

## MONTICELLO MIDDLE SCHOOL FAMILY GUIDE (24-25)

Monticello Middle School Families,

Welcome to the 2024-2025 school year! Whether you are returning or joining us for the first time, we are thrilled to have you as part of our school community! Our dedicated staff has been working hard to prepare for a year filled with engaging activities, innovative learning experiences, and opportunities for all students to thrive. This year, we are particularly excited to emphasize cultural responsiveness in our curriculum and school culture, fostering an environment where equity, diversity, and inclusion are at the forefront of everything we do.

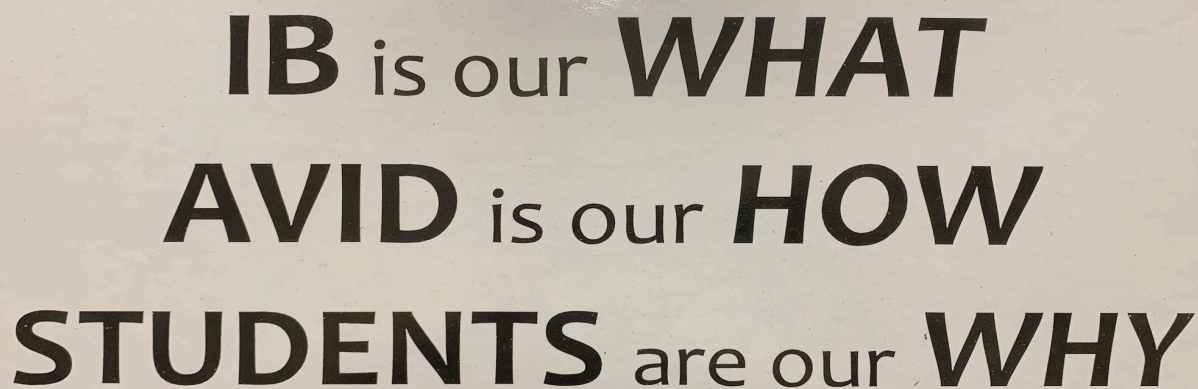

We are committed to preparing our students for success beyond high school. We will provide robust programs and resources to guide our students in their college, career, workforce, and military readiness. Our goal is to equip every student with the skills and knowledge needed to pursue their chosen paths with confidence and determination. Family involvement is crucial to our success, and we welcome your participation in our school activities and events. Your engagement helps create a stronger, more vibrant school community and enhances your child's educational experience. We encourage you to stay connected and involved through our various communication channels, including our school website, newsletters, and social media platforms. We look forward to partnering with you to ensure a successful year for all. Thank you for entrusting us with your child's education.

If you have any questions or concerns, please do not hesitate to reach out to us at (216) 371 - 6520.

Sincerely,

Curtis Walker, M.Ed.  
Principal  
Monticello Middle School

Brigitte Pronty  
Assistant Principal  
Monticello Middle School

**IB** is our **WHAT**  
**AVID** is our **HOW**  
**STUDENTS** are our **WHY**

## WELCOME TO MONTICELLO MIDDLE SCHOOL

Welcome to the 2024 - 2025 school year! Our organizing structure is **IB is our WHAT, AVID is our HOW, and Students are our WHY.**

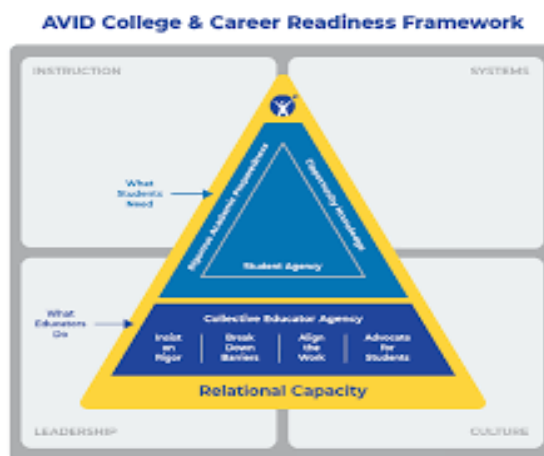

### WHAT: INTERNATIONAL BACCALAUREATE (IB)

Monticello Middle School is an International Baccalaureate (IB) school that implements the Middle Years Program (MYP). Essential to our IB work is developing active learners and internationally minded young people who can empathize with others and pursue lives of purpose and meaning. The programme empowers students to inquire into a wide range of issues and ideas of significance locally, nationally and globally. The result is young people who are creative, critical and reflective thinkers.

