

A welcome from your math teachers:

Mr. Ladino and Mrs. Hall have joined forces to provide you with learning and reviewing opportunities as we all find ourselves in unanticipated conditions. We have been hard at work to provide you with meaningful, but yet very actionable activities and reviews. We are so happy to reconnect. We have identified some areas of weaknesses for all students and we will begin our reviews by addressing those items. Feel free to suggest a topic that concerns you and we'll figure out how to include it in our activities.

So, this is how we will manage:

- **Mondays** and **Wednesdays** are Math days for all of us
  - Typically, there will be a new assignment on Monday
  - You will receive a short assignment through Google Classroom every Wednesday in order for us to check in on your progress.
  - You will "hand in" your assignment by Friday.
  - Some weeks you might have two activities for the weeks.

- All assignments will be posted in your math google classroom

- Feel free to reach out to us with any questions as you work through the activities.

- We will have office hours **every day.** These are times when a teacher will be available on their computer for quick interactions with students and parents. They are as follows:

Mr. Ladino **jladino@norton.k12.ma.us**	**Mrs. Hall** **dhall@norton.k12.ma.us**
10:00 am - 11:00 am	**11:00 am - 12:00 pm**
3:00 pm - 4:00 pm	**2:00 pm - 3:00 pm**

- You can still email us or reach out to us at any other time, these are just times that we have set aside specifically to address your questions and concerns. We are committed to answering every email within a 24 hour period.

- Both Mr. Ladino **AND** Mrs. Hall will answer questions for all 8th graders. You are encouraged to include **BOTH** teachers in your emails.

- You will be given a Google Slide to customize. This is where you will be "turning in" all that you do for us. We are calling this your portfolio. BThere are two Portfolio slides per week → "My Work" and "My Thoughts"
    - **My Work** slide is where you put evidence of work from that week. Each week will have a few options of different kinds of evidence you could choose. If you have a different idea, just ask us. We want each Portfolio to be representative of YOU.
    - **My Thoughts** slide is where you give feedback on that week's project. Again, we will give some prompts, but we look forward to your thoughts and creativity

Looking forward to all of us to be working together again.

Mr. Ladino and Mrs. Hall
