150,000.00 to purchase a two-family home. These funds were leveraged with a mortgage in the amount of \$110,000.00 from Century Bank and \$447,967.00 in HOME funds through the North Suburban Consortium. \$100,000.00 of CDBG funds were allocated from prior year balances targeted for housing activities. The project was completed FY2017 and is occupied.

Negotiating the provision of affordable housing in several private developments seeking zoning relief has been the most effective way to create affordable units. Staff resources leveraged these activities. Two affordable condominium units have been sold and occupied at the Residences at 1 Saint Clare Road. A lottery for thirty (30) affordable units was conducted at the Modera Project; eight (8) low and moderate and four (4) moderate income affordable units were occupied at RE150 and River's Edge; four (4) units

were occupied at 640 Boston Avenue. An additional six (6) units were negotiated at 87 Medford St; three (3) at Salem Street; forty-five (45) at 61 Locust Street and twenty (20) at 320 Middlesex Ave. These units are all in the construction phase.

Other activities include participation in First Time Home Buyer Workshops, North Suburban Consortium and assisting residents with referrals to agencies that can help resolve housing issues.

- Improvements to Public Facilities and City Systems

Improvements to the Medford Senior Center were substantially completed. The elimination of handicap barriers at the intersection of South and Winthrop Streets was completed. The project was funded by CDBG and Chapter 90. A fire pumper and related equipment is being fabricated and purchased for Engine 5 in South Medford. Design is underway for seven streets in low and moderate-income neighborhoods. The Medford Housing Authority is waiting on bids for the improvements to the Willis Ave family housing development and will utilize Year 44 funds for improvements at Walkling Court.

- Economic Development

Implementation of an economic development strategy in Medford Square is underway based on a plan completed by MAPC. The City has experienced commercial growth including several new restaurants. The AC Marriot Hotel is occupied. Meadow Glenn Mall was repurposed with Wegman's, Dick's Sporting Goods, Petco, Kohl's and Marshall's as tenants. The projects created jobs and increased the City's tax base.

- Public Services

The City allocated fifteen percent of its forty third program year budget to fifteen public agencies. \$384,260.86 has been expended to date on various public services benefitting low income, elderly and disabled residents.

4. Summary of Citizen Participation Process and consultation process

The Office of Community Development engaged Medford residents, neighborhood stakeholders and public service providers to aid in the development of the July 1, 2018-June 30, 2019 Annual Action Plan. A series of public meetings and hearings were conducted by the City of Medford and North Suburban Consortium to discuss community needs and priorities, provide an overview of CDBG and the Action Planning process and summarize year to date expenditures.

5. Summary of public comments

A summary of public comments received through the Citizen Participation and Consultation Process can be found within Section AP-12 Citizens Participation.

6. Summary of comments or views not accepted and the reasons for not accepting them

All comments were addressed and accepted.

7. Summary

The 2018-2019 Annual Action Plan is the outcome of a planning process which identifies community needs and effective investment strategies toward meeting those needs. The City of Medford has developed a plan distributing CDBG funds to best achieve desired outcomes with regards to decent housing, expanding, economic opportunities, and creating suitable living environments for low and moderate-income residents.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

The July 1, 2018 - June 30, 2019 Annual Action Plan was developed by the City of Medford, Office of Community Development through citizen participation and consultation efforts. The City engaged residents, stakeholders and service providers to obtain input on priority needs for the year ahead. Building upon the comprehensive consultation process undertaken in the development of the 2015-2019 Consolidated Plan, the Action Plan incorporates feedback provided through community meetings and public hearings conducted by the City and North Suburban Consortium.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

The Office of Community Development works collaboratively with the Medford Housing Authority, housing providers, planning, human service and homelessness agencies in the City and region. This ongoing coordination addresses many community needs, informs investment decisions and ensures the provision of critical services including youth and elderly programming, child care, family support services, crisis prevention, job preparedness training, transitional housing, and recreational opportunities for developmentally disabled persons. In addition, the City supports the Massachusetts Balance of State (BoS) Continuum of Care planning process.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The Balance of State (BoS), under the Department of Housing and Community Development, implements the continuum's homelessness strategy across 75-member communities. This encompasses the administration of Federal and State resources, coordination with service providers, regional needs assessments and overseeing project implementation addressing homelessness assistance and prevention.

