

If someone reads this, can you tell Greentext Anon that I was banned? Thank you!

>Sorry if I took a while to reply

No worries my man no need to rush it's about noon over here so I'll still be here when you wake up.

>I'd definitely love to discuss more about this.

I'd be more than happy to indulge you. Tailor fitting a story is great. I'll give you a few question for when you wake up

>How so you like your blowjobs/handjobs

>Do you places emphasis on feeling the nipples during a tit-fuck
(The word you are looking for in Rushia's case is naizuri)

>Do you want pubes? (Colored?)

>Can you elaborate some more on the thigh fucking

As always feel free to add as much Info as you want

Do Include a short list of the things you dislike. I guess anal for example clashes with the breeding aspect

>Can someone explain what this is

Read the thread faggot

Ok Nig

Rushianon here

Welp, I was banned. It was a pleasure. Thank god I managed to give you everything I could before then! Well, time to lurk for the next 3 days :(

You are banned! ;_;	
<p>You have been banned from all boards for posting >>>/vt/13302558, a violation of Global Rule 5:</p> <p>All boards on 4channel.org are to be considered "work safe". Violators may be temporarily banned and their posts removed. I don't think deleting the post would have done anything, but I should have at least tried

"I can tell you one thing: The story is fucking massive. 3.3k words and still going will need a little more time

I hope you dont mind, I inserted a small fetish of mine. To make the cum Inflation possible there will be magically induced huge cumshots. I hope you dont mind some descriptions of those massive amounts of cum running through your dick making it bulge out a little every time, nothing extreme though. But if you like it they can be a lot more vivid"

Woah! Glad to see I've been able to give you this much inspiration! I'm actually 100% on board with this magically enhanced cumshot idea because I, in fact, have a huge cum inflation fetish! You say they can be a lot more vivid? In that case, I'll ask you this: how vivid are we talking? I'm open to a lot.

As I've said before, take all the time you need. I'm a very patient anon and I want you to make something you can look back on and be proud of :)

Well at least it's only there days. It's got banned for a week for posting suisei's covered hairy muff

Oh wow, ok. I feel a lot luckier now

Talking about the cumshots:

I would mostly be about the feeling of the amount of cum being so massive it stretches out your dick with each wave.

I hate phoneposting btw

Yeahhhh, that's exactly why I don't want to phonepost

That sounds completely fine to me. Feel free to lean into it as much as you want.

If you are fine with it i would Go so far to write about it literally stretching your dickhole to shoot out ans stuff like that. Bit only a little and nothing Extreme. Also go in Detail about the feeling of the massive amounts of cum you feel flowing through

You have the green light from me, that sounds really hot

Great because I'm really into it

Also i hope you have enough stamina for the whole thing we are at 4k words and counting

I can last quite a while (up to a few hours), worst comes to worst I'll just edge myself through it

Did you have any other horny idea to add?

Giving you a little Spoiler it will be riding cumshots, prone bone womb filling, facefuck with cumming down her throat ans then a little anal finishing in her womb again

Honestly that's all I could really ask for, thank you so much for doing this! :)

No problem man i also really into it.

Been edging for hours and even blew my load once writing the skript lmao

Also i'd be happy if you can give me an indepth review after it's done. I'd Love your opinion on it.

Sounds like a good time :)

I'm not very experienced when it comes to reviewing things (at least, in English), but I'll do my best to give you the best feedback I can muster. I promise.

Dont worry I am a dirty ESL no pressure

If you want you can just describe it like you did in your posts. Just tell me what you found hot and what Not and why. That's actually good Feedback for me to know if i hit the nail in the head

Looks like the thread died while we were talking, but that's fine. English is also my second language, but I'd say I'm pretty much bilingual. People who hear me speak would never guess what my main language actually is and they're often quite surprised when they hear about it.

I'll do that then. I could also do the same for the other stories you've previously posted as I also found them quite enjoyable despite not being targeted towards me.

I'd love it if You could do that

I'll do it, however it might have to wait a bit because I do have some stuff I need to get done first. The thread is archived and I screenshotted everything anyways, so I'll be able to reread them. I'm still surprised I enjoyed that Fauna one as much as I did, I'm normally not into footjobs. A bit disappointing that the anon didn't come back for part 2.