### HOW: ADVANCEMENT VIA INDIVIDUAL DETERMINATION (AVID)

AVID stands for Advancement Via Individual Determination. It is an educational program that aims to close the achievement gap and prepare students for college and career success. The foundation of AVID is the AVID College & Career Readiness Framework. The AVID program increases the opportunity for all students to succeed academically. At Monticello, ALL students will access AVID strategies through one of the following methods; AVID note taking, instructional strategies, and goal setting activities in all classes; AVID activities in our Advisory periods; and AVID elective class in grades 7 & 8.

### WHY: THE VISION OF A MONTICELLO MIDDLE SCHOOL STUDENT

A Monticello Middle School student strives each day to reach their full potential as a learner and demonstrate leadership in their classroom, school, and community.

## **DISTRICT PHILOSOPHY OF EDUCATION**

The Cleveland Heights-University Heights City School District commits itself to providing its citizens an educational community that:

- Promotes educational excellence by recognizing and challenging the unique potential of each student.
- Provides students with the knowledge and skills necessary to become life-long learners and productive citizens.
- Values unity in and through cultural diversity.
- Fosters community collaboration in planning, program implementation, and resource utilization.

## **DISTRICT MISSION STATEMENT**

Our schools provide a challenging and engaging education to prepare all our students to become responsible citizens and succeed in college and career.

## **DISTRICT VISION STATEMENT**

The Cleveland Heights-University Heights Schools educate students by embracing diversity, ensuring equitable experiences and fostering outstanding teaching and learning to develop academically prepared critical thinkers who contribute positively and compete successfully in the world.

## **HELPFUL PHONE NUMBERS**

All are area code 216 unless indicated otherwise.

## DEVELOPMENTAL STAGES FOR MIDDLE SCHOOL STUDENTS

Monticello Middle School serves grades 6 through 8, and during this period, students go through significant developmental changes. The developmental stages for middle school students can vary from individual to individual. Below are some common characteristics and milestones associated with this age group. It is essential to recognize that the developmental stages described above are general tendencies and that individual variation is significant. Not all students will follow the same timeline, and some may progress more quickly or slowly in certain areas. **Teachers, parents, and caregivers play a vital role in supporting middle school students during this dynamic phase of their lives.**

### Physical Development:

- Adolescents experience growth spurts, with varying rates of physical development among peers.
- Puberty begins, leading to changes in body shape, increased sweat production, and the development of secondary sexual characteristics.
- Fine motor skills become more refined.

### Cognitive Development:

- Abstract thinking and hypothetical reasoning start to develop, although they may still rely heavily on concrete examples.
- Problem-solving abilities improve, and students may engage in more critical thinking.
- Memory and information retention capacities increase.

### Emotional and Social Development:

- Middle schoolers are forming their identities and seeking independence.
- Peer relationships become more important, and they may experience more complex friendships and conflicts.
- Empathy and understanding of others' perspectives develop.
- Adolescents may begin to challenge authority and explore their values and beliefs.

### Moral Development:

- Kohlberg's stages of moral development indicate that many middle school students are at the conventional level, where they seek approval from peers and authority figures.
- They tend to conform to societal norms and may adopt a more black-and-white view of right and wrong.

### Self-Concept and Self-Esteem:

- Self-concept becomes more differentiated and may be influenced by academic, social, and physical factors.
- Self-esteem may fluctuate based on external factors such as achievements, social acceptance, and body image.

### Academic Development:

- Students transition from learning fundamental skills to more complex and specialized subjects.
- Their ability to handle abstract concepts and engage in higher-order thinking increases.
- Time management and organizational skills become more critical due to the increased academic workload.

### Identity Formation:

- Adolescents may explore various roles and identities as they try to understand who they are and what they want to become.
- They may experiment with different styles, hobbies, and interests.