The City of Medford seeks opportunities to support projects and programs that further Balance of State goals and address the needs of homeless, at-risk and special needs families and individuals in Medford. Continued consultation with the Continuum and participating members impacts the allocation of resources and guides the provision of services. The City annually supports community-based agencies like Bread of Life, Heading Home and Housing Families with CDBG Public Service funding to prevent homelessness, provide basic necessities and facilitate the successful transition of struggling families into permanent housing.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

As member community of the Balance of State Continuum of Care, the City of Medford remains engaged in the establishment of priorities, coordination efforts and referrals through ongoing Tri-City Task Force meetings and support of homeless prevention initiatives.

While not a direct recipient of ESG funding, the City of Medford has supported Continuum of Care partner and public service agency, Housing Families, in its application for ESG Homelessness Prevention funding through the Massachusetts Department of Housing and Community Development.

Narrative

The City of Medford recognizes that its housing and economic development initiatives must be placed in a regional context. Medford enjoys good relations with its neighbors and regularly consults with neighboring communities and jurisdictions about redevelopment initiatives.

The City of Medford through the Office of Community Development coordinates with regional planning agencies, like MAPC, to ensure funding priorities are in line and coordinated with current community development goals and objectives. The Office of Community Development is also active in the North Suburban HOME Consortium and consults regularly with housing and real estate entities.

AP-12 Participation - 91.401, 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation

Summarize citizen participation process and how it impacted goal-setting

As a CDBG recipient, the City of Medford is required to adopt a detailed Citizen Participation Plan that sets forth the jurisdiction's policies and procedures for public participation. The plan is administered by the Office of Community Development and must encourage the participation of low and moderate-income residents in Consolidated and Annual Action Planning processes; provide for reasonable access to proposed plans and substantial amendments; allot for public hearings and meetings; and address citizen comments and complaints.

In developing the 2018-2019 Annual Action Plan, the City and the North Suburban Consortium (NSC) conducted public meetings and hearings to solicit citizen and service provider input. This feedback contributed to the identification of priority needs and CDBG investment strategies. A variety of human service agencies, housing providers, municipal officials and residents participated, establishing the continued need for services and improvements impacting low-to-moderate income residents.

Meetings were scheduled as follows:

- January 16, 2018 & March 27, 2018 Malden Redevelopment Authority NSC Public Hearings
- March 20, 2018 Medford Senior Center Public Meeting
- April 24, 2018 Medford City Hall Committee of the Whole Public Meeting
- May 8, 2018 Medford City Hall Public Hearing

Public Hearings are advertised two weeks prior to the hearing in a local newspaper of general circulation. Notices are also distributed to partnering public service agencies, Medford City Council, Medford Senior Center, Medford City Hall and posted on the Medford City website (www.medfordma.org). Public Meetings, such as the Committee of the Whole, are posted at least 48 hours in advance with the Medford City Clerk. Citizens, including those with mobility, visual or hearing impairments, are invited and provided the opportunity to make reasonable accommodations. The City's website is used to post information on a regular basis. Ongoing project meetings are also conducted by the office throughout the course of the program year.

In addition to providing a community forum for open dialogue, meetings provide participants with a summary of the Action Planning process, anticipated allocations, report on prior year activities and accomplishments and guidance with regards to project selection in the year ahead. Participants expressed support for services promoting self-sufficiency, reducing isolation and improving quality of life for low income families, seniors and individuals.

