JUSTICE FOR GEORGE FLOYD

PSA: It has come to my attention that non americans can **ALLEGEDLY** get in trouble for sending these emails and saying that they're American when they are not. I myself have seen zero proof of this. But to be safe, if you are not American please do not lie and say that you are. Simply put your real location. Nothing should or will happen to you. Thank you and keep spreading the message!

To whomever it may concern:

I am taking time out of my day from my home of Santa Clarita, California to write about the recent events that have occurred in your city. I am demanding justice for George Floyd, a man who was killed in cold blood which, might I add, was caught on tape. There is proof that these officers murdered someone. You need to call it what it is: MURDER. Firing the officers involved is not enough. Officer Dereck Chauvin #1087 is guilty of murder, and the three other officers, are accomplices to this hate crime which took someone's LIFE. George Floyd and his family deserve true justice. Giving these officers paid leave even though they KILLED an innocent man is beyond inappropriate. They killed someone. Charge them with murder. They are murders. As a Southern Californian, I refuse to sit silently and watch how inappropriately this is being handled, ESPECIALLY because an innocent black man lost his life at the hands of your incompetent officers. I demand justice for George Floyd and I refuse to be silent until these officers are taken to court and charged for their crimes.

Hello,

My name is ____ and I am a resident of _____. I'm emailing today on behalf of the George Floyd case. I'm calling for the prosecution of Derek Chauvin #1087 and his partner Tou Thao #7162 to the fullest extent of the law and that you will not rest until that happens. George Floyd was arrested under an implied, non-violent crime and bystanders claim that he never resisted his arrest. The approach that the officers chose to take was one that resulted in murder and must not be taken lightly.

Black Lives Matter.

Regards.

GEORGE FLOYD is the name of the man who was murdered by **DEREK CHAUVIN** (badge 1087), **TOU THAO** (badge 7162), **Thomas Lane**, and **J Alexander Kueng**. If you truly care about getting justice, make phone calls to these numbers and express your anger. We cannot let another killer cop walk free.

UPDATE: As of June 3, **Chauvin's** charge of third degree murder has been raised to second-degree murder. The other officers have also been charged with aiding and abetting second-degree murder. Let's now push for the initial coroner to be charged as an accomplice to murder.

!! REMEMBER to change the words of these templates up a bit! We don't want the emails to be mistaken for spam/chainmail. Try adding something you think that should be mentioned that isn't here, like removing Derek Chauvin's bail, in your own email! #BlackLivesMatter 🦊🦊
