

Worship Ideas

Role of a worship leader

- Worship leaders are: Creative, loyal, constantly pursuing worship outside Sunday morning and Wednesday nights, support cast to all of its members

Development Strategies

- Heart over talent- you are all very talented but allow your heart to push you to that passion of leading and playing in worship and on the worship team not just your talent.
- Participation over performance- you all have the ability to perform but it says more about who you are when you are willing to step into what God is calling you and may be leading you to do.
- Our job is to replace ourselves- how are we equipping others to step into their callings with their gifts? How can we equip others who are gifted in leading and playing on the worship team? It is a we mentality not I.

What are things that can define us as a worship team

- Presence- awareness of what is taking place on and off the stage. Leading by example. Leading worship by our hearts not us performing.

- Faithfulness- being faithful to the calling God has placed on your life to lead on a worship team in whatever area God is calling you to lead. Ex: music, lyrics, praying, etc.
- Confidence- this is a big one because this is one of the hardest ones. Be confident in who God created you to be. BE YOU! Yes sometimes we do compare ourselves but God has made you to be you, so do that. Lets help each other grow more in the confidence in who we are in Christ so we can lead in the ways he is calling us to lead on our team. Confidence is something we learn (1 Chronicles 16:8-36)
- Authenticity- BE YOU! If you're goofy, be goofy. If you like to order, do that. This year I want to give y'all the space to find your own voice and to use that in whatever areas you may lead in, especially in leading worship.

3 ways in which you can lead a song in worship

- Comeback- Song: Living Hope. Bringing people back to why we believe what we believe. Why we do what we do.
- Present-Song: When I lock eyes with you, The right now moment.
- Future projection- Song: Do it again, Homecoming, Son of suffering. Taking people to the what is to come.
