

# **PORTRAIT** Learning Community OF A **GRADUATE** **SPRING CONVENING**

## **STUDENT SUMMIT WORKSHOP TOPICS**

### **Workshops will allow:**

- Students to connect with peers and share school and classroom experiences as well as provide feedback through student-led focus groups.
- Adults to observe, listen, and record feedback from students regarding pertinent aspects of the high school experience, with a focus on classroom interactions and learning.
- Adults and students together to think deeply about the best ways for adults and students to collaborate and co-design around what is possible when we reimagine our schools to fulfill the vision of our Portrait of a Graduate.
- All participants to understand why listening to students is essential for ongoing school co-design and iteration and how to do it well.

**Each adult & student should select two topics that they are willing to explore more deeply and put their selections [here](#).**