Aforementioned priorities have been incorporated in the proposed Plan, made available for public review on April 16, 2018. The Draft Action Plan was accessible during the 30-day public comment period at the City of Medford, Office of Community Development, Room 308, 85 George P. Hassett Drive, Medford, MA 02155.

Expected Resources

AP-15 Expected Resources – 91.420(b), 91.220(c) (1, 2)

Introduction

The City of Medford anticipates receiving \$1,562,650.00 in CDBG funds during the July 1, 2018 - June 30, 2019 program year. In addition, the City expects \$5,000 in program income. To maximize the impact of the CDBG Entitlement funds, the City strategically leverages additional funds and City partnerships whenever feasible. As a member of the North Suburban Consortium, the City may access HOME Investment Partnership Funds to support direct assistance to low-to moderate income first-time homebuyers and to subsidize of affordable housing development.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The City of Medford plans to use CDBG funds to leverage additional resources. These non-Entitlement funds will be used to further the goals of the Annual Action Plan and may include: federal and state grants, linkage fees and City funding. The following leveraged resources are anticipated during the 2018-2019 Annual Action Plan:

Municipal General Funds: The annual City budget commits resources for the priority activities including Public Parks, Facilities, and Infrastructure, the Fair Housing Office, and the Disability

Commission.

Affordable Housing Resources: Affordable Housing Developments may utilize a variety of Resources including the HOME Program, DHCD's Local Action Unit Program, federal Section-8 or Project Based housing vouchers, Mass Rental Voucher Program and private mortgage financing. Additional funds are leveraged through partnerships with private and for-profit developers. The Malden Redevelopment Authority, as the NSC Lead Agency, monitors consortium-wide HOME program matching requirements. Regional projects are often matched with LIHTC, state housing bonds and MRVP vouchers.

Philanthropy: Public Service agencies often match CDBG dollars with private funding from national, state, and local philanthropies including the United Way, Private Foundations, and donations.

Section 8 Funds: Section 8 is administered by the Medford Housing Authority and provides rental subsidies.

Continuum of Care Funds: Non-profit human service providers that offer housing and services to homeless persons through-out Medford and Tri-City region can access resources through the Massachusetts Balance of State. These resources include, but are not limited to, non-entitlement ESG, McKinney-Vento, RAFT and HomeBASE. CSBG, LIHEAP and Headstart are additional state and federal resources administered through the newly appointed Community Action Program agency, ABCD.

The City will also utilize other State and Federal resources to leverage CDBG funds when allowed and available.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

No publicly owned land is anticipated to be used to address needs. City parks and public facilities will continue to be operated to provide recreation and services to low and moderate-income persons.

Discussion

The priorities identified within the Action Plan are the outcome of an overall effort to identify community needs during the Citizen Participation Period. This Plan assesses the available resources available to meet those needs. The City of Medford's investments will leverage public and private funds to address the economic development, affordable housing, community development, and special needs populations' needs.

AP-35 Projects - 91.420, 91.220(d)

