Gunfire rained upon the remaining 9 soldiers by Al-Qaeda members. They took cover behind the humvees and were fired upon. All of the men started to drop like flies and only two stood. (Commanding Sergeant ████ and Corporal Raye) After the gunfire stopped Corporal Raye began to give medical attention to all the men while the Commanding Sergeant covered him. Corporal Raye was able to stop the bleeding in 3 of the men (Lance Corporal ████, Specialist ████, and Private ████.) and saved their lives.
