

July 17, 2025

Dear Brothers and sisters in Christ,

Please, receive our greetings in the name of our Lord Jesus Christ. Hope our email finds you well there.

We have been busy with the preparation of some seminars at the peace center, plus some counselling at the peace center and among the displaced people.

We like to come before you to ask for prayers because now it is two months since the war was near us in the place called Kasenyi, near the Lake which is on the border with Uganda but near Bunia. It lets more people lose their lives and more people are displaced here in Bunia.

We were also in Kalemie which is one of the big towns in Congo where the consecration of the new Bishop in Kalemie which is called the Diocese of Tanganyika, and the new Bishop is the Dr Kahwa. Please pray for him because there are a lot of needs there.

After the consecration of the Bishop we come back to Bunia and we find that the rebels of Thomas Lubanga* are having war with the government soldiers plus other soldiers which make a big chaos here in Bunia plus the rural zone as well. We are receiving more people from the places called Fataki, Jina, and Lokpa. Here at this week, people need support plus prayers.

Please keep praying for the new Diocese of Tanganyika which needs support in training the staff.

The whole night of yesterday was so bad because of having more people, and many of them lost hope and they told me that they need only peace. Many people were killed and more like the sun, really it is very far from the town. Please, we need your prayers. Now our needs are big because many people join us which is not bad, but I hope to talk to them. So far the war is still there, more were killed, please pray for us. We never know if the war can reach Bunia. Many old people died on the way plus children because of not having porridge.

God's work at the peace center is going well because many people are receiving the blessing of becoming christian and they are giving their life to Him.

Thanks a lot for your prayers,
yours in Christ,
Bisoke