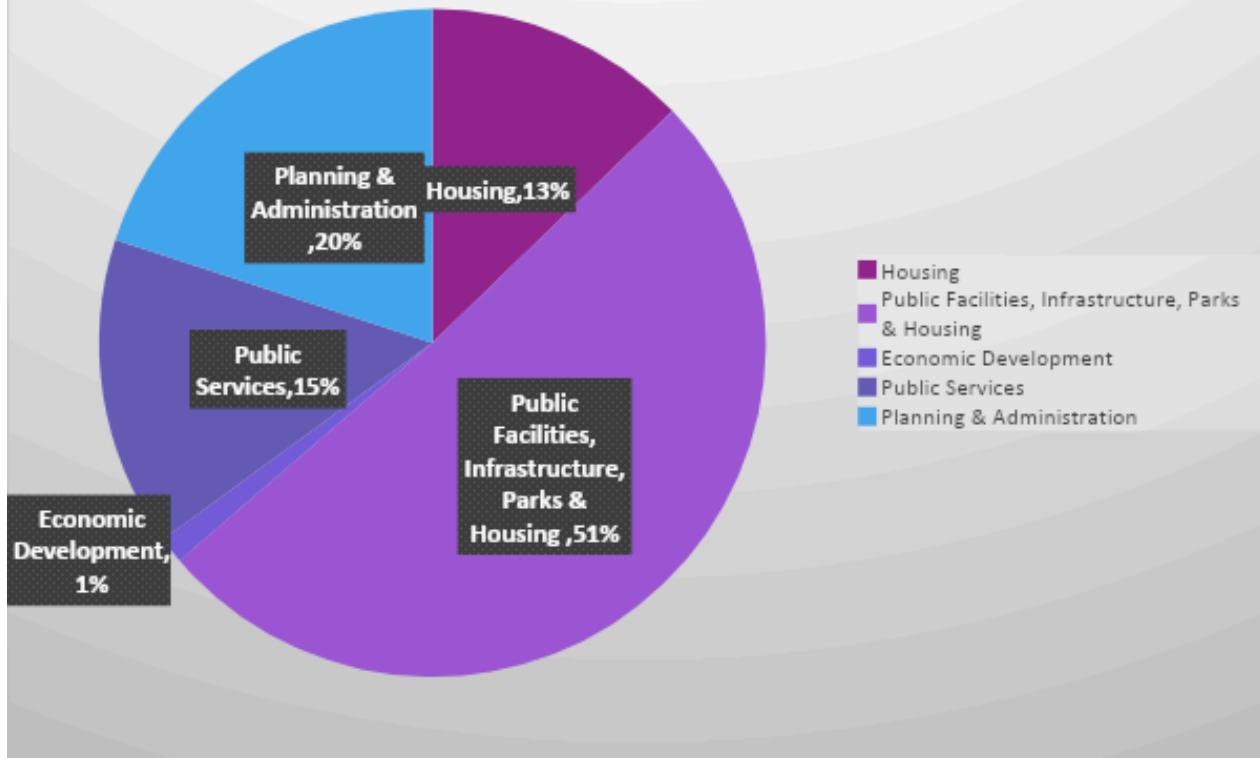

Introduction

In Year 4 of the 2015-2019 Consolidated Plan, funding will address unmet priority needs while continuing commitments to successful multi-year initiatives. Identified priorities include the creation and preservation of affordable housing, upgrades and improvements to the public infrastructure, systems and facilities, expansion of local economic opportunities, removal of architectural barriers and public services assisting vulnerable low-to-moderate income residents.

Table 8 – Project Information

PROJECTED 2018-2019 PROGRAM EXPENDITURES

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Funding has been allocated to best address priorities identified within the Consolidated and Annual Action Planning processes. The primary priority is a continued commitment to an aging infrastructure and public facilities that will increase accessibility to public spaces and services, particularly for low to moderate income Medford residents. Despite this significant investment, the public infrastructure need will remain unmet.

The provision of public services is also a priority. A strong network of human service providers and non-profit agencies support low and moderate-income Medford residents in achieving self-sufficiency, permanent housing, continuing education, job preparedness, wellness and other anti-poverty initiatives. However, the need for services far exceeds the available resources. Service providers are encouraged to maximize leveraged funds and to avoid duplication of services. The primary obstacle to addressing need is funding.

AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

As the Community Development Block Grant (CDBG) is intended to predominantly serve low to moderate income residents, Year 4 CDBG funding is allocated to projects that are either within CDBG eligible areas, eliminate slums and blight, or directly impact low-to-moderate income beneficiaries. Physical Improvements projects will be undertaken in low and moderate-income areas or at public facilities serving low to moderate income residents. Public service and housing activities are operated based upon the eligibility of the person/household, not through geographic targeting.

The map below identifies proposed projects for the upcoming program year. However, this is not inclusive of all projects that will be undertaken.

