PROJECT AMPLIFY

I. ACTIVITY DETAILS

UTILIZATION OF MEGAPHONE A HE PAGCOR BUILDING	
Nature of Activity	Student Welfare
Type of Activity	School-Based Daily Monitoring Program
Date	3 rd Quarter
Project Head/s	SSLG Officers guided by the Adviser and the School Head
Schedule	3 rd Quarter

II. BRIEF CONTEXT/PERSPECTIVE OF THE ACTIVITY

In our school community, one common challenge we observe is the difficulty of reaching all students during important announcements and ceremonial moments, such as the singing of the National Anthem or emergency notifications. Many students outside classrooms or in distant areas of the campus often cannot hear the announcements clearly. This creates confusion and disrupts communication. We discovered that there has been a megaphone in the school that has been left unused for years something that could serve as a simple yet effective solution to this communication gap.

The problem exists because available communication tools are not fully utilized, and maintenance or awareness about them has been neglected. The unused megaphone represents missed opportunities for better school coordination and unity. This lack of efficient communication can affect discipline, participation, and students' sense of belonging. We felt concerned and motivated upon realizing that a small but practical initiative could make a meaningful impact.

Out of all possible projects, we chose to **utilize the unused megaphone** because it directly promotes communication, unity, and order within the school. As an organization, we commit to repairing, maintaining, and responsibly managing this tool to strengthen transparency and connection. This project will benefit **students, teachers, and staff** who rely on clear announcements and updates. We will collaborate with the **school administration, SSLG officers, and technical staff** to ensure proper operation and sustainability. Through this project, we hope to create a more responsive and well-informed school environment.

III. OBJECTIVES

- Ensure all students can hear the National Anthem and announcements across all areas of the campus.
- Strengthen communication and transparency between the administration and the student body.
- Promote resourcefulness and stewardship by reviving and maintaining existing school equipment.

IV. COMPREHENSIVE PROGRAM DESIGN

Date	Duration	Activity	Brief Description of the Activity	Person/People-in-Charge
September	1 Week	Planning and Coordination	Meeting to finalize plans, assign roles, and set project goals.	SSLG Officers, Adviser
September	2 Weeks	Attachment of the megaphone	SSLG officers assist in the attachment of the megaphone and test its quality.	SSLG Officers, Adviser, And EIM Committees
End of School Year (EOSY)	Last Quarter	Evaluation and Reflection	Review project results and gather feedback.	SSLG Officers, Adviser
