

Monetizing your attention and increasing [business name] to its full extent with unpaid/paid ads,

Hi **business name**

It's me again, Ryan Ashqar. I'm following up on my previous message about helping you increase your sales with unpaid ads by monetizing your attention.

I was impressed with what you offer and it got me thinking of how the fitness industry can be promoted by simple persuasion techniques. It showed that you have a deep understanding of your target audience and what motivates them.

I'm confident that I can help you take your business to the next level with unpaid/paid ads. I can help you **achieve significant results**, such as increase your followers and help you connect with more customers/viewers who would *be interested in buying your services*.

Businesses achieve significant growth by creating *high-quality content*, optimising their content for search engines, using social media algorithms to their advantage, and partnering with other influencers.

Since **i am 2 months in to being a online marketer** i will only put *my price at £150*, if you would like to discuss in SPECIFIC how i can help you with monetizing your attention to the fullest extent, then reply to this message, i also recommend you look at the other message i sent to you just to explain more, maybe we can have a quick call next week to further discuss.

Best of luck Ryan Ashqar