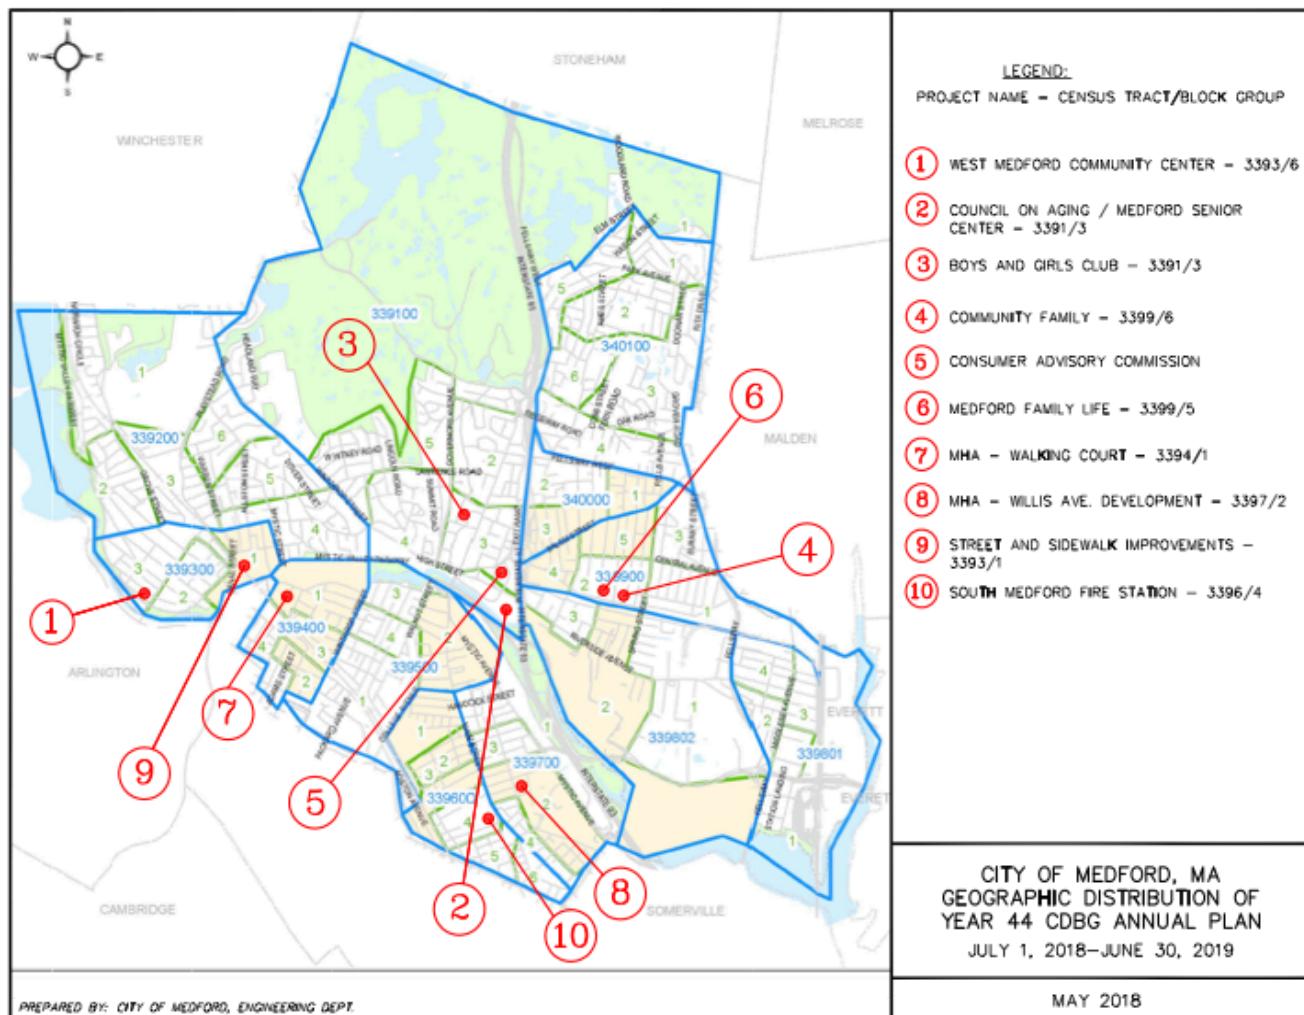

Table 9 - Geographic Distribution

Geographic Distribution

Rationale for the priorities for allocating investments geographically

Projects were prioritized based on their ability to address identified needs with the resources available. In Year 4 of the Consolidated Plan, a significant priority is to invest CDBG funds to meet City-wide needs of an aged public infrastructure system. Selected activities are those projects that are determined to be a high priority by the Office of the Mayor, Department of Public Works and Office of Community Development and based on the consolidated planning process.

ADA accessibility remains a long-standing commitment of the City. Locations selected for improved accessibility are a function of many factors including design and coordination with Public Works projects to identify needs within low and moderate-income areas.

Updates to public facilities, redevelopment, supporting the creation of new housing and economic development activities will have a direct impact on the quality of life for low to moderate income residents. Areas of specific upgrade include West Medford, Hillside, Medford Square and the Riverside area.

Discussion

The City of Medford will continue to target programmatic investments in low and moderate-income areas, utilizing data analysis and input received during the citizen participation period and ongoing consultation with City departments, officials and community partners. As needs continue to far outweigh available resources, the City will seek to leverage additional resources whenever possible.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

The City, in coordination with the North Suburban Consortium (NSC), continues to promote policies and practices that would support quality affordable housing within their communities. HOME funds are utilized to create affordable housing within the City of Medford and other member communities. The biggest barriers are identifying land available, development costs, administrative constraints, and infrastructure limitations.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Planned Actions to remove the negative effects of these barriers include:

- Negotiate affordable homeowner and rental units as a requirement for certain residential projects.
- Assist private and non-profit developers in identifying development sites and access funding toward development.
- Encourage the creation of affordable rental units in private large-scale developments.
