

## Orgasm check off

If you are someone who actually checks this list I appreciate you as it's so funny people find interest in my stupidity, where I just started this to see if i actually cum 1000 times a year.

Link to this check off on Google Sheets (still working on typos and adding Heart Rate from my Health app)

\*\*\*\* VERY IMPORTANT UPDATE\*\*\*\*

As of 7/29 I've been made by Vixen to where I'm not allowed to cum unless I watch a movie. So you will see movies I've watched I've never seen before each date. I am trying to watch 1 day so I can cum as I really don't watch that many movies. So I probs won't hit 1000 at the end of the year but it's something she wanted me to do and that's fun for us and good for me as I've seen maybe like 30 movies in my life and I'm 27.

I do not use lube or stroking sex toys just my hand, I eat every load, if I use any lubricant for any reason I don't eat the cum.

Work schedule: Tuesday-Saturday 3pm-11pm

Ai= Ai chatbot

Captions= porn captions on images, Reddit, or imagefap

Porn= porn videos

Hentai= manga hentai I most regularly use Nhentai

Thoughts= paired with someone's name thinking about that person

Images=sexy pictures typically of someone I know

A persons name= in person or pictures.

Voice= voice work porn or asmr

All= everything

X/XX= day of orgasm

X:XX-X:XX= time started masturbating to when I orgasmed

X:XX= the time I orgasmed at

Worship= kissing, licking, sniffing ie: the works

The song/song= Redemption by Besomorph or See You Bleed by Ramsey. These songs have been conditioned to arouse me by Vixen

Vixen= super sexy dreamy woman

Puck= Vixen's hot bf

Winona= FWB sexy lady with big pp

1 out of 10 rating= the intensity of the orgasm

Mini, Low, medium, high, Max= ejaculate volume

Slimy, watery, clumpy= cum consistency.

- Slimy means the cum is slimy but is more white.
- Watery means it's runny but the cum is clear. Clumpy means it's a little of both in a way where there is clear ejaculate but clumps of white cum scattered.

Clear and Solid= the look of my cum I've used watery and slimy to what I thought best describes the look but I realized it'll be better use this method. So solid means the cum is solid white and clear means it's clear

XX HR= my heart rate while cumming, if the HR isn't there after the 77th cum then I didn't have my watch on or it was dead. As during the 77th load is when I got the idea to measure my heart rate from chat gpt.

Body worship= armpit, feet, ass, and pussy/cock

Creamy, bitter, stale, sweet, salty, sour, metallic, NF for no flavor = taste profile as I eat every load

Unless stated otherwise most of the porn I look at is me submitting to women

Idk why on the 126th orgasm I just stopped taking count of the rating of the orgasm but it just slipped my mind entirely.

Orgasm 125 & 126 did happen With Lovense Hush 2 Small in
