

Hey OC Surf Coaching.

I've been aware of your business for a while. (I live locally).

I love that you're getting the youth plugged in to competition.

A few days ago I signed up for the newsletter.

Are you able to get many emails out?

I'll bet people would be stoked to hear more about the progress of your team.

I could help you out with that too.

Would love to jump on a call and talk to see where I could help boost some revenue for you.

Cheers.