## COMMUNICATION TOOLS

Cleveland Heights-University Heights City School District is committed to providing parents with regular news and information about issues that may affect their students at either the District level or the individual school level. CH-UH Schools provide information in many ways, such as:

### Website

The CH-UH website – [www.chuh.org](http://www.chuh.org) – is the most comprehensive and up-to-date information available. Lunch menus, forms, calendar information, and important announcements can be found here.

### Automated Phone & Email Communication

School and District staff will send important messages and updates through our automated phone and email notification system, usually in the evening. To ensure that you receive messages throughout the year, it is important that families notify Student Registration at 216-371-7430 if your phone number changes, and to keep your contact information updated in Infinite Campus.

### Infinite Campus

Infinite Campus is the District's official grade book. It allows parents to stay connected to their child's class schedules, grades, assignments, attendance, and teachers. As soon as teachers post items to their grade books, parents can access the information using the Infinite Campus Parent Portal through the District's website. Many of our communication tools are tied to Infinite Campus, so it is crucial that your contact information be kept up-to-date in the profile section of the Parent Portal. For step-by-step directions on how to use the Parent Portal, go to [www.chuh.org](http://www.chuh.org). Once there, click on the "Infinite Campus" link in the Popular Links menu. At the bottom of the page, select "Parent Portal User Guide."

### Electronic Newsletters

The District and all schools produce eNewsletters to provide regular information about upcoming events, important dates, current news, classroom updates, and important messages. Once registered with Infinite Campus Parent Portal, simply click on "Contact Preferences" and enter or change your email address and cell phone number. This will enable you to receive important school and district information, including our very informative electronic communications and automated phone calls. The news includes important school dates, meetings, opportunities, and deadlines.

### Text Messages

To receive emergency text messages, log onto the Parent Portal. Click on "Family Members." Select your name, click "Update" and enter or change your cell phone number. Once the cell number has been approved, you will receive a text message asking you to "opt-in." Once you have opted in, you will receive text alerts sent from the District regarding any emergency communications. Text messages will only be sent in the event of an emergency.

## Social Media

CH-UH uses Twitter and Facebook to make short announcements about news, events, awards, and accolades. Simply click on the Twitter or Facebook icon on our website (found on the left side of the home page). To follow us on Facebook, visit <http://www.facebook.com/CHUH.Schools>, and on Twitter at <http://.twitter.com/CHUHSchools>.

## Channel 22 Cable TV

Stay informed about your schools by watching Board of Education meetings, concerts, and athletic programs. Learn about District programs, upcoming events, and student and staff accomplishments on information slides running between all scheduled programs. You can also watch Channel 22 programming on our website at [www.chuh.org](http://www.chuh.org) – click on the “Multimedia” tab, then “Video Gallery.” The Channel 22 Schedule can be found under Popular Links on the home page.

## Backpack Information

The school and the PTA communicate with parents by sending notices home with students. Ask your child regularly if a notice was sent home. It is also a good idea to check your child’s book bag nightly. Some forms or notices may need to be filled out and returned the next day.

## DAILY OPERATIONS

### SCHOOL HOURS

1st Bell	7:55 a.m.
Class Begins	8:00 a.m.
Lunch Hours	Between 11:00 a.m. and 1:15 p.m.
Dismissal	2:45 p.m.

## ARRIVAL AND DISMISSAL

Students are permitted to enter the school building at 7:30 a.m. Dismissal is at 2:45 p.m. Students are required to report to their designated after school activity or leave school grounds by 3 p.m.

## ATTENDANCE / ABSENCES

All parents/legal guardians are responsible for their child’s attendance at school. Attendance procedures are designed to promote regular attendance and help students successfully attain educational goals.

### Excused Absences

Excused absences are defined as those due to illness, medical/dental appointments, court appearances, religious obligations, funerals, or for absences due to family or other emergencies as approved by the principal.

Parents are encouraged not to take their students out of school for extended periods of time. When these absences (e.g., college visits, vacations, study tours, business trips, etc.) must be scheduled during the school year, the parents must discuss the request with the principal to make necessary arrangements. It may be possible for the student to receive certain assignments that are to be completed during the trip.