- Review adopting an inclusionary zoning ordinance that requires affordable housing units be created within housing developments.

Discussion

The need for affordable housing in the City exceeds the available affordable supply. The City continues to work with the NSC, private developers and non-profits to address increase the affordable housing in Medford. Long-term affordability restrictions on homeowner and rental units will be maintained by adding units to the Local Initiative Program's Subsidized Housing Inventory. First Time Homebuyer trainings and programs will continue to be supported by the City through non-profits such as Medford Community Housing.

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

The activities and goals listed within the Annual Action Plan coincide with the priorities identified in the Consolidated Plan. Activities selected for Year 4 funding are those projects that are ready to proceed and able to make an immediate impact to low and moderate-income persons. Eligible projects selected through this process included Public Infrastructure improvements, ADA improvements, the creation and preservation of affordable housing and public services. Eligible public service activities were selected through a formal solicitation process, which prioritizes programming to best address identified community needs.

Actions planned to address obstacles to meeting underserved needs

Medford's membership within the North Suburban Consortium provides access to gap funding critical to address the lacking supply of affordable housing. The City will continue to identify projects and partners, utilizing this resource whenever viable, as well as engage with private developers and property owners to create additional opportunities for low and moderate-income persons. The City is reviewing inclusionary zoning, strengthening community partnerships and developing innovative strategies. The City will also insure that selected public improvement projects are ready to proceed.

Actions planned to foster and maintain affordable housing

Project coordination, monitoring expiring-use properties, promoting affordable homeownership opportunities and ensuring long-term affordability through the addition of affordable units on the Local Initiative Program's Subsidized Housing Inventory are efforts of City staff and development boards to foster and maintain affordable housing. Additionally, the City will explore opportunities to create housing programs that preserve the quality of Medford's existing housing stock and support the creation of new housing.

