All Cans Available <u>To Go Only</u>		*Gluten Reduced	

ABOUT OUR BEER

We brew with a farmhouse mentality, deriving inspiration from locally sourced ingredients. While saisons and barrel aged sours are close to our hearts, we also love to brew and drink a hop-forward pale ale or a subtly crafted lager. Nothing is off the table, as long as it pairs well with friends and family!

We strive to make our brewery a reflection of our beliefs. We source the majority of our grain and a portion of our hops in-state. Our electricity is generated by our solar panels and wind power credits. We are 100% independently owned. Every little bit helps.