**Steps to follow when absent:**

1. The parent/legal guardian is expected to call the school by 8 a.m. on or before the day of each absence.
2. The parent/legal guardian must write an excuse with name, day(s) of absence, and reason for absence.
3. Upon returning to school, students must bring their written excuses to the attendance office.
4. Students must make up all their work due to absence.

If a child has any limitations in physical education or outside activities due to an illness or injury, a note must come from the doctor.

If your child has a contagious illness such as strep throat or COVID, please notify the school nurse or office. A note from the doctor is recommended to re-enter school if a child has been out with a contagious illness.

Doctor Appointments: If a child must be excused during the school day for an appointment, send a note to the school office. The parent should meet the child in the school office and sign him/her out.

**TARDINESS**

Please make every effort to ensure that your child arrives prepared and on time each day. Valuable class time is missed through chronic tardiness. Tardiness disrupts classes and prevents students from taking full advantage of the educational program we offer.

**LEAVING SCHOOL EARLY**

If at any time a child needs to leave school early, the parent or guardian must notify the school of the destination and time of dismissal. The adult is required to come into the security office and sign the student out. Only adults noted in Infinite Campus as a contact person may remove a child from school. If it is necessary to send someone not listed on the card, the parent or guardian must notify the school office ahead of time. You must show ID when picking up a student.

**SCHOOL VISITATION**

The Cleveland Heights-University Heights Board of Education recognizes the importance of involving parents/guardians in their child's education. These visitations are regulated by specific guidelines established by Board Policy. Parents are welcome to visit their child's school. All visitors to the building must report to the school office when entering the building. Visitors must sign in and receive a visitor's badge to be worn at all times while in the building. Visitors are to sign out in the main office before leaving the building. All persons requesting to visit a classroom must be approved by the principal. The principal or a designee may require identification from anyone requesting a visit.

All arrangements for visits shall be made at least one (1) day in advance.

The arrangements shall include the following:

- Coordination and notification of time, place, and date among the parties.
- Purpose of the visit which shall be communicated to the teacher.

- Declaration of which rooms and teachers are to be visited.
- Prior request for any type of conference either before or after the visit.

Staff members will direct anyone without a badge to report to the office.

## **AFTER SCHOOL PROGRAM**

Open Doors Academy provides an after school program at Monticello Middle School. Information regarding Open Doors Academy is available at <https://www.opendoorsacademy.org/>.

## **EMERGENCY SCHOOL CLOSING**

If the school is closed due to weather or unforeseen events, an automated phone call will be made to the student's home phone number on file in the school office, along with announcements broadcast over local television and radio stations and a message posted on the District home page at [www.chuh.org](http://www.chuh.org). Please do not call the school. Listen to local media outlets for information. In case of a civil emergency, you may report to the school office to pick up your child.

## **TELEPHONES**

Incoming emergency messages will be relayed to students as soon as possible. Please make general family arrangements so that these messages are kept to a minimum.

## **VALUABLES / LOST AND FOUND**

Large sums of money and valuables should not be brought to school. This includes video games, electronics, cell phones, toys, etc. The school is not responsible for lost items brought to school.

All supplies, backpacks, lunch boxes and outerwear should be labeled with your child's name. Items found around school are placed in the Lost and Found, where students and parents are encouraged to search for missing items. Periodically, items not claimed are given to a charitable organization.

## **TRANSFER**

All parents should notify the school office of any change of address or telephone number. When moving from the area, a withdrawal/transfer slip should be secured from the school office.

## **CONFERENCES / PROGRESS REPORTS**

There are four grading periods of approximately 9 weeks each, and progress reports are available on the Parent Portal on Infinite Campus at the midpoint of a quarter, with a final report available in June. Students are given achievement marks based on percentages. These marks indicate the degree of mastery in a particular subject.

## **PROGRESS REPORTS**

Interim reports are available on the Parent Portal on Infinite Campus in the middle of each grading period. These reports are issued mid-way through the grading period to alert parents of academic and/or behavioral concerns. Please take this mid-way opportunity to encourage continued success and/or increased effort. Please contact your child's teacher if you are concerned about his/her progress.

