

WORK WITH ME

What do I do?

I run a luxury vegan beauty business from my phone and share my love for the products through social media. I help women achieve their hair, skin and wellness goals by prescribing the perfect beauty cocktail specified to their individual needs. I am currently learning how to build a life of financial and time freedom while teaching others how to do the same!

How do I start?

Just say YES! Know that there is SO MUCH MORE waiting for you on the other side! All you need to do is invest as little as \$199...THAT'S IT!!

Why Modern Nature?

We are the fastest growing hair care company in the world! Just ask Siri! We are just six years young, launched in only 5 countries and still ground level! We are clinically backed by our very own scientific advisory board. Our products are designed to transform your hair and skin from the inside out using our patented ingredient, Rejuvenique Oil! We are 100% clean, almost all natural, leaping bunny certified and UK approved!

“The best time to join a company is when they are in the midst of a global expansion or a new product launch.” - Forbes

What if I don't like it?

We have a 30 day money back guarantee! There is no pressure to sell! If you do not want to pursue the business side of things you will still be able to purchase products at an amazing employee discount! The worst that could happen is you end up having the best hair and skin of your life! That's it!

Are there any requirements?

No! There are no monthly fees or hidden costs! You do not hold any inventory and there are no monthly minimums you have to hit! You run your business on your own time the way it fits into YOUR daily life! If you need a break, take a break! That's the beauty of it!

What are the incentives?

Besides having the most flawless hair and skin?! We have a one of a kind community and arguably the BEST comp plan in network marketing! Our community stems from the Urdaneta family. They lead from their heart and give with gratitude! Monat focuses on three major pillars- youth, family and education. In 2020 alone, Monat has donated more than \$3.8 million dollars in Covid relief, essential supplies, at risk youth, homelessness and food!

Our compensation plan is an extremely achievable and duplicatable system. As long as you dedicate your heart and soul to this business you will reap all of the beautiful benefits it has to offer! We are able to earn several fully paid all inclusive trips around the world and yes you can bring your loved one too! Half way up the comp plan you are able to earn a brand new fully paid white Cadillac of your choice and that's not all! Once you earn your way up to the top you get to choose between a brand new Cadillac Escalade, Range Rover or Jaguar!

Not into free trips or cars? Not to worry! There are TEN different ways to make money with Monat. Between bonuses, rank advancements and commissions this company sets you up for extreme success! Here are some statistics..

Networking marketing global revenue is over \$200 billion!

74% of people in the network marketing industry are women!

82% of women who make \$100,000 or more a year are in network marketing!

Network marketing creates more millionaires than any other industry!

By the end of 2020, Monat welcomed more than 40 million dollar earners, a handful of 5 million dollar earners and introduced the first person to make 10 million dollars in commissions! Wow!

*MONAT Income Disclaimer: These results are not typical. MONAT makes no guarantee that you will achieve similar results. Your results will depend on your hard work and effort. The average annual income for ALL U.S. Market Partners at all Ranks (which includes Active and Inactive Market Partners) in 2019 was \$809.

My advice?

Just say YES! Take the leap of faith and make the impossible POSSIBLE! Don't spend 30,000 days on this earth doing the exact same thing. Be your own BOSS! Stop building someone else's future when you could be building your own! Stop slaving away for that .50 yearly raise when you can decide how much money goes into your own pocket! Dig deep down and find your WHY! Why do you want a better future? Why do you want to quit your 9-5 job? Why do you want to retire your significant other? Why do you want to be home more? Why are you slowly killing yourself doing the things you rather not be doing? For me, I do this for MY FUTURE..to provide for the family I've never had..to retire my husband so we can BOTH raise our children together..to travel to the most magical places..indulge in the finest things life has to offer and most importantly to have the TIME to do so!

So what do you say? Are you ready to build the life you've always wanted? Let's run sis! Our adventure begins now..