Actions planned to reduce lead-based paint hazards

The City, in coordination with the North Suburban Consortium, will ensure compliance with Massachusetts lead laws on all homebuyer assistance and developer-driven projects, both homeowner and rental. Testing and lead-safe removal of lead-based paint hazards are required in all HOME and CDBG funded rehabilitation activities.

The City of Medford Board of Health serves as a point of contact regarding lead-based hazards and distributes pamphlets describing lead regulations and resources in their office. Whenever lead concerns arise, the Board of Health refers families to the Greater Lawrence Lead Poisoning Prevention Program to initiate lead home inspections and blood testing.

Actions planned to reduce the number of poverty-level families

Aligned with its commitment to reduce poverty, the City prioritizes the funding of public service programs that support low-income Medford families in achieving self-sufficiency. Continued support for these anti-poverty programs is crucial as they provide vulnerable, at-risk families access to a variety of supportive services, basic essentials, advocacy, recreational opportunities, transportation, affordable

child care, emergency housing, financial literacy, skill building and job preparedness. The provision of such programming is necessary in addressing the economic, housing and health challenges facing low-to-moderate income residents, helping families move out of poverty.

The City also supports efforts of the Metro-North Regional Employment Board and will continue to promote the availability of job training opportunities and employment readiness programs.

Actions planned to develop institutional structure

The City will continue to enhance its program coordination functions, specifically in the areas of prioritization of projects and performance monitoring. Through inter-departmental communication, the Office of Community Development will be readily available to identify ready-to-proceed public works and facility projects. The City will evaluate its process for selection of public service projects to include a greater focus on outcome measures.

Actions planned to enhance coordination between public and private housing and social service agencies

The City benefits from a strong network of Medford-based non-profits, regional housing and human services providers. Strong interagency coordination is essential to improving the overall quality of life, leveraging resources, directly impacting the lives of low-to-moderate income residents and shaping viable neighborhoods. The City will continue to seek out ways of expanding our engagement with community partners, enhancing outreach and coordination efforts.

The City directly operates quality programs for Medford elders, through its Council on Aging. Council on Aging helps to connect elderly residents with other community resources, augmenting existing senior programming.

Additionally, the City continues to participate as a member of the North Suburban HOME Consortium to effectively coordinate its housing agenda with surrounding communities.

Discussion

The City's focus will be on upgrades to aging infrastructure and public facilities, job creation and retention and economic stabilization. Funding will also support affordable housing development, transportation, and recreational and supportive services aimed at special needs populations. Proposed activities fulfill HUD's priorities of providing decent housing, suitable living environment and expanded economic opportunity, principally for low-and-moderate income persons. Staff works in partnership with citizens, other City departments and the public and private sectors to accomplish established goals and objectives improving the quality of life for all Medford residents.

Program Specific Requirements

AP-90 Program Specific Requirements - 91.420, 91.220(l)(1,2,4)

Introduction

The City of Medford's Action Plan, in alignment with the Strategic Plan, outlines available resources and proposed activities to be undertaken during the course of the 2018-2019 program year. As stated earlier in the AP-15, the City expects to receive \$1,403,913 in Community Development Block Grant entitlement funds and approximately \$5,000 in program income that is programmed for affordable housing activities.

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.220(l)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	5,00 0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	5,00 0

Other CDBG Requirements

1. The amount of urgent need activities	0
---	---

2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan. 85.00%

Discussion

A range of activities have been identified, including creation and preservation of affordable housing, physical improvements and upgrades to infrastructure and City systems, removal of architectural barriers, improvements to public facilities, job creation and retention and public services. The City anticipates that approximately 85% of CDBG funds will be used toward projects benefitting low-and-moderate income residents. Medford has not engaged in, nor anticipates receiving any program income from Section 108 loan proceeds, urban renewal settlements or float-funded activities.