No problem i also have my work cut out for me with the story. It will probably be done by the Time you wake up tomorrow

Im also not a footfag but it can be quite Hot if you dont overdo it

He did shoot me a thanks but I would have loved to write some facesitting with Fauna

Honestly I'd love to see how you would have wanted that story to continue if you ever get the time to do that, but I don't want to pile a request on top of my already existing request haha

It's but next week i wont have much time as I gonna get fucked myself by medschool

The Fauna story would probably Go like this

You go back and meet Fauna again

She Let's you grope her a little before inviting you to eat her out and starting to ride your face in the process

She'd cum right in your face and you get a good taste of her

Maybe some light fucking to Close it out

Anyways i'll go back to writing i will periodically check here so feel free to add me anything

Alright, that scenario idea just made me diamonds thinking about it haha. Thanks again, have a good one :)

Yeah eating out dripping wet pussy is a huge kink of mine. Though I so like it when they have a fat but trimmed bush in Top of it but few People like that

That story the other anon wrote in response to you must have been quite appealing to you then. Yeah, I personally prefer shaved, but it's not a deal breaker kinda thing :^)

Yeah it was pretty nice but personally i'm Not hugely into bis writing style. But i still love our resident fennec fucker

Yeah I will say some of the things he wrote kinda made me giggle a lot more than it made me aroused. Especially that Osu line because I actually play that game. Showed that to my friend and he lost it.

Kek i never got good at osu

Yeah but personally i'm also big on the feeling of the pubes and that's where most People jump off. I'd still fuck and impregnate a bush though

Gotta say, this is the first time I have a full-on conversation in google docs haha, but I do enjoy talking about these things because I never really get to otherwise. I'm a bit too self-conscious around even my hornier friends. When I say that, I mean they're probably more degenerate than I am and I still can't do it.

Well it's hard to find People as degenerate as ourselves outside the korean basket weaving forum. That's why i like it there

Well it is alot easier when everyone is anon. I could never write These stories for my Friends to rap to, but I love having the anons here cream themselves over them

That's definitely true. You're a kind soul, anon. I appreciate your work very much. Have you been writing greentexts like these for a while on /vt/? I'm fairly new when it comes to actually posting there. Mostly lurked before.

Firstly thank you thanks really nice of You to say

Well I think I started greentexting in one of the really early Horni threads back when we didnt even have koikatsu cards.

It was a Luna story I took to the writing thread and it became about 10k words of prose that was almost a year ago i think and i still havent finished it

No problem :)

I see, I see, so that's what you mentioned in the thread.

Yeah sometimes people bring it up again maybe i'll finish it one day. If you want you can Check it in the writing thread Archive

Well I really Gotta get going because it is past 5am in my places. Gonna try ans finish the story so I can proofread and fix up the wording tomorrow

Good night, anon. Was great talking to you. I'll try to make my presence in these threads a bit more of a habit, as I've said, so we may get more chances to converse like this later.

That would be great i'd Love to talk more about eating out women again

Well I'll see you around. I'll Check the doc periodically until you are unbanned

Seeya, will still post smaller messages on the phone, but bigger messages will go here :)

Just dont her b& for banevading that's like 3 weeks

Oh fuck. Well, thank god that thread got archived then

Go anon, go! Bye bye!

Yeah jannies are also pretty lax when it comes to the horni thread I got away a few time posting sneaky porn
Well I really Gotta geh going now bye

One very small thing I figured wouldn't be too hard to add if you're already mid-writing this (I took a big nap, that's why I didn't say so earlier) is kissing during creampie. That's a huge turn on of mine. Thank you~

I'll try to get in a little bit of that.

But I might have to push back the release to this evening. I spend a lot of time debating with myself last night about how far I wanted to take the cum thing. I ultimately decided to tone it down and only include a little bit at the end so everyone in the thread can enjoy the story. Though I was toying with the idea of writing a small unofficial spin-off focusing only on that aspect. Maybe Rushia casts the spell on your dick again or an even stronger version. I actually never explored this aspect much and I'd like to see how detailed i can get on such a simple thing as a kind of challenge. Anyways I'll post the last Part focusing on the cumming and stretching you out here so you can judge for yourself if you'd be down for it.

Originally I wanted to make it a lot more messy and the cumshots even bigger and more violent. Nothing painful, just losing control of your dick and being at the mercy of your orgasm as you feel and watch your tip get split open by your huge cumshots repeatedly. Also things like leaking out massive amounts of precum when you are not cumming. Maybe have rushia suckling on your tip drinking the sweet viscous juice in big gulps right from the source.

If you are into it I 'd as always like to hear your Input on what part of it turns you on/what you want described in more detail. Also if you have any more ideas what These huge cumshots would feel like/do to your dick and balls please don't spare anything that comes to mind. I'd Love to expand on the things I came up with.

