

May 19 - Dr. Manuela Ramalho

Thanks for joining us for the UCD Entomology and Nematology seminar! Seminars are held on Wednesdays at 4:10 PM Pacific.

We recommend installing Zoom prior to the meeting. Use the link at the top of the invite below to join. Please keep your microphone muted, video off, and do not use the chat feature during the talk itself. We will have a period for questions at the end. We will admit people from the waiting room just before the talk begins.

Please contact Ian Grettenberger (imgrettenberger@ucdavis.edu) with any questions/technical issues.