## **PARENT INVOLVEMENT**

It is a policy of the Cleveland Heights-University Heights Board of Education to promote a partnership between the home and school. The Board of Education, in collaboration with parents and school staff, must establish and maintain a relationship that affirms the value of parent involvement and reflects specific needs of students and families. Your interest and involvement in their education helps them succeed. If you're unsure about how to be involved, these are good places to start:

- **Work with your child at home.** Learning doesn't end when students leave the classroom. It's important to involve your child in activities and projects at home that build on the literacy and math skills he or she learns at school. Your child's teacher can provide information about activities to enhance your child's learning.
- **Meet your child's teacher.** One good way to learn how your child is adjusting is to schedule a meeting with your child's teacher. During this meeting, you can discuss your goals for your child and his or her individual needs, and once you have a relationship in place, it will be easier to discuss other issues that may arise during the school year.
- **Get to know your child's school principal.** By establishing a relationship with the school principal, you will better understand his or her philosophy on learning and discover opportunities to get involved at school.
- **Attend Curriculum Nights.** During curriculum nights, teachers explain their teaching philosophies, the material covered in class, their class routines, and their behavior management plans. They also discuss the ways they'll communicate with you about your child's progress.
- **Discuss preferred methods of communication with your child's teacher.** Some teachers communicate with parents via emails or phone calls, while others schedule in-person meetings. If your child's teacher doesn't indicate a preference, please ask.
- **Join the PTA.** Not all parents' schedules are conducive to volunteering during the school day. If you're interested in being a part of your child's education in a different way, please consider joining the PTA. This organization not only supports our schools, but it's an opportunity for you to meet other parents and families at your child's school.

## HOMEWORK

Student homework assignments are to be completed outside of the regular classroom and are a beneficial part of the school experience. Such work is a meaningful outgrowth of class instruction and relates to class and school activities and lessons. Assignments may be of short duration, or may require several days or weeks to complete. The purpose of homework is to:

- Reinforce lessons by practice and repetition of skills.
- Provide needed remedial work or work missed because of an absence.
- Teach students to work independently and to assume responsibility for completing work on time.
- Increase study time for completing a subject requirement.
- Enrich school units.

Parents can help students establish good study habits for homework assignments by:

- Helping to plan the time and proper place in which to study.
- Helping interpret directions.
- Encouraging a sense of responsibility for completeness.

- Encouraging a sense of pride in neatness and accuracy.
- Developing a better understanding of the academic area studied.
- Providing a homework supply kit complete with pencils, scissors, crayons, glue and reference materials.

## **REGISTRATION**

Registration takes place at the Delisle Center, 14780 Superior Road, and is by appointment only. Families may also register through the district website at <https://www.chuh.org/RegistrationEnrollment.aspx>. Call the Registration Department at 216-371-7430 to schedule an appointment if you want in person support. State law requires that a child be 5 years old on or before September 30 of the year of entry into kindergarten. Early entrance evaluation can be obtained for students born between October 1 and December 31 by contacting the Registration Department. Visit the District web site at [www.chuh.org](http://www.chuh.org) for registration requirements and documents.

## **STATE OF OHIO MANDATED ACHIEVEMENT TESTS**

Every Cleveland Heights-University Heights City School District student must take all required tests in every tested level. Tests cover the knowledge and skills the Ohio Department of Education expects each student to have acquired in writing, reading, mathematics, and science. These tested skills are included in the Cleveland Heights-University Heights City School District's course of study. Parents receive information in the mail regarding their child's performance on these tests. More information can be found at [www.ode.state.oh.us](http://www.ode.state.oh.us).

### **To help your child do his/her best:**

- See that your child gets a good night's sleep.
- Be sure your child eats a nutritious breakfast.
- Have your child attend school regularly.
- Encourage your child to do his/her best and not to compare him/herself with others.
- Help your child develop good, consistent study habits.
- Provide a comfortable, quiet place to study at home.
- Provide books and magazines for your child to read at home. Read with your child often.
- Let your child know that his/her education is important.
- Encourage your child to be confident in his/her own abilities.
- Let your child know that he/she is special.

