## **Medex Assemba Ebere**

Hello, My name is Medex Assemba, I'm a freshman majoring in Bio-med, and I come from Gabon. I am very excited about working as a Senate for the Student Association. Because I desire and am determined to do something good to benefit our community, I understand that you are looking for a leader for this position, but my question is, what kind of leader do you want? The one willing to give orders to others but unwilling to consider what others think of these ideas or the one willing to invest his body and time so that everyone is serviced.
