

This is a great way to get students acquainted with the place they are in, and to connect it to something they already enjoy or are interested in.

Dear Bearded Owl,
You are beautiful as you soar above within sky,
graceful in your flight,
you are majestic and I hope to see your beauty
in person within my lifetime.

I was drawn to you because I too wish to soar for above,
and be free to explore the world around me. You are beautiful,
graceful and majestic. I hope to see you in the night. Maybe someday
I will meet you in the twinkling hours, by a fire you call home.

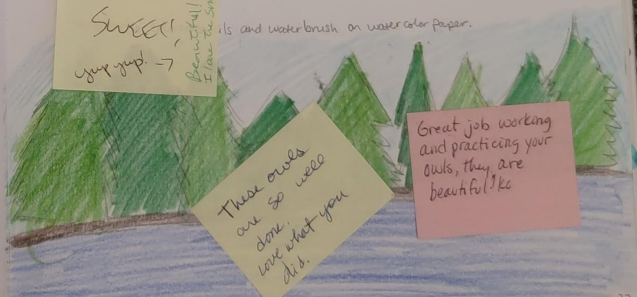

Hello Mr. Stray Owl,
You are Hedwig, but also an unknown treasure of the wild.
You represent a magical connection to the great outdoors.
I am drawn to you because of the unknown magic you hold,
and the representation of beauty, and of what you bring
to both me and Chris, in our love of owls.

Sweet!
