

Travel Agency

You are a Travel Agency and have developed an amazing holiday package that you are going to sell. The more professional you look, the more customers that will buy your package.

Create a visual presentation (TRAVEL BROCHURE) accompanied by an oral explanation (VIDEO-GREEN SCREEN) of your 8-day itinerary in ONE of these countries

Countries:

- Iceland
- Malaysia
- India
- Canada
- Senegal

The videos will be shown to other students, who will choose the best package.

You will also be the potential customer for other Travel Agencies. In order to make the best choice, you will have to use a rubric (the same rubric that the teachers will use to mark the project).

HOW ARE WE GOING TO WORK?

You are going to work in groups of three (3). Each person in the group is responsible for finding information about their topic and contributing the information to the project.

When each person has found their information, the group will work together to CREATE A BROCHURE, ORGANISE THE ORAL PRESENTATION and CREATE A VIDEO.

1. Create a brochure to hand out after each presentation (use www.canva.com to create the brochure)

2. Create a video using Green Screen to support the oral presentation
