

# IchigekiVA Commission Info

## How to Submit a Request:

- Send a DM to u/ichigekiva on reddit or an email to [ichigekiva@gmail.com](mailto:ichigekiva@gmail.com) with a quick summary of your request, or fill out the form located [[HERE](#)]. If you have a script written by you personally that you would like me to perform, include it in your message. Scripts by other authors must have explicitly stated permission to use privately and you must demonstrate this in the instructions by providing a link to the statement.
- If the details mesh with my capabilities and the project is doable we can begin talking about the details (length, specific instructions, etc).
- An invoice will be provided from the preferred payment method and payment collected before work starts once the terms are agreed upon.
- Revisions are allowed but will be on a case by case basis and may or may not require an extra (small) fee depending on the nature of the revision.
- Timeline for delivery will depend on the current workload but an estimate and a “due by” guarantee will both be provided.
- You can check my progress chart [[HERE](#)] to see how far along I am on work for the month. The order number will be your invoice number.

All work will be recorded with my professional equipment used in my public audios and processed minimally to filter background noise and other disturbances regardless of commission type at no extra cost.

## Request Rules:

- Please include tags and a description of what you would like in the request. You can include as many or as few instructions as you would like (price scales with instructions when applicable)
- Edited audios will cost more because it doubles the amount of time required for me to create them. SFX will be present throughout the entire audio and will be used when appropriate or as instructed.
- I will not edit a script written by another author, it will be performed as is even if the author provides permission to do so. Small changes in wording are permitted if allowed by the author but must be specified.
- 1 moderate revision provided for free (such as redoing a few lines) but any additional will incur the revision fee stated below. This does not apply to mistakes I may have missed or audio quality issues.

- Privacy fee will be included if you do not want the script or audio to be considered for public posting. If posted publicly no mention will be made to you or the fact that it was commissioned. If names are used in the audio at all, it will automatically incur the privacy fee.
- Please include the length in minutes you would like it to be and how strict you would like the time constraint to be (give or take a few minutes or within a specific minute)
- The following tags are NOT allowed: Bestialty (anthro - ok ie. elf, catboy, dogboy etc.) Rape in any format (somno - ok if consent is clearly established beforehand) Vomit/Scat, Vore, Content Featuring Minors, Homophobia (ie bullying, conversion content etc.) Transphobia, Slurs of Any Kind (race based or otherwise) Race Based Slavery or Shaming, Violence/Snuff