If you don't like it, that's no Problem at all, no worries.

Anyways here goes:

The scene takes place right after cumming into Rushia's womb a second time and being physically unable to fill it anymore

>Pulling out you watch your dick continue to contract outside of her, being only halfway through your orgasm
>For the first time you can see your cum bulging out the underside of your shaft as it is getting pumped out
>The bulge has about half the thickness of your dick and travels up quickly
>You can feel ripples inside your dick as the chunky liquid shoots up
>As it reaches the top you can see and feel your glans swell up massively almost doubling in size before your dickhole starts widening cum already gushing out wildly
>Your hole keeps widening until you finally shoot out the huge wave of cum, feeling it stretch your hole even more
>Your dick is left trembling in the air
>Your dickhole now being spread wide open oozes out more cum that runs down your shaft and drips down your balls
>The amount of cum was incredible, just what was passively dripping out in a second was more than what you'd usually shoot out during a strong orgasm

>The big loads easily being 5 combined orgasms
>You could feel your anticipation mounting every time another wave traveled up, watching it bulge out your urethra
>The feeling in your glans when it was starting to swell until it was about to burst and the feeling of forcefully being stretching open as the cum was expelled was pure ecstasy
>The ecstasy quickly being replaced by a tingling feel in your tip when more warm cum spilled out of your gaping dickhole, running down your shaft with the next wave already underway
>You and Rushia watch your dick spill your cum wave after wave
>The cum splattering on her belly and chest absolutely drenching her slender body

That description is honestly delightful. Being at the mercy of your own orgasm, only being able to watch on as more and more cum flows out... Not to mention the sheer amount being shot. Just imagining it happening is very exciting because the relief must be intense. At the same time, it's a little scary too in the sense that I wouldn't be able to understand it, but in a good way you know?

Seems like i came back perfectly

Yeah i'd Love the feeling as well

Personally I am really into the idea of my dickhole just getting stretched wide open forcefully. Making it gape afterwards with more cum flowing out in its own

Seems we're in agreement then. One thing I'd say if you're planning on writing this spin-off is that I'd love a bit more focus on how heavy having that much cum in your balls must be. Covering her in cum is also a huge turn on :)

Damn i didnt even think of that. Imagine the feeling of your balls being pulled down by the weight

I really enjoy doujins that kind of focus on that aspect honestly, with the character's cum production going into overdrive. The idea you suggested of her just drinking it as it's leaking out is also very appealing to me.

Yeah the idea of in Top of shooting massive loads you are also always in edge and your precum just dripping constantly is a Personal favorite of mine

I can't stay here very long unfortunately, I'm gonna be playing DnD with the boys soon. But I just gotta give you a thumbs up for coming up with that idea because it was a very pleasant surprise.

Have fun dude the story will probably be released when you are back.

Looking forward to it! Also looking forward to see what other anons will think of it.
Have a good one, man

Thanks man

If you'd like we can keep discussing this idea later

Sounds good!

I'd also love to introduce you to zur boy of eating pussy but that will have to wait
If do so that maybe de should Switch to twitter oder whatever has dms this is quite cumbersome

Yeah I'd be up for that, I mostly use Discord nowadays but I wouldn't mind using twitter either. I never actually expected to make a friend on 4chan like this :)

Yeah I'm fine with Discord as well. Kek me neither but here we are

I've gotta get going for now though, I'll catch you later

Bye bye

I'm sorry for doing this to you but as I wrote in the thread reflecting on this weekend it was great fun with lots of cooming, but I have to do the responsible thing and stop myself falling further into this abyss. Continuing like right now would be a serious detriment to my life in this current situation. So I'm sorry for retracting my Invitation for the Discord exchange. Don't worry I'm not gone forever. I will be back and write more greentexting but for now this is goodbye. Please do enjoy the story. I hope I could do your fantasy justice.

またね

You did more than do it justice, anon, I will be treasuring this for quite a while. It's really done a lot to make me feel better, not just sexually, but also emotionally. I understand your situation if I can be honest. I'm struggling with something similar to this as well.

I'm still gonna give you my Discord ID anyways though. We don't need to be talking about lewd stuff all the time. If anything, I just wanted to hang out haha. As I've said, I think you're a good person and I would've been interested in talking to you more. If anyone else sees this, you can honestly add me too. Just refer to me as "Rushianon" so I know where you're from.

My Discord ID is Akria#2529.

I'll see you after your break, Anon. Take good care of yourself! Don't let yourself fall into the coomer abyss for too long! Enjoy your break to the fullest and good luck on your classes! You're a real one.