## **DISTRICT ADMINISTERED TESTS**

In addition to State mandated tests, the District chooses to administer nationally standardized tests of achievement. Standardized tests are tests that are given to students across the country so that their performance may be compared with that of students of similar age or grade. They are designed to measure abilities or skills through the use of uniform questions with prescribed answers. Schools use tests to measure and improve educational achievement. Test scores are good indicators of a child's achievement and abilities, but are not perfect, and should be considered along with other measures of school performance such as grades and class work. Factors such as the classroom environment, or whether a child is anxious or tired, can influence scores on any given day.

## **DISCIPLINE**

Rules and regulations are necessary for the maintenance of an orderly and safe school environment. Certain behaviors are inappropriate and unacceptable. When a student acts inappropriately, he/she must accept the

consequences of that behavior. Inappropriate student behavior will be dealt with fairly. A variety of techniques may be used, including but not limited to counseling, parent/guardian conference, detention, in-school detention, suspension, expulsion, alternative educational and non-educational assignments, and referral to internal or external agencies.

Please refer to the District's Student Code of Conduct available at the school office and at <https://www.chuh.org/TigerProudBullyFree.aspx>.

## **TRANSPORTATION**

School Board-operated buses are available to 6-8 students who are eligible for transportation according to District guidelines. Before school starts in the fall, a letter indicating the transportation schedule is sent to the home. Students must adhere to the bus rules at all times.

Riding a school bus is a privilege that can be suspended at any time. A student may be denied this privilege for conduct that endangers lives and/or harms persons or property.

Parents should see that students are at the bus stop approximately 5 minutes before the scheduled pickup time, that students ride their assigned buses and board/discharge buses at the correct stops, and that students behave appropriately at bus stops. Parents should teach good traffic safety procedures, are responsible for any bus damages caused by their students, and are not permitted to ride to/from school on the bus with their students. In case of disciplinary problems the driver may issue a violation form, which is mailed home for parent signature and is to be returned the next day. Consequences beyond parent notification may be assigned depending on the severity and/or number of bus violations.

Students must load/unload from the bus at the designated stop in an orderly manner, and ride the regular bus and use the regular bus stop unless parent and Principal sign a note stating otherwise (with the note presented to the driver when boarding the bus). No eating, littering, gum chewing, animals, glass jars, or throwing of objects on or from the bus are permitted, and noise is to be kept to a minimum. No objects or body parts are to be held out the window. Being in possession of weapons of any kind, or fighting, will cause immediate termination of bus riding privileges. When dismissed from school, students should go promptly to their buses since buses depart seven minutes after dismissal.

## **DRESS CODE GUIDELINES**

The Cleveland Heights University Heights City School District dress code reflects the District's commitment to ensuring a safe, respectful, and responsible learning environment for all students. The purpose of implementing this student dress code is to strengthen the learning environment for classroom instruction and academic performance, prevent disruption of the educational process, and increase the atmosphere for school pride in Tiger Nation. This dress code policy shall be in effect during the regular school year and any summer programming.

## **BICYCLES**

students may ride their bicycles to school if they are equipped with an appropriate lock and have written permission given by parent or guardian. Bicycles are not to be ridden on school grounds at any time during school hours, including arrival at and departure from school. students must ride alone on their bicycles. Bicycles are to be parked and locked at the bike racks. The school and District are not responsible for bikes that are lost, stolen or damaged.

The Board of Education regards the use of bicycles for travel to and from school by students as an assumption of responsibility on the part of those students – a responsibility in the care of property, in the observation of safety rules, and in the display of courtesy and consideration toward others. The Board will permit the use of bicycles by students in accordance with the administrative guidelines of the Superintendent.

## **BREAKFAST AND LUNCH PROGRAMS**

All students in the Cleveland Heights-University Heights City School District, from pre-K through 12, receive free breakfast and lunch each day of the school year. Every student, regardless of family income level, in every district school building will receive a healthy breakfast and lunch at no charge each day. Students receive high-quality meals provided by AVI Fresh, the district's food service partner. Monthly school breakfast and lunch menus are available online at <https://www.chuh.org/Menus.aspx>. Students are not permitted to receive deliveries from DoorDash or Uber Eats for lunch. Families are permitted to bring lunch to their child at school.

