

since people can't be FUCKING NORMAL towards persecutors:

i was host in 2022-23 (we were bodily 12-14), the reason i even formed was because of one of our (host's) groomers - we've endured grooming several times. i'm a fictive of uni as he was the one who introduced us to sch, and i'm likely also an introject of him as a person. during my time as host, i did lots of fucked shit because i was PUT THROUGH lots of fucked shit. mistreatment was all i knew, and with the help of my headmates i am TRYING to improve.

also, I AM NOT A 1:1 REPLICA OF MY SOURCE CHARACTER. STOP EXPECTING ME TO BE. don't try talking to me about ships, other characters, fandom events, etc. ESPECIALLY NOT FANDOM EVENTS. we were turned into a spectacle, a subhuman punching bag to be demonized and gawked at. ESPECIALLY ME. we've been DOXXED and our host has faced endless harassment, including blatant transmisogyny and racism, all because people DIDN'T GIVE A FUCK about our circumstances.

I DO NOT WANT FANS OF MY SOURCE MEDIA INTERACTING. my other headmates are obviously more lenient with this, our host has a whole blog dedicated to shipping herself with the necrophile tiger guy from the preboot etc. but me specifically, i want NOTHING to do with my sources, media or person.

with no owed respects,
uni cornelius.
