Volunteerism

2007

Google - Friend List Investigator

I received a calling in a dream when I was once assigned to live in my older sister Pascale Natalia's house, in an open area beyond the walls of Araneta Center. I was given a quiet thought in my heart whenever I would sleep and pray and I couldn't forget this question: What is normal? I tried to notice everyone outside of Ate Pascale's house, or rather, I also know her by her ABS-CBN name, "Lauren Young". She is an actress when she's not online. I tried to understand all the passersby beyond the gate of the house. I sit upstairs in the bedroom, watching everything and everyone that I see in the window. I don't really go out of the house. I just watch the window. I just noticed something. Most people actually make it obvious that they're the same as each other. I started to pray on my knees before Jesus Christ and kept my prayers in a clear jar. Later on, I generated the term, "Hipster" as a replacement for the term "Normal". Together with my boyfriend Jack Anakira or *Jotham Rodriguez*, we created the Hipster Tandem of RedBubble and SoundCloud. Sakura Inori or *Tamaryn Mina* owns *RedBubble* - a hipster T-shirt Brand. Jack Anakira Jotham Rodriguez Lexington owns *SoundCloud* - a hipster music service.

She spoke Tagalog and Ilokano aside from French, Spanish and Japanese. I found out one day at St. Theresa's classes in UP Diliman that a fat professor from New Zealand who had Maori tattoos was not aware of the Bolinao language. I hung around the Linguistics Department waiting for a chance to travel to the province. When the thesis time arrived, I decided on the topic "*Bolinao Dialectology*". I found a bus service installed by *Victory Liner* in Cubao and told my driver and Auntie Evelyn and Lola Esther to go with me on an expedition to follow Victory Liner to Bolinao. Using the materials taught to us by the Linguistics department, I recorded the Bolinao Language and Submitted it to the SIL Department in the Bolinao Beach. I also submitted my research paper to Sir Tutting from New Zealand. Later I went to work at AffinityX Ayalaland Technohub with my newfound *Beach Babe Friends*, the *Graphic Designers of AffinityX*. They invited me to their office and made me a copywriter. I didn't know that *they were also from Japan*. They all have *Hoop Earrings*. I didn't know that Bolinao was also in Japan.