All students eat in the cafeteria. The school provides hot lunches in the lunchroom facilities and supervision for students while they eat. Students may bring their own lunch. Lunch boxes/bags should be clearly labeled with the student's name. Glass containers are not permitted. Candy or gum should not be packed in lunches. Also, do not send items that require cooking or warming in a microwave before eating.

Students are responsible for keeping the cafeteria clean; that is, cleaning their tables, picking up papers, and throwing trash away. Students are expected to adhere to lunchroom rules. Any questions regarding the lunch program, its prices, and its procedures should be directed to the Director of Food Services at 320-2007.

## **FOOD ALLERGIES**

Approximately 6 million students in the United States have food allergies. There are many students in our schools who have various food allergies. Some of the most common allergies are to peanuts and tree nuts and fish and shellfish. Food allergies can be potentially fatal, and there is no cure. The only way to avoid a reaction is to avoid the offending food.

Please take these allergies into consideration when sending in lunches, snacks, and special treats to school. Although it is not required, we encourage parents to celebrate birthdays and special occasions at school with non-food items such as stickers, pencils, and other trinkets. Please instruct your child not to share food with classmates unless a teacher gives approval to do so.

Although we are "nut aware," we cannot guarantee that the school is nut-free. Students with significant allergies will have the option of sitting in a nut-free area in the cafeteria.

## **SPECIAL ACTIVITIES**

The school offers a quality education that responds to the whole child and promotes the growth of individual traits and skills. The following list represents the broad spectrum of activities that support the emotional, intellectual, and artistic development of our students and enhances the educational goals of the school and the District.

## **FIELD TRIPS**

Trips to places of interest in the Greater Cleveland area frequently are taken by classes to enrich the school

program. School buses are used for transporting students. Some trips require an admission fee. When a class is scheduled to go on a field trip, the school requires that a permission slip be signed by a parent/guardian and returned to the classroom teacher prior to the trip. Students are expected to exhibit good behavior on the bus as well as at the visitation site. The Principal reserves the right to deny participation to a student whose behavior poses a threat to the safety of the student or others, or who has demonstrated disruptive disciplinary behaviors. Please note: If you volunteer to be a chaperone for a field trip, please do not bring additional students or guests with you.

### **MEDIA CENTER / LIBRARY**

The Media Center houses a large collection of fiction, nonfiction and reference material. The media center provides opportunities for pleasure reading as well as research for classroom work. Materials borrowed should be handled carefully and returned promptly. Students have access to these materials on a regular basis.

### **PARENT-TEACHER ASSOCIATION**

The objective of the PTA is to promote communication between parents, teachers and the school. The PTA assists the schools in providing good educational opportunities for the students, and builds constructive relationships with parents. To this end, parents are asked to support it. Please join the Parent-Teacher Association. Participation in PTA gives parents an opportunity to gain first-hand knowledge of their child's school. PTA sponsors many activities, including artist-in-residence, class parties, volunteers in the classroom and the library, and many other educational opportunities, including additional field trips for all classes. PTA meets monthly to discuss business and share information. These meetings are open to all parents and members of PTA. At the District level, Cleveland Heights-University Heights Council of PTAs serves its membership (10 units) through program meetings, conference meetings, cooperation and dialogue with the administration, and advocating for the students in the Cleveland Heights-University Heights District.

### **HEALTH AND SAFETY**

Child safety and security is of great concern to all of us. The school District has a security system consisting of a video/buzzer system at the main entrance door to the building. This allows all doors to remain locked during the school day and limits random access to the building. Parents/visitors must ring the buzzer and identify themselves in order to gain entry to the building. Upon entering the building, all parents/visitors must go immediately to the security office to check in.

If someone other than a parent/guardian is to pick up a child from school, and/or bus riding arrangements change, it is necessary to send a note to the teacher or principal. All students who are released from school during the school day must be picked up in the school office so we can identify the person to whom they are released.

