

Identify an important question posed in a song.

Write the question in the first column.

If possible, find a link to the song (e.g. on YouTube) and post it in the second column.

Put your name in the third column.

We'll begin by discussing the question in class - take notes!

Then prepare a short lecture for the class on the question - max 5 minutes (plus time for discussion/questions). If you wish, you can post a link to it in the fourth column (decide how you want to share).
