

I'll try updating this everyday.

Couple notes:

- This list is 99% accurate. Which I'm actually sorta proud of so that's saying something a bit. There might be one or two off, so that's why I'm not saying it's 100% perfect.
- For duplicates(Same Pokemon on the same page), I usually still count them in.
- If you feel like a Pokemon has the incorrect number of counts or just not feeling satisfied with a particular one, state the name of the Pokemon and gimme a shout. I'm open always(Just uh, don't tell me to redo the entire thread please).
- If you feel like the list can be improved, gimme a shout on that too. I'm here to listen and always looking for ideas.