### **EMERGENCY MEDICAL INFORMATION**

Emergency forms should be updated for each child using Infinite Campus prior the first day of school. Infinite Campus contact information is used in the event of an emergency or if your child is ill or injured during the school day. Students will not be permitted on field trips without the medical form completed. IF THERE IS A CHANGE IN YOUR TELEPHONE NUMBER AND/OR YOUR PLACE OF WORK, PLEASE NOTIFY THE SCHOOL IMMEDIATELY so your child's information is always current and accurate.

### **SCHOOL NURSE**

A registered nurse is assigned to each school building on a part-time basis. The school nurse cannot diagnose any illness or injury, only administer first aid and advise you to see a doctor if necessary. The role of the school nurse is to perform state mandated health screenings and immunization compliance reviews, perform ongoing nursing assessments and treatments, and promote wellness through one-on-one education.

If a student becomes ill during the day, he or she should notify the teacher. The nurse's office is located in the main office and, if necessary, the student will be sent there. A nurse is available for portions of each school week, but not daily. Please do not send a child to school with fever or obvious illness, and report all contagious diseases to the school office.

The MetroHealth Institute for H.O.P.E. School Health Program is partnering with CH-UH to offer health care services on-site at your child's school. Your child will now have easier medical service access during the school day. Additionally, CH-UH City School District students, their families, and staff members can receive routine health care at the Heights Wellness Center inside Cleveland Heights High School. MetroHealth will bill insurance when able. If you do not have insurance, our team can help connect you to insurance resources.

### **What services does MetroHealth provide?**

- Physicals (annual/sports/work permit)
- Injury/illness care
- Routine lab tests
- Teen services
- Mental/behavioral health
- Immunizations
- Care for chronic conditions, including asthma, allergies, diabetes and seizure disorders
- Health education and prevention
- Telehealth, to supplement in-person care

### **COMMUNICABLE DISEASE INFORMATION**

All cases of communicable diseases must be reported to the school nurse. This would include, but is not limited to, any physician-diagnosed case of:

Meningitis	"Staph" MRSA, VRSA	Pertussis
Tuberculosis	Mononucleosis	Varicella "chicken pox"

### **GUIDELINES FOR ATTENDANCE AFTER ILLNESS**

It is often a puzzle trying to determine if your child is sick and should remain at home. Here are a few guidelines for keeping students home:

- Temperature over 100 degrees
- Vomiting within the last 24 hours
- Diarrhea within the last 24 hours
- Skin rash of unknown origin, or lesions or draining areas on skin
- Pus and/or excessive drainage from the eyes
- Acute asthmatic problems
- Untreated pediculosis (head lice)
- ASK YOURSELF: WILL MY CHILD BE ABLE TO LEARN TODAY?

## MEDICATION POLICY

If a child must take a prescription medication at school, please remember that you can pick up a form from your school nurse or download it from <https://www.chuh.org/HealthInformation.aspx>. The doctor's signature and instructions, as well as the parent/guardian's signature, are required. Non-prescription medications need only the parent/guardian's instructions and signature; these forms are also available at the school or on the District website. These forms must be completed **on an annual basis**. NO medication of any kind (cough drops, Tylenol, etc.) is provided by the schools. For students who must take medication at school, the following requirements must be met:

1. The parent/guardian must submit the completed Prescription Medication Form signed by the doctor and themselves. This form must include the name of the medication, dosage and instructions for administration, the reason for the medication, possible side effects and any special storage instructions. For non-prescription medications to be given at school, that form must be completed and provided by the parent/guardian.
2. The medication is to be brought to the main office. Prescription medication must be in a pharmacy bottle (ask the pharmacist for a second "school bottle" with the proper dispensing label); non-prescription medicine must be in the original container.
3. Medication is to be brought in each day in a single dose unless a responsible adult personally delivers a larger supply. Inhalers may be brought in at the beginning of the year and will be kept until a refill is needed.
4. No medication is to be kept by students without permission from the main office.
5. If the medication instructions are changed (different dose or time, etc.), **a new form must be completed by the physician and submitted by the parent/guardian** before the medication can be administered.
