

# **Outside the Box: Creative Tutoring Fall Class Schedule 2023**

## **Math**

### **Math and Science Explorers (Ages 8-11)**

15 sessions, 2 hours each, \$300

Math and science should not be dreaded subjects. Using games, hands-on activities, and projects, our students will be excited to learn. The Math and Science Explorers will gain skills in teamwork while developing mathematical and scientific reasoning. Some projects may involve presentations to friends and family throughout the fall semester.

Most sessions will be held at the [Wyoming Library](#), but the location may vary depending on the projects we are working on.

Section 1: Thursdays 9:45-11:45, September 7th-December 21st, skipping Thanksgiving Day
